THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

**SECTION 1: Getting There: Airlines, Airports, Cruises, & Weather**

1. Where To Access Hurricane Reports 24/7/365

The Atlantic hurricane season began June 1 and ends November 30. Forecasters are predicting the busiest season in the last few years based upon rising ocean temperatures and the lack of an El Niño condition in the Pacific, which can affect the genesis of Atlantic storms.

The weather page of our [Everything St. Maarten Facebook Site](#) includes a variety of hurricane information, most particularly current satellite images and radar loops. When you hear of storms forming, you'll be able to see them in near real-time through the images on our site. We also intend to carry hurricane watches and warnings applying to SXM on our [Everything St. Maarten Facebook Site](#).

As always, if there are hurricane watches or warnings for your area, always heed the warnings from local authorities. Don't rely on any website for life or death weather information.

## 2. Where to Get All The Details on Current SXM Weather (New)

If you're interested in more than the usual details about current St. Maarten weather, and want real-time information, go to [everythingxsm.com](http://everythingxsm.com) and click the second weather image below the masthead. It will take you to a detailed weather page with many additional current and recent SXM weather observations.

---

## 3. See Weather Satellite Images & Radar Loops During Hurricane Season

Here's more detail on the images you'll find in the weather section of our [everythingxsm.com](http://everythingxsm.com) website.

The site contains a number of satellite images and radar loops covering North America, Central America, the Caribbean, and the Canadian Maritimes. Oceanic images give you detailed information on what's happening in the Caribbean, Gulf of Mexico, and both the north and tropical Atlantic as well as North Africa and West Africa. You will see tropical waves crossing Africa on their way to the Eastern Atlantic, as well as storms which develop closer to the islands and to the US.

For still more detailed information — especially valuable to anyone who lives or works anywhere near the potential path of any hurricane — a few dollars will buy you a membership at [www.crownweather.com](http://www.crownweather.com), Rob Lightbown's rather astoundingly complete storm information site. If where you are has ever been hit by or threatened by any hurricane or tropical storm, we strongly urge you to check out [www.crownweather.com](http://www.crownweather.com) and join. We've been members for years and it has our highest recommendation.

## 4. Yes, Southwest Is Dead Serious About Coming to SXM

At least a couple of years ago, we predicted that Southwest airlines would be flying to St. Maarten, possibly from Fort Lauderdale and/or BWI. As we reported here in *SXM Weekly News*, St. Maarten has been in talks with Southwest, talks which will continue in September and beyond.

Southwest has in fact said it is no longer a matter of if, but when Southwest will serve St. Maarten. The airline will require certain things from the island which we expect will be forthcoming. The battle to acquire new carriers on a particular island is fierce — lots of competition. Right now, this is St. Maarten's battle to lose, and we believe the island has no intention of losing.

A formal announcement is not likely until later this year. Our expectation is that service will begin in 2018 — initially from Fort Lauderdale, with lots of connections offered. As we said before, we also expect flights at some point originating in BWI.

More info is [here](#).

## 6. Where To Find Current SXM Weather Info (Four Key Sources)

Here they are:

- a) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- b) Our "Weather" page at [www.everythingsxm.com](http://www.everythingsxm.com) -- it has current satellite images and radar loops.
- c) Our [Everything St. Maarten Facebook Site](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- d) On or off the island, listen to Island 92 -- 91.9FM or see [www.island92.com](http://www.island92.com). They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.

See significant National Hurricane Center Outlooks and Advisories as they relate both to SXM and to the US East and Gulf coasts on our [Everything St. Maarten Facebook Site](#).

N. B.: *Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

## 8. Some Airlines Now Charging for Overhead Bin Space

An increasing number of US airlines likes the idea of charging passengers for space in overhead bins.

To them, it's all about making money, but not exactly the way you think.

To be sure, passengers who pay for overhead bin space do add to airline revenues. More important to the airlines, we believe, is the fact that the boarding procedure currently takes too long, harming airlines' ability to take off on a timely basis. The faster the boarding and seating process becomes, the more on time and airline can be.

Airlines don't make money from planes sitting on the ground. They make money only when aircraft move passengers between cities, so the less time aircraft spend on the ground, the better their revenues.

Without a doubt, speeding the boarding process by having passengers check baggage instead of bringing it on board is more a matter of airline efficiency than of revenue enhancement. In this case, airlines get both — they hope.

### **SECTION 2: Accommodations: Hotels, Inns, Timeshares**

## **9. Sapphire Slaps Timeshare Owners With Special Assessment**

If you are timeshare owner at Sapphire Beach Resort in the Cupecoy area, you may not yet know that for the second year in a row Sapphire is about to slap you with another supplemental maintenance fee which will ask you to spend several hundred dollars you hadn't anticipated.

Timeshare resorts make money when they sell units. They don't make much money on maintenance fees. So if Sapphire timeshare owners walk away in disgust — as many have --- it's no big deal to the developers of the resort since it gives them an opportunity to resell a week they had already sold and profited from before.

The supplemental maintenance fee was emailed to a number of timeshare owners in the last few days — and timeshare owners aren't happy. They say it is the second year in a row during which Sapphire has levied such a fee. Some say the fee is designed to pay for what should be routine maintenance — not something requiring a special

assessment. You can see the mailing in the "Files" area on our [Everything St. Maarten Facebook Site](#) and judge it for yourself.

Of course, the government of St. Maarten for years has not had timeshare owner consumer protection legislation in place, though the Dutch side Parliament is looking at legislation now. It isn't strong by US or Canadian standards, but it's a decent start. One would hope they would enact it soon — without the top-heavy, expensive, "Timeshare Authority" bureaucracy that they had proposed along with it. Such a bureaucracy would add substantial new cost to timeshare owners and could mortally damage the industry that brings SXM the majority of its stayover tourists.

This assessment, according to timeshare owners, is Sapphire's second in two years and owners we spoke to about it during the weekend were not happy.

We'll be watching this as it unfolds and we expect to have additional reports in the weeks to come.

## 10. Many New Timeshare Units for Rent / Sale On Our Site

Late last week, everythingSXM.com posted dozens of new timeshare units for rent or for sale across St. Maarten. You'll find them by clicking the Timeshare link on our site's homepage.

New listings are now posted about weekly. See next story.

---

## 11. Sellers: How To Avoid "Buyers" Who Are Scammers

Unscrupulous criminal scammers make a living by bilking timeshare owners and other people out of their money. *We describe their scams in detail on our timeshare listings page on everythingSXM.com. If you are selling or renting out a timeshare week you own on our site or on any other, we urge you to read thoroughly and share with other renters the scam warnings now published on our timeshare page on everythingSXM.com.* Our warnings may well help you avoid criminal tricks that could take several thousand dollars out of your pocket — do read them thoroughly.

---

## 12. JMB Members Submitting Ads Must "Certify"...

To help our JMB Website Supporters members avoid scams, we have added scam information to the form they use to submit timeshare weeks for rent or for sale to our everythingSXM.com website. Once they read that material, they must certify to us on the form that they have read it and agree with it; that knowledge can help protect them against scammers.

*JMB now requires its JMB Website Supporters members to certify that they have read and will abide by the scam warnings. It's an important change, intended to help protect everyone who advertises timeshare rentals or sales with anyone.*

---

## 13. Go To Simpson Bay Resort's Owner Orientations

Simpson Bay timeshare owners should sit in on the Monday orientations there. Not only is the pastry delicious, but a surprise mystery guest will be there (in person or by video) and you might want to hear what he has to say. He may just have something for you....

---

## 14. Order Extra Vacation Days Right On Our Site

In addition to offering timeshare weeks for sale and for rent, the Timeshare page of our EverythingSXM.com website

offers direct links for sources of additional days for timeshare renters.

In an increasing number of cases, people wish to fly midweek — or, in fact, any day but Saturday or Sunday, when the airport can be a bit hectic. Before buying fares for midweek travel — which are almost always lower in cost than weekend travel — timeshare owners may also need to obtain a few days at other resorts.

On our Timeshare page on [everything.sxm.com](http://everything.sxm.com), we now have links to rentals at Simpson Bay Resort, which offers a number of beautiful, newly renovated units through much of the year in convenient Simpson Bay. For those who prefer a smaller property, we also provide easy links to Baker's Suites in Simpson Bay which also just finished renovations.

Simpson Bay Resort has restaurants on site and beaches on the property, while Baker's Suites has many restaurants nearby and is within walking distance of attractive beaches.

### **SECTION 3: Member Discounts & Benefits**

#### 15. "Section Three" -- Member Discounts / Benefits News & Updates

This section of *SXM Weekly News*, which appears weekly, will provide detailed information about current JMB Website Supporters discounts and benefits both for current members and for people thinking about joining JMB.

*We now offer about 300 discounts (including those now being rolled out). We think you'll find many surprises here that will be of great interest and value. Please see below for this month's story.*

#### 16. June Member Benefits Update: New Benefits

Thanks to a significant number of major stories about St. Maarten that broke over the last 10 days, we didn't have a chance to post many of the new benefits that we told you to expect on our site last week.

We fully expect to get these additional benefits on our site and into the hands of our JMB Website Supporters members this week. We then will tell you about them in more detail next Monday. If you're a JMB Website Supporters member, expect an email this week telling you about the new benefits, which will go live as quickly as we can do it on our secret website for JMB members only. *If you're not a member, [please see the next story.](#)*

## 18. Alleged Would-Be Bank Robbers Shot, Arrested, & Jailed

Thanks to alert bank employees, excellent training, a very good emergency plan, and highly competent work by the St. Maarten Police Department, alleged would-be bank robbers hoping for a big haul at Scotia Bank in Simpson Bay instead wound up wounded, arrested, and in the slammer.

Although it was a scary time for the bank staff, no one was hurt except the alleged perpetrators, and what was taken was recaptured by police.

## 19. How You Can Help Fire Victim Odessa Timmerman (of Jimbo's)

You might very well know Odessa Timmerman — she's the tall young lady who has worked as a waitress for the last several years at Jimbo's in Simpson Bay.

We learned late last week that hers was one of the homes that was heavily damaged by fire, as we reported a week ago here in *SXM Weekly News*.

Here is her story about what happened, with information about how you can help:

"Last week Tuesday night while I was at work at Jimbo's my son called me to say our home is on fire ....I rushed home to find it was true .... The neighbors were there, they formed a brigade that was keeping the fire at bay before the fire truck got there ...at the time the fire started my 3 kids were home but were not harmed by this .... The fire started in my bedroom which is always locked .... It was an electrical fire and its true origin was not found because my entire room was burnt out and the water destroyed whatever evidence that would have pinpointed its cause....

"We have stayed somewhere for two weeks which is up next Friday but are trying to rebuild to return as soon as possible.... We are asking for any donations to aid in the rebuilding process ... the entire home was not badly damaged just my bedroom including part of the roof, rafters, doors, windows, and lots of cracking in the walls from the heat. The rest of the home is covered with smoke and black soot. Any form of donation towards rebuilding is greatly appreciated.... Thank you for your help.... Odessa ..."

## 20. New Sports Bar, Replay, Opens on Marina Plaza, SBR

St. Maarten's newest sports bar, Replay Sports Pub, has just opened its doors on the Marina Plaza at Simpson Bay Resort. It's inviting timeshare owners and the general public to visit and enjoy seeing their favorite games.

Replay Sports Pub is welcoming future patrons with 2-for-1 drinks and half-priced food items until June 21. The Grand Opening kicked off with the much anticipated NBA Finals, in the presence of management and almost all guests of Simpson Bay Resort & Marina, where the bar is housed.

DJ Ridge and his team hosted the event, which included dancing, unique cocktails including signature drink "MVP", and must-have sports eats including wings, burgers, loaded sandwiches, and the star dish, Chilli Bean Nachos.

The bar includes both indoor and outdoor seating. It's plastered with sports memorabilia and life-size images of athletic icons. Located at the resort's Marina Plaza, Replay Sports Pub features expert mixologist Ivan and opens every day at noon, closing when the game ends.

## 21. Lots of Sand, for The Moment, at Cupecoy, Baie Rouge

Both Cupecoy beach and Bay Rouge were reported this past week as having lots of sand. The sand at Cupecoy can change daily, but a photo from an *SXM Weekly News* reader on our [Everything St. Maarten Facebook Site](#) appears to show more sand on Cupecoy than we've seen in years. How long it will stay is another matter.

If you're on the island, and enjoy it.

## 22. Seaweed

Not much change in the seaweed situation since last week.

Sargasso seaweed continues to wash in overnight and it's removed every morning, mainly from eastern-facing beaches.

Ever since this began, the southern (naturist) end of Orient beach has done rather well, thanks perhaps to the offshore reef and to ocean currents.

Beaches on the southwestern and western parts of the island, at the moment, appear to be less affected.

## 23. Unhappy at a SXM Restaurant? Here's What To Do

Although this site regards St. Maarten, nonetheless the advice in this story applies everywhere.

No restaurant is perfect. "Off" nights happen, whether it's kitchen help, service, cleaners, management, suppliers — things can and do go wrong even at the best restaurants.

Virtually all restaurateurs that we know are hard-working, conscientious people who go all out to make customers happy and to make their businesses successful. If you have a problem in a restaurant anywhere, ask for the manager or owner. Practically every manager we know very much wants to know about problems so they can fix what's wrong and make sure it doesn't happen again.

The vast majority of managers are helpful and their response to your complaint is positive. We recently complained to management at US restaurant about food that was not prepared properly to order. They fixed the problem and they comped the meal, which as originally delivered was inedible. At the end of the day the meal was delicious and the service was as it should be.

It does not make sense to go away mad and post something nasty on Trip Advisor — trying to solve the problem right away, at the restaurant, is a much more productive way to go.

## 24. Destination Weddings in SXM, Chapter 2

Increasingly, couples are opting for destination weddings in St. Maarten and other tropical locations.

For years, the "Goddess" of St. Maarten weddings has been Jean Rich, who has done it for years. She had to take some time off for some surgery a couple of years ago, but she's back in action and continues to be the most experienced provider of [St. Maarten beach weddings](#).

She does everything from getting all the licensing paperwork done to helping you select a location, flowers, clergy, reception location and menu, cake, limousine, accommodations — the works. You can contact her at [St. Maarten beach weddings](#). Of course, she also does weddings (and vow renewals) at other locations. She's done hundreds of them and we do recommend her.

There are other providers as well, and we'll recommend some in future issues of *SXM Weekly News*.

## 25. Create Your Own Amazing Fragrance at Tijon

Regardless of whether you're a woman or a man, one of the most enjoyable and rewarding experiences you can have on the island is creating your own unique fragrance at Tijon Parfumerie in Grand Case. See their site at [Tijon.com](#)

We did it a year ago — both of us — and today, the fragrance we created that afternoon is one of our favorites. Set it up and do it: you'll enjoy it just as much as we did, and the fragrance will remind you of the island in a pleasurable way for years to come.

SkyMed is now offering a remarkable 10 year price guarantee on its best memberships, the SkyMed five-year Ultimate. SkyMed ultimate memberships cost only \$499 per year when you pay for their full five year duration at membership inception. When applying, if you indicate on the application that you want to renew automatically, that renewal will be charged at the same \$499/year when you pay for the full five year renewal at its inception. All SkyMed memberships are guaranteed renewable regardless of health or attained age: This Ten-year price guarantee is remarkable especially considering what you get: see the details here. The best way to get your questions answered is to call Jeff directly on his SkyMed line, 508-747-8281. He can also take your application by phone and send it to them electronically. Most applications are processed within a few business days. Get it today — make your next trip worry free.

## 28. SkyMed "Guaranteed Renewable" Memberships

As most JMB readers are well aware, the SkyMed medical evacuation service takes SkyMed members home when they become critically ill or injured while traveling.

*One of SkyMed's most remarkable features, available to members who have purchased annual or multiyear memberships, is guaranteed renewability regardless of age or health at the time of renewal. You can apply for SkyMed at any age; joining simply requires you to complete a very brief health questionnaire — just a few questions.*

Once you're a member, you can continue to be a member regardless of age or health, simply by renewing your membership on time. Short term SkyMed memberships do not have this feature. Longer term (annual or multiyear) memberships are also less expensive per day: roughly \$1.30 for your family per day for annual and multiyear memberships versus \$15 per day for your family for short-term memberships (generally a few days to a week or two).

We can answer any of your questions; just write to [jeff.berger@skymed.com](mailto:jeff.berger@skymed.com) or see our site, [www.getskymed.com](http://www.getskymed.com) or [phone Jeff at 508-747-8281](tel:508-747-8281) during normal business hours. ## 30. A Closer Look at Best Reasons for Taking SXM Summer Vacations: Part 5

We recently listed these reasons for taking a Summer vacation in SXM:

1. Much less traffic than during high season (winter).
2. Much lower prices for car rentals and accommodations.
3. No competition for sand space at any island beaches.
4. Uncrowded restaurants mean less waiting and less need for making reservations except on holidays.
5. The ocean is warmer -- well up in the 80s. July is a picture-perfect month: clear skies, low humidity, no sweltering like you'd get staying home (near-constant ocean breezes are a great help). You gotta come, mon...
6. All restaurants are open, so you can go to your favorites night after night after night with no crowds. And everything tastes better in SXM...
7. Plane watching is easier at Maho beach because there are fewer tourists, though cruise ship people are still here. As an experienced stayover tourist, you can point at them when a departing plane blows them into the ocean. (No offense.)
8. Etna Ice Cream melts very slowly no matter how hot it gets. And it's creamier and tastes better than the stuff you get at home.
9. Jewelers may just make the best deals of the year since there are fewer customers around during summer -- leaving you more time to haggle.
10. We'll leave number 10 open for you to fill in after you vacation in SXM this Summer. Stay tuned... we'll be looking for what you feel #10 should be. It might just win you something.

So far, we've explored #1, #2,#3, #4, #5, #6, #7. and #10. This week, it's #8 and #9:

Number 8: If you love Ice Cream but have never tasted Etna from St. Maarten, prepared to be awestruck. As we've said many times, it's the creamiest, richest, most flavorful Ice Cream your lips will ever touch. It uses all natural ingredients four flavor experience unlike any other.

Number 9: there is less business on the island in summer, so the competition for business is tougher than during the rest of the year. Jewelers want to make sales. They can't give the stuff away they certainly can give you deals that might be tougher to come by during winter, when stores are busier. If you love quality jewelry, summer may well be the best time of the year to visit SXM.

We'll talk more about summer vacations in SXM next week; in the meantime, enter our new giveaway now. [Enter here.](#)

## 31. Two Ways to Beat SkyMed's 90-Day Waiting Period to Cover Pre-Existing Conditions

On its annual and longer memberships, SkyMed has a 90-day waiting period for coverage of pre-existing conditions — after that, they're covered in full.

So, if you plan a summer vacation or another later this year, the best way to avoid that waiting period is to buy your annual or longer membership now. That way the waiting period is over when you're traveling.

Annual memberships always cost far less per day than short-term memberships (about \$1.30/day for family annual memberships and \$15.00/day for family short-term).

**Annuals and multiyear memberships are also guaranteed renewable regardless of your age or health -- a big deal. If you buy a short-term membership, after it's over you must medically requalify to get a new one — and your health can change in a heartbeat.**

SkyMed delivers up to 18 benefits: [see them all here](#) (downloadable PDF).

Questions? [Email Jeff](#) and ask away. Include your phone number and time zone, or call him directly at (508)-747-8281 (SkyMed calls only).

## 32. Restaurant of the Week: Jimbo's

It's been about two years since we mentioned Jimbo's iconic restaurant in Simpson Bay. Their location, bisected by a number of small pools, strikes us as quintessentially Caribbean.

Jimbo's bills itself as a "Rock & Blues Cafe" and its food covers a spectrum of flavors. Go for the atmosphere, which is coool, and stay for the food. Vibrant all around...worth a check.

Jimbo himself is an interesting story. He was an actor before moving to SXM, was born on Valentine's Day, has been seen tooling around SXM on his Harley, and has a "Zen" lifestyle reflected in the ambiance of his restaurant.

## 33. A Look Back at "Old" Restaurants: Story #25

Over the years, St. Maarten/St. Martin has been home to many restaurants of varying descriptions. This series briefly describes a number of restaurants from both sides of the island that have passed into history but have not left our memory.

Pinocchio's: "I may be mistaken, but I haven't seen Pinocchio's on your list of restaurants from the old days. It was on Front Street on the water side and run by Byron and his then wife or partner Veronique. Byron's last name I can't remember but he went on to open other restaurants in the 80s. I still see him quite often. Pinocchio's was functioning when I arrived on the island in 1984 and I was working at the West Indian Tavern at the time. In those days pretty much everything was happening on Front Street, Sam's Place etc., Calalloo." - **Robert Luckock**

Readers: We're looking for your suggestions about other restaurants; let us know your past-era SXM favorites so we can feature your complete reviews. Email your suggestions *with detailed information please* to [susan@jmbcommunications.com](mailto:susan@jmbcommunications.com) with the subject "Look Back." **Please be sure to include as many details as you can; you may well be the source of a future column.** Do check below first -- we've already featured over two dozen former SXM restaurants.

## 34. Should You Get a Short-Term SkyMed Membership? Advantages, Disadvantages

Short term SkyMed Medical Evacuation memberships are cheap, only \$15/day per couple (including minor children) or \$9/day for an individual. Pre-existing conditions are covered immediately for those who qualify.

But the bad news is that once your short-term membership ends, it's over, and you must medically requalify to get coverage for any subsequent trip. *Your health can change instantly so letting a membership disappear like that isn't the best thing to do for yourself.*

Annual and multiyear memberships cost only about \$1.30/day per couple -- way cheaper. They include more benefits -- especially Ultimate memberships. [See all the features and benefits here.](#)

SkyMed never increases the pricing on its memberships related to your advancing age or declining health. *Once you sign up for SkyMed, you're a member for life as long as you pay your renewals on time. And SkyMed never cancels anyone because of advancing age or declining health.*

Do NOT take chances by waiting. GET SKYMED BEFORE YOU NEED IT ...so you'll have it when you DO need it. See [www.getskymed.com](http://www.getskymed.com). *In our opinion, it's the best medical evacuation membership product on the market.* --Jeff

## 36. Q & A about SkyMed Medical Evacuation

*Updated 5/8/17*

What SkyMed Does: SkyMed Takes You Home® to doctors and hospitals you know and trust when you become critically ill or injured while traveling. SkyMed is your free ticket home aboard an ICU-equivalent emergency medical evacuation jet with an ICU-certified medical attendant on board to help make sure everything goes as it should.

How SkyMed Works: Like clockwork, you're taken from the hospital by ambulance to a waiting aircraft at SkyMed's expense; SkyMed makes all the arrangements and pays all costs for the medical evacuation jet and for the ambulance at the destination which takes you to a waiting team at your destination hospital, which already has your medical records and is ready to start helping you. There are no co-pays, no reimbursements, and no deductibles for SkyMed services, ever. SkyMed arranges everything and pays for all the services it provides.

*Anything can happen — but you can trust SkyMed to take you home when you need it most.*

What's It Cost? *Without SkyMed, you'll need \$45,000 or more payable in cash in advance to pay for an emergency medical evacuation — if you can make the dozens of calls necessary to set it up in an emergency.*

SkyMed does all that for you, for a small membership fee; you simply make one phone call 24/7/365 to get things going.

Why Buy Now? We're offering SkyMed now at very special pricing *for JMB Website Supporters members only* — but if you're a nonmember and care to join SkyMed now through us, we'll enroll you in JMB Website Supporters at the same time (five-year SkyMed memberships only). This offer is available only by phone; email [jeff.berger@skymed.com](mailto:jeff.berger@skymed.com) and give Jeff your phone number so he can call you. He'll be happy to answer your questions, tell you about the different types of programs available, and their respective costs. He'll also be happy to fill out your application for an annual or multiyear SkyMed membership by phone and at the same time you can set up a JMB Website Supporters membership (required to get the biggest multiyear SKYMED discounts). Americans, Canadians, and ExPats only.

See [www.getskymed.com](http://www.getskymed.com) or email Jeff at [jeff.berger@skymed.com](mailto:jeff.berger@skymed.com) (use the subject "SkyMed inquiry") to learn more and get your questions answered.

-----  
**Types of SkyMed Memberships:**

First, short term memberships are for brief trips in North America, the Caribbean, the Bahamas, Bermuda, and Mexico -- over 30 countries total. Short-term memberships are very inexpensive, about \$9 per day per person, maximum of about \$15 per day. The disadvantage is that they only cover you for the short term you are traveling: when they expire, your protection disappears. When you're ready to travel again, you must reapply for a new short-term membership. Although the process is quick, you still must be medically approved and at some point, that may well be impossible. Bear in mind that many of us travel more than once or twice a year, even if it's only a few hundred miles from home to visit friends or relatives, which is why we recommend annual or multiyear SkyMed memberships instead of short-term memberships. You do not want your protection to end just when you may need it most.

Second, both annual and multiyear SkyMed memberships are essentially permanent coverage. *Once you've been approved and as long as you continue to pay your membership fee on time, your membership cannot be discontinued as a result of advancing age or declining health* — two critically important advantages that ensure you have coverage when you may need it most.

Third, Ultimate memberships cover multiple years and provide protection worldwide. The only exceptions are places like Syria, Afghanistan, Somalia, North Korea — places you won't visit anyway. (Ask before going anywhere dangerous/unusual.) Ultimate memberships also offer the greatest breadth of coverage. You can see a complete list of all the features and benefits of these coverages [here](#).

Fourth, if you're an American or Canadian ex-pat living in St. Maarten / St. Martin or elsewhere outside your country for six months or more per year, you can still get SKYMED protection in the form of an **ex-pat** membership. Email us (see next paragraph) and we can tell you how it works and answer your questions.

In addition to everything else, Jeff Berger has been a SkyMed rep -- and now a SkyMed Ambassador -- for over 15 years. He'll be happy to answer questions; email him at [Jeff.Berger@SkyMed.com](mailto:Jeff.Berger@SkyMed.com). He generally returns messages within 24 hours. To see [online frequently asked questions, go here](#). You can also see his SkyMed site at [www.GetSkyMed.com](http://www.GetSkyMed.com).

JMB members get serious discounts on all multiyear SkyMed memberships. If you're not already a JMB member, join today and take advantage of those discounts.
