THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: Getting There: Airlines, Airports, Cruises, & Weather

1. Saharan Dust Causing Very Hazy Conditions

Unless you listen to the Weather Channel, you probably aren't aware that a great deal of dust from the Sahara desert is sometimes carried aloft by trade winds which take it across the Atlantic to the Caribbean. Dust from the Sahara can create hazy conditions in the Caribbean to the point where sunsets are sometimes obscured. One good thing: during hurricane season, its presence can help mitigate the development of some tropical systems.

2. Tropical Development Likely This Week of SE US Coast

Rob Lightbown, chief meteorologist at www.crownweather.com, says there is a 60% likelihood later this week that a subtropical storm could develop north of the Bahamas. If that happens, the storm is unlikely to bring much storminess to the southeast, but it could create some high surf which could cause local flooding. If you live along the US southeast coast, do pay attention to local forecasts this week.

3. Where to See Current Caribbean Weather Satellite Images

The weather page of www.everythingSXM.com contains a number of frequently updated radar images including satellite loops. To check on current tropical weather conditions in St. Maarten, do go to that page.

For current SXM forecasts, go here: <http://www.meteosxm.com/>

4. SXM Airport Growth Graphics - Where To Download The PowerPoint

We recently published an extensive article concerning the future of air travel to St. Maarten, particularly at Princess Juliana airport. The article discussed additional airlines which are expected to come to the island, additional US cities from which nonstop flights are expected to originate, changes in the airport's physical plant, and much more. If you missed the article, it is now live:

http://everythingSXM.com/sxm/free_newsletters/sxmweeklynews.shtml

Also posted there are PDFs of all our other recent *SXM Weekly News* editions.

Since we wrote that article, the airport has released graphics showing some of the locations of some of its future facilities. You can download those graphics, if you are a JMB Website Supporters member, here:

www.everythingSXM.com/secret/.

SXM Weekly News is free, but there is a huge bandwidth expense involved in offering downloads from our site, which is why we only offer them only to our paid JMB Website Supporters members.

See story # 20, below, about our anniversary sale; it gives you hundreds of discounts across the island for short money, and will entitle you to future downloads as they become available. Sale extended one final week: get your own membership subscription today; see story 20.

5. How To Get The Lowest-Cost Airfares, Hotels, Cruises, and Tour Packages Worldwide (Repeat)

JMB Website Supporters now gives you access to a private, "members only" travel wholesale club that offers incredible prices not only on airfares but on packages not just to the Caribbean, but worldwide.

Retail travel sites — the ones whose names you know very well — are heavily regulated. But private travel clubs like this, which normally charge members prices for membership/admission, are regulated differently and consequently, can offer much better pricing.

The organization providing these travel benefits has been traveling under the radar for 25 years and is only now making its travel reservations prowess publicly known. It's SkyMed Travel Club and it is entirely separate from the SkyMed "takes you home" medical evacuation service we've been recommending to you since shortly after the millennium.

The SkyMed Travel Club offers exceptional pricing on everything and almost invariably beats everyone else's pricing. We have been testing it for the past few weeks and have found the pricing to be extraordinary — even on the wildly popular river cruises that are a tourism phenomenon throughout Europe and are quickly gaining popularity here in the US.

And normally, this organization charges you \$99 to join plus \$99 annual renewals. But for our JMB Website Supporters members, and during a brief introductory period for everyone else, the cost to join is zero as will be the cost for renewals. Exclusively through us, you get access to a world-class global ticketing mechanism without paying one cent to get in the door.

This is a new benefit for JMB members. During this introduction, everyone can join by going to www.SkyMedtravelclub.com, clicking the sign up link on the top right corner of the homepage, and providing the requested information. It's very important to complete the first sign up item (SkyMed Membership Number or Representative ID) by entering the code 391330 — entering that code is what ensures that you pay nothing to be a member of the SkyMed Travel Club. If you fail to enter that code, you will not gain free entry to the club's

phenomenal pricing.

Do join — you will not be disappointed once you've booked through them.

SECTION 2: Accommodations: Hotels, Inns, Timeshares

6. Starz Casino, Formerly Atlantis, Confirms It Will Build a Hotel

In the last couple of weeks, we ran an article telling you about several hotels which we expect will be built in St. Maarten over the next few years. Most of the properties discussed in the article had never been formally announced.

Late on Friday, Starz Casino, formerly Atlantis, formally announced it will build a hotel adjacent to its newly rebranded casino. We've asked the owners for additional information and will publish it as soon as it becomes available in right here in *SXM Weekly News*.

Our expectation is that it will be an upscale property. Its proximity to both Mullet Bay beach and to Cupecoy beach, as well as to nearby French side beaches, may mean it will deliver heavy competition to the prospective new Alegria Hotel contemplated to be built where Caravanserai was near the end of the airport runway.

We'll be publishing more on this. Here are some details about Starz: <http://tinyurl.com/q74cc4d>

7. Simpson Bay Resort Reports on \$22-million in Improvements - Including a New Beach

Here's the letter Simpson Bay sent to its timeshare owners announcing the improvements:

Nearly four years ago, we promised to work as hard as possible to establish Simpson Bay Resort as the premier resort destination in the Caribbean. After nearly \$22 million in renovations most of the original part of the resort has been elevated to 5-star status, with the renovated units achieving Interval International's highest Premier rating. We have also implemented innovative new ownership programs that help our members get maximum flexibility from their memberships. We are not finished! We have more improvements planned, and we hope you will find them as exciting as we do.

Regarding the renovation project, we have completed the renovation of all original resort buildings with the exception of the Marina and Flamboyant buildings. We will proceed with renovating the Marina building this off-season, with this phase of the project on-schedule for completion by year's end. As in the past, we plan to gut the units and replace everything, including but not limited to the kitchens, the furniture, the bathrooms, and the air-conditioning. We will also replace the building roof and renovate all the exterior areas.

We are just as excited about upcoming changes to the public areas of the resort. We will be renovating the marina waterfront to make it an enticing destination for members and guests. Extensive renovations will include the removal of the model villa that currently sits in the middle of the waterfront area, and will add landscaped seating areas with charming amenities. We also plan to improve accessibility, improving the stairways and clearing out older decorative structures to improve sightlines. The marina waterfront will be more beautiful, more accessible, and will provide more food and entertainment choices for our members and guests. We will transform the marina waterfront into "the place to be" in St. Maarten. It is important to note that the members will not receive renovation assessments for these improvements – the developers are assuming 100% of the cost for the marina waterfront renovation.

We have also planned a number of beach improvements. The most dramatic change will be the creation of a new beach in front of the Villas building. We will also build a boardwalk to connect the beaches and provide easy access to a new beach bar. Again, the developers will bear all of the costs for these improvements.

Finally, we have been making many improvements you won't necessarily see, but that will greatly improve your vacation experience. All telephone lines are being replaced around the resort, individual Wi-Fi receivers have been placed in each villa, and we are upgrading our telecommunications infrastructure to improve performance and usability. We have also upgraded the water delivery system with added redundancy to prevent outages, and have automated the water and fuel systems. We are currently improving the air conditioning system that services the Villas building.

Due to the logistics involved in the extensive renovations to both the Marina building and the marina waterfront, it would have been impractical to renovate the Flamboyant building simultaneously. Had we renovated all areas at the

same time, construction staging would have eliminated almost all available parking and restricted access to the beach and the Marina pool. Therefore, we have rescheduled renovation of the Flamboyant building to 2016.

In addition to the renovation work, we will continue to modernize our membership program via the Royal Resorts Caribbean Collection ("RRCC"), which provides unparalleled flexibility for existing and new members. The RRCC points system allows members to take the week or weeks they own, convert them to points at the members' option, and then begin their vacation on different days of the week, stay in different accommodations, or take their vacation at a different time of year. Each year, our RRCC members can elect to use their fixed week as in the past, or to convert their fixed week annually to points and enjoy more flexibility without losing the security of their fixed-week membership. RRCC can be used at any RRCC property (currently Simpson Bay Resort and The Royal Sea Aquarium resort in Curacao) or exchanged for use at thousands of Interval International properties around the world.

The resort renovations have been met with industry acclaim, and the RRCC points system has become very popular with members. We have strived to create a resort you can feel proud to visit and to share with your friends and family, and we look forward to seeing you soon at your St. Maarten home.

Sincerely,

Mark Miller
Director
Simpson Bay Resort Owner Company, B.V.
and the Staff of Simpson Bay Resort & Marina

8. SXM Smaller Hotel of the Week, #5

Beyond the big hotels like Westin and Sonesta Maho, and timeshares like Simpson Bay and Oyster Bay, which we've covered here many times, SXM has numerous smaller hotels with lots to offer.

This is the fifth in a new series of brief articles on many of those hotels. Below, you'll see a list of all resorts covered so far, most recent first. Watch for other articles in this series coming for the next several weeks.

Only a couple of years old, Blue Pelican is operated by the same folks behind L'Esplanade in Grand Case, a tipoff that it is well-managed, exquisitely maintained, and totally focused on visitor satisfaction. Like its sister resorts owned by the same people, Blue Pelican is beautifully appointed, comes with all the amenities you expect, and it's in the heart of Simpson Bay close to lots of hotels and things to do. We know these folks and know you'll love this property.

Watch for another small SXM hotel here next week. Those listed in boldface type are prior winners of our Everything SXM Awards of Excellence.

SECTION 3: Island

Story 10:

Talk Directly With Jeff Berger About SkyMed Medical Evacuation.

Jeff has been recommending SkyMed for years and thousands of you have joined. SkyMed takes you home® to the USA and Canada, home to doctors and hospitals you know and trust, when you become critically ill or injured while traveling. Home -- where your health insurance works and where your support system is there for you.

SkyMed offers short-term, annual, and multi-year plans. SkyMed protects you either in North America and the Caribbean or virtually everywhere around the world... your choice.

Without SkyMed, a medical evacuation home may cost you \$45,000 or more in cash in advance, an expense that is 100% avoidable when you're a SkyMed member. And SkyMed annual and multiyear memberships are guaranteed renewable when you pay your renewal fee on time -- renewable with no increase in fees due to advancing age or declining health. **Nothing else is SkyMed.**

Call Jeff any weekday from 10 a.m. Eastern to 5 p.m. at 508-747-8281. If there's no answer, leave a message. He'll answer any questions you may have and can sign you up by phone.

Note: SkyMed's top plan is the SkyMed Ultimate, a five-year family plan with global coverage available to JMB members for a low prepaid fee or just \$59/month if you prefer to pay monthly (requires payments for at least two years). There are several plans available to meet any need.

Call today for answers to all your SkyMed questions. SkyMed Takes You Home®.

11. Elisa Cohen, Former "Bikini Beach" Owner, Wins Case Against Former Landlord

Both Elisa and the former owner of Kon Tiki Restaurant have won what many are regarding as a landmark case against their common landlord. Both restaurants, since rebuilt and run by others, are on Orient Beach north of the area to be demolished and rebuilt by French authorities in a project that kicks off in June and was previously covered here in *SXM Weekly News*.

Unspecified damages will be paid to the plaintiffs. Whether they will move forward with new restaurants is unknown. We've left messages for Elisa but have not yet heard from her so we don't know what she plans next. She had put her heart and soul into Bikini Beach for many years.

Here's the story from the *SXM Daily Herald*: <http://tinyurl.com/kat7muo>

12. The Changing Face of Sunset Beach (Maho)

Maho Beach, known more for its proximity under the approach to Princess Juliana airport, is otherwise largely similar to some of the other Southwest facing beaches on St. Maarten — particularly the several beaches called Cupecoy.

Rough surf can eliminate the entire beach within a few hours. But the sand doesn't go far, and can return within a day or two. If you like Maho but find insufficient sand there, don't worry; it's likely to be back quickly.

13. Hawksbill Turtles Hatching on a SXM Beach

As we previously reported, it's now sea turtle nesting season in the Caribbean. Mammoth sea turtles return to the beaches where they were born, dig holes, lay many eggs, bury the eggs, then take off for parts unknown. Before long, the eggs hatch and the hatchlings head seaward.

This is a sea turtle nesting video <https://www.youtube.com/watch?v=2w5PANyqgnU> and this second video shows

hatched turtles heading for the water: <http://tinyurl.com/l6chpdg>. Do NOT approach any sea turtles or their nesting areas.

14. For Your Car & Hardside Luggage: SXM Euro Ovals Available by PayPal or Check

For years, we've printed and distributed our own SXM Euro Oval stickers -- green lettering on a white background with twin palm trees in the background. They measure 5 3/4" x 3 3/4". You've likely seen them across SXM.

They're back and you can now order your own... We're currently offering them to our *SXM Weekly News* readers at economical pricing. They are one for \$5 or three for \$10. We use them on our cars and on smooth hard-sided luggage, which makes the luggage very easy to spot on carousels. They're printed on durable vinyl to last long. And they have a varnish coating to help protect against fading.

You can pay us through PayPal (have the payment go to jeff@jmbcommunications.com) but please specify what you're ordering and where they're to be shipped. Include your phone number. Buy some for friends too... If you want more than three, just place multiple orders.

Or pay by check payable to JMB Communications but again please specify what you're ordering and where they're to be shipped. Include your phone number. Buy some for friends too... Mail your check to SXM Weekly News Ovals, c/o JMB Communications, P. O. Box 1812, Plymouth, MA 02362-1812.

N. B.: Orders are shipped only to the USA and Canada. Allow four weeks for delivery. Questions about the ovals? Address them to jmbweb@jmbcommunications.com with the subject SXM Ovals. JMB members, please see our recent emails to you about SXM Euro Ovals and luggage tags for important info.

15. Oversize Green SXM Euro Oval Luggage Tags Make Finding Your Suitcase a Breeze

They're big (5 1/2" x 3 1/2") bright green luggage tags with white lettering on the front, and plenty of room to enter your contact info on the back. Thick, durable, pliable translucent vinyl, very long-lasting in our experience. We've used them for years on checked baggage with no need for replacement. They really stay put in our experience.

\$15 for one, two for \$22. Strictly limited supply; when they're gone, they're gone. This offer is for *SXM Weekly News* readers only, we are not offering these to the world -- and they are not available on the island or anywhere else. Limit per order from any address. two luggage tags (sorry).

Pay through PayPal or by check:

You can order by PayPal; have the payment go to jeff@jmbcommunications.com but please specify what you're ordering and where they're to be shipped. Include your phone number.

16. Denise Stuard, Voice of SXM, Heading Home; Where To See Her Off

If you've listened to radio in SXM or have read *SXM Weekly News* for a while, you know that Denise's warm,

melodious voice has been on countless island commercials and on other broadcasts. She played Jeff's radio "wife" in some Everything St. Maarten ads, and she was the recipient of an urgent call from Tamara Rodriguez, first mate on the Celine Too motor yacht (and former owner of Ric's Place in Simpson Bay) calling for emergency medical evacuation in a long-running SkyMed ad.

Denise is headed home to the USA where she will floor it fighting a non-contagious illness she's been dealing with. The going away party for Denise and her husband -- who happens to be Tamara's dad -- is Sunday May 3 at La Bamba 7pm-?

Go; we're sure they'll be back to visit but it will be very nice to be there and meet a very special lady.

17. The One Place To Go For The Best Caribbean Recipes

Chef Jim Gray spent years doing the Tastiest Two Minutes in Television from his home studio in Montana, but these days he is in the Phoenix area teaching many others how to create gourmet meals at Sur le Table. The good news: his recipe archive, including many Caribbean dishes, is still available to all. Go to www.kitchenguy.biz or his recipe archive at <http://kitchenguyarchive.com/> -- great stuff. Chef Jim has been a frequent visitor to SXM and we hear he may be returning later this year.

21. For Mothers Day, Get a SkyMed Family Membership -- and Protect Everyone

There's only one thing that matters on Mother's Day, and that honoring mom like the amazing woman she is. One thing you can do is make 100% sure she gets home to her own doctors and her own support system should she become critically ill or injured when traveling. That is exactly what SkyMed does.

Without SkyMed, a trip home in an ICU-equivalent medical evacuation jet may cost up to \$45,000 or more. With your SkyMed membership, the cost is \$0 and the whole thing is carried off with military precision.

Do it... she deserves it most of all...

22. Cold In The Northeast Sends Thousands South to SXM

SXM is always busy in April, but somehow this year it seemed busier. A severe winter that broke all records in Boston battered much of the Northeast. April started with more snow in some places and felt like the coldest first month of Spring anybody could remember.

Result: thousands of folks headed straight to SXM, where lately the high has been in the mid to upper 80s and the nightly low was upper 70s.

Best place we can think of to beat the chill -- dependably.

23. Once Carnival Ends, Crowds Diminish: Great Time To Add a Trip to SXM

In May the crowds diminish but everyplace is still open -- restaurants, shops, and of course beaches and all those excursions. Great month for SXM vacations... and JMB membership gives you great discounts in May and all year long. See story 20 for more.

24. How To Win a Week's Vacation in SXM from JMB

25. Disappearing Coral Reef Has Numerous Implications

Great article here on the disappearance of coral reefs and its effects on the planet's ecosystem. The article has significant emphasis on SXM and on the Nature Foundation's work to make things better:

This is serious stuff to think about; look:

27. Restaurant of the Week: Papagayo at Club Orient

Papagayo at the southern tip of Orient Beach at Club Orient is the ultimate "come as you are" restaurant. If you happen to be sunbathing or swimming nekkid at this clothing optional section of Orient Beach, no worries. Clothing is optional at Papagayo, just bring a towel to sit on.

The restaurant is outstanding: by all means go for lunch or dinner. It competes head to head with some of the best on the island. At lunch the burgers are great. Go, look at the full menu, and give it a try. You will not be disappointed. If Judy is there (she usually is late in the day) say hi for *SXM Weekly News*.

See more below. Most of the listed restaurants offer discounts to JMB Website Supporters members; see the Secret Site for details. We'll cover another restaurant here next week.
