2. Meet Will Klein - Someone You Should Know Better

Will Klein is Founder and Chairman of SkyMed, the company we've raved about for years simply because they are the best medical evacuation membership company on the planet, in our opinion. In this recorded interview, Will points out what makes SkyMed so different from other providers. You'll find the interview here: <http://tinyurl.com/m95futw> (Once on the page, click to hear the interview -- you'll find it next to pictures of Will Klein and Will White.)

Jeff has been a SkyMed rep for more than 10 years and has signed up thousands of our readers to SkyMed memberships -- short term, annual, and five-year Ultimate memberships. SkyMed Takes You Home® to doctors and hospitals you know and trust when you become critically ill or injured while traveling. Practically all other Emergency Medical Evacuation providers take you to the nearest appropriate facility at their option (see their fine print); what good is that if you're thousands of miles from home and, even worse, you've been transported somewhere where nobody intimately knows your medical history?

If you're a JMB Website Supporters member, go here to learn more and sign up online at low members-only pricing:

<http://www.skymed.com/jmbspecial> or go here if you are not a JMB member: <http://www.skymed.com/jmbsxm> .

You can also call Jeff and ask him any questions you might have about SkyMed, from Tuesday (May 26) through Friday at 508-747-8281. If you get the answering system, leave your phone number & name and he'll return your call personally.

3. Our next Full Issue is Monday June 1st

4. Special to Hotmail Users

Hotmail, Outlook mail, & MSN's current online software are periodically blocking display of the content of normal *SXM Weekly News* editions (the ones with an image at the top) because they contains a masthead photo. This is a settings glitch in their current software and they are supposedly working to fix it.

This is intermittent but while it continues, we suggest you unsubscribe SXM Weekly News from Hotmail and resubscribe with a different email; gmail is probably the best.

If you are a JMB Website Supporters member, please let us know when you do this and we will update your JMB Website Supporters records as well. Other email from us appears to be unaffected. (This edition should reach you without issue since the format is text only.)

You can also see all editions in our PDF Archives, here:
