**THIS WEEK'S STORIES:**

Stories are numbered; scroll down for stories of interest.

***SECTION 1: Getting There: Airlines, Airports, Cruises, & Weather***

1. Lots of Pictures of The Final KLM 747 Landing at SXM Airport

The last KLM 747 to serve SXM Airport landed and departed on October 28 as thousands of people jammed Maho beach to watch. We reported on this over the last couple of weeks; Airbus A330 jets now serve the route, which is nonstop from Amsterdam to St. Maarten and return.

To see pictures; go to our [Everything St. Maarten Facebook Site](#) and scroll back to October 28 and the days following for lots of pictures.

2. Recent SXM Weather Report: Wet

Until Friday morning, weather on the island had not been particularly "vacationy" -- in fact, it has been rather wet much of the week, thanks to a large, slow-moving mass of showers.

Now (as of Friday morning) much of that soggy airmass has moved off to the Northeast, so SXM can look forward to some better weather, hopefully.

This is the rainy season, however, so if you're heading down this week it's possible that the weather may not be postcard perfect. Then again, after Tuesday, half the US population won't care — they'll just want to get out of the country.

More on weather is below.

3. Where To Find Current SXM Weather Info (Four Key Sources)

Here they are:

- a) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- b) Our "Weather" page at [www.everythingsxm.com](http://www.everythingsxm.com) -- it has current satellite images and radar loops.
- c) Our [Everything St. Maarten Facebook Site](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- d) On or off the island, listen to Island 92 -- 91.9FM or see [www.island92.com](http://www.island92.com). They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.

See significant National Hurricane Center Outlooks and Advisories as they relate both to SXM and to the US East and Gulf coasts on our [Everything St. Maarten Facebook Site](#).

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.

#### 4. Take Advantage of Your Free Membership in the SkyMed Travel Club

We're now giving JMB Website Supporters members and *SXM Weekly News* readers access to a private, "members only" travel wholesale club that offers incredible prices not only on airfares but on packages worldwide.

The SkyMed Travel Club offers exceptional pricing on everything and almost invariably beats everyone else's pricing. We have found their pricing excellent, even on the wildly popular river cruises that are a phenomenon throughout Europe and are gaining popularity in the US.

Normally, this organization charges \$99 to join plus \$99 annual renewals. But for our JMB Website Supporters members and now for everyone else, the cost to join is zero as will be the cost for renewals. Exclusively through us, you get access to a world-class global ticketing mechanism without paying one cent to get in the door.

Join the Club by going to [www.SkyMedtravelclub.com](http://www.SkyMedtravelclub.com), click the sign up link on the top right corner of the homepage, and provide the requested information. It's very important to complete the first sign up item (SkyMed Membership Number or Representative ID) by entering the code 391330 — entering that code is what ensures that you pay nothing to be a member of the SkyMed Travel Club. If you fail to enter that code, you will not gain free entry to the club's phenomenal pricing.

Do join — you will not be disappointed once you've booked, as many of our readers already know.

#### 5. SXM Timesharing Special Report: The Good, The Bad, & The Ugly at Sapphire

Everything is not exactly rosy at Sapphire Beach Club.

Although the court in St. Maarten several weeks ago ordered the sale of the resort to Bruno Sitbon from the Verdier family, its developers, it also ordered the parties to agree on how to proceed — a step which so far has been fruitless.

As a result, for now, the resort is still owned by the Verdiers and they have been sending billing letters to timeshare owners as well as special assessments.

For a couple of years, the resort's affiliation with RCI had its door slammed shut when RCI had had it with large numbers of complaints about shoddy maintenance. Over an extended period, seasoned timeshare professional Jan Borsje, who had worked for many years at Oyster Bay beach resort, took over with what was loosely called a mandate from the Verdiers to fix the place up.

For some time, Sapphire hasn't been as busy as usual, with a number of timeshare owners choosing to go elsewhere, selling off their units, or renting them privately — or trying to. Private timeshare sales have been depressed as the resort's reputation hasn't rallied from its RCI doldrums.

*Last week, the problem appeared to worsen* when a woman who visited the resort posted a report about serious maintenance shortcomings in her unit including unusable toilets, unusable showers, and generally intolerable

conditions. She also criticized Borsje, alleging that he and others were unresponsive to requests that she be moved to better accommodations. Ultimately, she left the resort, paid to stay elsewhere, and was furious about having spent the money to go to Sapphire and being totally unable to use the unit.

If you go to our [Everything St. Maarten Facebook Site](#) and scroll back over the last several days, you'll find her posts along with a number of not pretty pictures of Sapphire.

The news was not all negative. In response to her report, another timeshare owner posted that his unit was in excellent shape; that the grounds looked fine; and that staff were responsive.

*Amid all this, many timeshare owners asked us whether they should pay the fees being billed by the Verdiers. They were openly questioning what exactly would happen to the money because of the upcoming change in ownership. Our response has been that the Verdiers still own the resort and as a consequence of that they can and are still billing people for annual maintenance fees and supplemental maintenance fees. You can pay those fees if you like, but the Verdiers appear to be playing hardball — threatening to foreclose weeks that are unpaid and resell them.*

We do know that more complaints are being heard by RCI related to Sapphire. We also know that nobody knows when the court will drop the other shoe about the ownership transfer and direct exactly how it must happen and when.

As always, we'll keep you posted.

## 6. Our 2017 SXM "Awards of Excellence" Include Some Surprises

Every year, our Everything St. Maarten website, [www.everythingsxm.com](http://www.everythingsxm.com), presents Awards of Excellence to what we consider to be the island's top consumer oriented, tourist-centric businesses, including restaurants, hotels, resorts, and others. We are currently wrapping up the research for our 2017 awards which we expect to present during December, a bit earlier than in the past. Watch for them to be prominently displayed in island businesses — they're a key indicator of quality.

When we list the 2017 winners here in *SXM Weekly News*, you're going to find some interesting surprises. Watch for that article next month.

#### 10. Do **Not** Wait For Something to Go Wrong Before You Act....

I've had three phone calls in recent months from people -- SXM tourists like you -- who needed help in a hurry.

They all wanted something they could not get. The events that moved them to call were 1) a stroke (it wasn't his first); it happened a day or so before his wife called me for help; 2) a heart attack a few days before a gentleman from the Rocky Mountain west called; and 3) a cancer diagnosis a few days before a man's wife called me.

If you're healthy now, that's good -- but tomorrow is another day. In all three cases, these people were hoping to return to SXM but they did not want to risk their lives (and their finances) by not having SkyMed medical evacuation membership protection. *In all three cases the sudden change in their health made it impossible for them to be approved.* (SkyMed always asks "Any hospitalizations in the last six months?")

Do NOT put off getting SkyMed Medical Evacuation protection. I don't like it when I file an application for someone and sudden drastic changes in their health make approval impossible. I want to have SkyMed always say "yes" but life doesn't necessarily work that way. Please GET SKYMED BEFORE YOU NEED IT ...so you'll have it when you DO need it. See [www.getskymed.com](http://www.getskymed.com). It is the best medical evacuation membership product on the market. -- Jeff

## 12. True, Authentic Mexican Food Coming to Simpson Bay Resort

On the thoroughly renovated / rebuilt site of the long-gone Pelican Reef Restaurant on the water at Simpson Bay Resort, there's an entirely new restaurant taking shape. Since Royal Resorts, operator of Simpson Bay Resort, is based in Cancun, Mexico, who would know more about an authentic Mexican food than folks from Mexico?

When we visited with Richard Sutton and Julieta Sanchez earlier this year at Simpson Bay, they showed us the progress of construction on the site as well as plans.

The thing that impressed us the most was the chef who was being brought in from Mexico. Bottom line, this will be the first authentic Mexican run, Mexican restaurant on the island. And as anyone can tell you, authentic Mexican is a whole different type of food. When last we heard, the new restaurant was scheduled to open on the Marina Plaza at Simpson Bay sometime in December. We'll let you know more as soon as we hear and we'll post pictures of La Patrona in the next few days on our [Everything St. Maarten Facebook Site](#).

### 13. Thanksgiving Heads Up

Thanksgiving is one of the island's busiest weeks, as many families arrive to celebrate the holiday in style, in comfort — with traditional food but without traditional chilly US weather.

If you're coming, be sure to make advance reservations at your favorite restaurant. Although many restaurants serve delicious roasted Turkey dinners with all the fixings and great homemade desserts, others stick to their regular menus. Advertising gets heavy during Thanksgiving week, but you should make reservations as soon as you can to avoid being disappointed if the time you request isn't available.

We've asked many restaurants to post their Thanksgiving menus on our [Everything St. Maarten Facebook Site](#) -- so we suggest you join that site, which is free of course, for all the latest info.

### 14. Where to Get Great Rum Cakes

Toppers in Simpson Bay is one of the island's busiest restaurants. Besides the great food, friendly ambience, and its legendary informality, Toppers is also known for its rum distillery which is roughly a mile and a half from the restaurant.

When you combine a restaurant with a rum distillery you get great rum cake — and Melanie Daboul has outdone herself with one of the best we've ever tried. You can buy them at the restaurant. We would not be surprised to see them sold in the US eventually and if that happens, we'll tell you where. (We're lobbying for it.)

---

### 15. Many New Reasons to Tour Toppers' Rhum Distillery

Melanie Daboul runs the Toppers Rhum distillery in the industrial area not far from the restaurant. The distillery produces thousands of bottles every week, distributed both through the restaurant and at locations across the USA.

The distillery's research lab is constantly looking for and testing new flavors to offer its customers. To see some of what they're working on, take a tour of the distillery during your next visit to SXM. You'll get some samples and you'll be shown some of what they're working on. It's well worth the trip.

For more, see <http://www.toppersrhumtours.com/index.html>. You can book your tour online. It's well worth the price.

### 16. Relax & Refresh With a Massage From Tricia at Ti Spa, Grand Case

Ti Spa at the beautiful L'Esplanade Resort in Grand Case is, in our opinion, the top spa on the island. It offers a spectrum of services for discriminating customers. In charge is Tricia Altenau, who we have long recommended. She knows her stuff and has received our Everything SXM Award of Excellence multiple times. For much more, go here: <http://www.aiamassage.com/> and contact Tricia to make an appointment.

## 17. Our Favorite: "Friday Fun Sail" To Tintamarre Aboard Celine Too Motor Yacht

For almost 20 years, the Celine catamaran was a favorite of island visitors. Known for its legendary pub crawls and cruises to Tintamarre, Celine became a platform for fun for thousands of tourists.

While Capt. Neil Roebert was putting the finishing touches on his second boat, during hurricane Gonzalo the Celine was rammed by another boat while at its mooring: Celine sank.

It was a sad time but the good news is that Celine Too, half again as big as the catamaran and a beautiful Motoryacht herself, was only weeks away from being completed when Gonzalo struck. Celine Too has been serving discriminating customers ever since.

*We have some news concerning Celine Too.*

First, one of the top prizes for one of our grand prize winners in the upcoming Five Million Smiles vacation giveaway will be a cruise to Tintamarre for two aboard Celine Too. Our other grand prize winner (there will be two) will win a Celine Too pub crawl — and those, too, have become legends.

Of course, Capt. Neil offers 50% off on sunset lagoon cruises to our JMB Website Supporters members; details are on the secret website along with the code that members need to make reservations. There is also a percentage off all other Celine Too cruises and charters. *JMB Membership Card required.*

## 18. For JMB Members Only: 50% Off The Sunset Lagoon Cruise Aboard Celine Too

In case you didn't read all of the previous article, Capt. Neil offers 50% off on sunset lagoon cruises to our JMB Website Supporters members; details are on the secret website along with the code that members need to make reservations. *Bring your membership card with you.*

## 19. Do You Dare Try Hot - Hot - Hot Dining in SXM?

To real aficionados of spicy dining, that popular brand of pepper sauce is little more than colored water.

A huge step up from such commodity sprinkle-on spices is Matouk's Calypso Sauce and their other hot sauce products, most of which feature scotch bonnet or habanero peppers. Still others prefer one of the hottest types of peppers around — ghost peppers, but we won't go there.

If Matouk's isn't quite hot enough for you, ask a seasoned restaurateur to see what they can do to create a really hot hot sauce for you. Many places do a great job of that — in our experience, especially the better Italian restaurants. Give it a shot.

## 21. Restaurant of the Week:

Cugini restaurant in Simpson Bay, next door to FedEx, opened for the season this past week.

The brainchild of Tony Piscione and Sam Runza, the restaurant this year sports an updated look but the same great recipes and service that you're accustomed to.

For years a highly popular and polished mainstay of the Marigot restaurant scene, Cugini moved a couple of years ago to its beautiful Simpson Bay location. The bad news was that Sam succumbed to cancer almost a year ago, but Tony is carrying on with his cousin's recipes and panache.

Cugini has become more popular every year since it moved to Simpson Bay and it has already started off busy despite gloomy rainy season weather. Definitely put it among your must do's on your next trip. It's a great restaurant and a previous winner of our Everything St. Maarten Award of Excellence.

**Sill not a JMB member? You're spending way too much for practically everything you buy in SXM. Get hundreds of discounts and other benefits: see the beginning of this section. *Sale ends Monday 11/7.***

## 22. SkyMed Is On Sale: The "SkyMed Bonus" Returns

*Updated 10/17/16*

What SkyMed Does: SkyMed *Takes You Home®* to doctors and hospitals you know and trust when you become critically ill or injured while traveling. *Whether it's an accident, a sudden illness, or virtually anything else, SkyMed is your free ticket home* aboard an ICU-equivalent emergency medical evacuation jet with an ICU-certified medical attendant on board to make sure everything goes as planned.

How SkyMed Works: Like clockwork, you'll be taken from the hospital to a waiting aircraft by ambulance at SkyMed's expense; SkyMed makes all the arrangements and pays all costs for the medical evacuation jet and for the ambulance at the destination which takes you to a waiting team at your destination hospital, which already has your medical records and is ready to start helping you. There are no co-pays and no deductibles, either.

*Anything can happen anywhere — but you can always trust SkyMed to take you home when you need it most.*

What's It Cost? *Without* SkyMed, you'll need \$45,000 or more payable in cash in advance to pay for a medical evacuation — if you can make the dozens of calls necessary to set it up in an emergency. SkyMed does all that for you, for a small membership fee; you simply make one phone call 24/7/365 to get things going. *Enroll today while it's fresh in your mind.*

Why Buy Now? We're offering SkyMed now at very special pricing for JMB Website Supporters members only — but if you're a nonmember and care to join SkyMed now through us, we'll enroll you in JMB Website Supporters at the same time. This offer is available only by phone; call Jeff directly at 508-747-8281 (SkyMed questions only) and he will be happy to answer your questions, tell you about the different types of programs available, and their respective costs. He'll also be happy to fill out your application for annual or multiyear memberships by phone and at the same time you'll be able to set up a JMB Website Supporters membership (required to get the best multiyear SKYMED discounts).

The SkyMed Bonus: JMB Website Supporters members get hefty discounts on all multiyear SkyMed memberships. If you buy a new multiyear SkyMed membership (for three or five years), or upgrade your SkyMed membership bought through us to a new three- or five-year SkyMed membership, Jeff will be able to simultaneously enroll you in a JMB Website Supporters membership for the exact same period. If you're already a JMB member and do a new or upgraded multiyear SkyMed membership through us, your JMB membership will be extended by the same multiyear duration. Again, this offer is available by phone only and for a limited time — call Jeff at 508-747-8281 during normal business hours Eastern time. Since he has been a rep for SkyMed for about 14 years, Jeff will be able to answer all of your SKYMED questions and help tailor a plan for you that meets your needs.

See [www.getskymed.com](http://www.getskymed.com) or phone Jeff any weekday at 508-747-8281 or email him at [jeff@getskymed.com](mailto:jeff@getskymed.com) (use the subject "SkyMed inquiry") to learn more and get your questions answered.

## Compare The Types of SkyMed Memberships:

First, short term memberships are for brief trips in North America, the Caribbean, the Bahamas, Bermuda, and Mexico -- 34 countries total. The advantage of short-term memberships is that they are very inexpensive, just about \$9 per day per person maximum of about \$18 per day. *The disadvantage is that they only cover you for the short term you are traveling; when they expire, your protection disappears. When you're ready to travel again, you must reapply for a new short-term membership. Although the process is quick, you still must be medically approved and at some point, that may not be possible. Bear in mind that many of us travel more than once or twice a year, even if it's only a few hundred miles from home to visit friends or relatives, which is why we recommend annual or multiyear SkyMed memberships instead of short-term memberships.* You do not want your protection to end.

Second, both annual and multiyear SkyMed memberships are essentially permanent coverage. *Once you've been approved and as long as you continue to pay your membership fee on time, your membership cannot be discontinued as a result of advancing age or declining health* — two critically important advantages that ensure you have coverage when you may well need it most.

Third, Ultimate memberships cover multiple years and provide protection worldwide. The only exceptions are places like Syria, Afghanistan, Somalia, North Korea — places no wise person would visit anyway. Ultimate memberships also offer the greatest breadth of coverage. You can see a complete list of all the features and benefits of these coverages [here](#).

Fourth, if you're an American or Canadian ex-pat living in St. Maarten or elsewhere outside your country for six months or more per year, you can still get SKYMED Takes you Home protection in the form of an **ex-pat** membership. Email us (see next paragraph) and we can tell you how it works and get you protected.

In addition to everything else he does, Jeff Berger has been a SKYMED rep for over 14 years. He'll be happy to answer any questions you have; just phone the office any weekday at 508-747-8281, or email him at [Jeff@GetSkyMed.com](mailto:Jeff@GetSkyMed.com). He generally returns calls and messages within 24 hours. To see [online frequently asked questions, go here](#). You can also see his site at [www.GetSkyMed.com](http://www.GetSkyMed.com).

JMB members get serious discounts on all multiyear SKYMED memberships. If you're not already a JMB member, join today and take advantage of those discounts.

## 23. No Age Limit to Join or Renew SkyMed

What's the upper age limit to join SkyMed? There isn't any: apply today regardless of age.

What's the upper age limit to renew your existing SkyMed membership? *There isn't any.* Just pay your SkyMed renewal on time and your membership will continue regardless of your health or age at the time of your renewal.

There is no membership cutoff for advancing age or declining health, unlike so-called competitive programs. *And the price of your renewal membership will not increase due to declining health or advancing age.* SkyMed Takes You Home® -- what else matters?

## 24. Q and A About SkyMed Medical Evacuation (Updated 9/19/16)

Here are constantly updated questions and answers about SkyMed, the folks who fly you home in an ICU-equivalent medical evacuation jet when you become critically ill or injured while traveling. *It's a life-saving flight that could easily cost you upwards of \$45,000 in cash in advance without SkyMed. Thousands of you have bought it through us.* To learn more, see [www.getskymed.com](http://www.getskymed.com).

### **Q. What's so special about SkyMed? Aren't these companies all the same?**

A. *Not by a long shot.* Most other programs say in their fine print that they take you to "the nearest appropriate facility," not home like SkyMed. If you're in SXM, that means SkyMed competitors would likely take you to Puerto Rico. Some others also raise prices after you reach a certain age... Or they cancel you on a particular birthday, or cancel your membership when you get sick. SkyMed does none of that. Sign up for SkyMed today and when you reach age 109 you pay the same low price as everyone else. Once you're a member, there's no age or health discrimination -- as long as you pay your membership fee you're good to go. (Applies to all annual and longer memberships. Short-term memberships, lasting only a few days, require medical requalification when you buy another -- which is why we recommend annual or multiyear memberships. *Why risk the hurdle of medical requalification?*)

### **Q. What other evacuation-related services do you offer besides the evacuation itself?**

A. There are 18 other services, some of which you've never even thought about but all of which are important. You'll find them on our downloadable SkyMed Benefits PDF on our [SXM Weekly News PDF Archives](#) page.

### **Q. How fast are the evacuations?**

A. That depends on a number of factors. First the patient must be medically stable and ready to fly. Even though emergency medical evacuations are aboard ICU-equivalent medevac jets, the patient's stable health during the trip is of paramount importance. He / she must be medically stable to take that trip. Although arrangements for the electronic transfer of medical records, reserving flight and medical crews and the jet itself, making hospital arrangements at the destination hospital, and setting up ambulances at both ends of trip must all be completed beforehand, nonetheless it generally takes only a matter of hours before you're in the plane on the way to hospitals and doctors you know and trust near home. Bottom line is that SkyMed does it as quickly as it can be done assuring the patient's health and safety during the medical evacuation and the flight home.

### **Q. Do they cancel me if I get really sick?**

A. *No, they don't.* Once you're a member, as long as you continue to pay your membership fee your membership continues regardless of your health or age, when you buy an annual or multiyear membership and keep it in force. SkyMed does not throw you out if you get sick. If you allow your membership to lapse, you will need to reapply to determine if you're still medically acceptable -- so just don't let it lapse.

### **Q. I have a few medical issues and I'm in my 70s. Will SkyMed accept me?**

A. In its brief application process, completed online or by phone or in person with a rep, SkyMed asks for your name, DOB, current Rx medications, medical conditions, and hospitalizations in the last six months. It also asks where in the US or Canada you want to be transported when you need an emergency medical evacuation. It now also requests your passport number to help expedite customs / immigration should you require an international medical evacuation flight. *The vast, vast majority of applicants are readily accepted.* You do not have to be in "phenomenal" health at all. By the way: if you travel very little and only for short periods, you can apply for SkyMed's short-term memberships; they cover all pre-existing conditions in full, immediately. *Just remember that you must medically requalify every time you need a new short-term membership, which is why most of our members buy and renew annual or multiyear Ultimate SkyMed memberships instead of short-term.* Those memberships cover all pre-existing conditions in full after only 90 days. More on that is below.

### **Q. We travel for weeks at a time. Do we have to tell SkyMed where we're going?**

A. No, you don't. As long as you're home in the US or Canada more than six months per year, you're fine. If you spend more than half of each year away (in aggregate), out of your home country (USA or Canada) then you're considered an expatriate (ex-pat) and would need a program custom-tailored for ex-pats because you're away a majority of the time and that means you represent increased exposure. That program is called "X-Pat" - the program

for American and Canadian expatriates living overseas. Even as an ex-pat living in SXM, you can still be transported back to your city of choice in the USA or Canada. (See the question, "**Does SkyMed cover us no matter where we travel?**" which is below.)

**Q. Does SkyMed cover pre-existing conditions?**

A. Yes, right away for short-term memberships and after just a 90 day waiting period for memberships lasting a year or longer. To make sure you're covered for everything when you travel including pre-existing conditions just buy your annual or multi-year Ultimate SkyMed membership more than 90 days ahead of your initial date of travel.

**Q. Do you require a physical exam for renewal or when I reach a certain age?**

A. No, SkyMed requires neither. Once you join and buy an annual or multiyear membership that SkyMed approves, they'll renew it every year upon on-time payment of your renewal fee. No physical exam is required regardless of your age or health if you've paid your membership renewal on time. You can be age 109 and still be protected by your SkyMed membership.

**Q. What is the maximum age for applying for membership?**

A. There is no maximum. Apply away.

**Q. I seldom travel now. Do you have short-term plans?**

A. Yes, at about \$9/day per person or maximum \$18/day per family. Since they only last a specified number of days, they end when the term of coverage ends. If you want another short-term plan later, you must apply again and medically requalify. Annual plans cost roughly \$1.30/day for your entire family (parents and minor kids); plans for singles are less. Annual and multiyear plans are renewable without medical requalification, assuming they haven't lapsed. That's a key advantage over short-term plans.

**Q. I'm from Canada. May I join SkyMed? I have to get back to my province if I'm seriously ill or my health insurance won't work.**

A. Both Americans and Canadians are eligible to join SkyMed. American and Canadian ex-pats living overseas also are eligible.

**Q. What types of policies are there?**

A. SkyMed Memberships (often called policies by members though they actually are memberships, not policies) come in several flavors: short term, for people who travel little and for short durations; "annual" for people who want full-year protection that is guaranteed renewable for life when you pay the membership fee on time regardless of age or health at the time of renewal; and Ultimate multiyear memberships which offer low annual cost, maximum benefits, and global coverage and are also renewable for life regardless of age or health when membership fees are paid on time. **Ex-Pat and "Silver" memberships also are offered.**

**Q. Which membership gives the biggest bang for the buck?**

You clearly get the most for the least with our three-year or five-year Ultimate memberships. Coverage is global, guaranteed renewable, and can not be cancelled due to increasing age or declining health - ever, assuming renewals are paid on time. You'll also pay the same fee as all other members -- there's never an increase related to your personal health or advancing age. And annual memberships are upgradeable to Ultimates at any time. **Multiyear memberships give you more benefits than annual memberships but cost less when paid at inception. They're quite a bargain.**

**Q. Is there a best time to buy?**

A. Yes -- exactly like fire insurance, buy it before you need it! Why gamble? The peace of mind alone is worth every penny.

**Q. Does SkyMed cover us no matter where we travel?**

The basic annual SkyMed "Takes You Home®" plan covers you in the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. The Ultimate membership covers you globally through SkyMed Global -- or you can add a global rider to annual memberships (at \$100/year) which adds rest-of-the-world coverage, also through SkyMed Global. SkyMed does not cover countries where there are open hostilities -- Iraq, Iran, Syria, Somalia, North Korea, etc.

**Q. I already belong to SkyMed but I'm pretty sick now. Will SkyMed drop me?**

Once you've bought an annual or longer SkyMed membership, that membership stays in force as long as you pay renewals on time regardless of how old you get or how sick you get. When you're in, you're in -- declining health is not an issue. And no, you do not have to tell us about changes in your health that occur after you join.

**Q. I'm an American [or Canadian] xPat now living in SXM. Since I live there, can I still be brought "home" to Canada or the US?**

As long as you've purchased our xPat Membership (for people who live in SXM six months or more per year), you absolutely will be taken home, back to the US or Canada, to the hospital of your choice when you become critically ill or injured. Just be sure you've specified your preferred home hospital in your SkyMed application.
