THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: *Getting There: Flights, Airlines, Airports, Cruises, & Weather*

1. Introducing Hurricane Oscar

Mother nature, fully aware that hurricane season does not end until November 30, decided that we should have another hurricane, so she conjured up hurricane Oscar this past weekend.

That's the bad news. The great news is that Oscar, though still strengthening well north and east of the Lesser Antilles, will soon be turning north and northeast and accelerating away from every land area — it won't even bother Bermuda. The storm could send some swells to beaches in Bermuda, the US East Coast, and the Caribbean, though they're probably not significant. To see current satellite images of the tropical Atlantic including Oscar, visit our main website, everythingSXM.com, and click Weather for our Weather Center. Other than Oscar, which is far from SXM, there is no significant weather news from the island -- except that weather has been gorgeous.

2. Outlook for the Final Month of Hurricane Season

Other than Oscar, conditions in the tropics have not recently been conducive to the formation of tropical cyclones. But hurricane season still has a full month to go.

To stay aware of what's happening, go to our Weather Center at everythingSXM.com, where we post watches, warnings, advisories, and Outlooks concerning tropical development should any additional storms form. As always, the page will continue to provide satellite images, radar loops, and other useful tropical cyclone information.

We also post current National Hurricane Center Tropical Outlook data on our [Jeff Berger's Everything SXM Facebook Site](#).

3. Airport Terminal Reopening Set for December

Although renovations and rebuilding of the Irma-pummeled main terminal of SXM Airport continue to progress, the airport has told us that the target date for moving departures and arrivals back into the main terminal (from the current tents) has been changed to December.

That's not a problem; most passengers say that the tents have been working fine and are very efficient.

Flight frequency at the airport will build substantially in December as airlines get set to accommodate increased demand for the 2019 winter high season. At that point, departures and arrivals will move into the first floor of the main terminal while heavy reconstruction proceeds on the second floor, which had been heavily damaged by Irma and Maria. The second floor is expected to be fully operational by next Fall.

We expect to take a photographic tour of the terminal some time during the next several weeks. If you want to get a close look at progress at that point, check out our [Everything SXM Facebook Site](#); joining it takes only a minute.

More on the schedule change for moving to the main terminal is [here](#).

4. Cruise Liners Switching to LNG: Why?

They are a familiar scene: mammoth cruise ships chugging out of port while their smokestacks belch black, sooty smoke into the air.

It's a phenomenon that has been noticed by people concerned with air pollution in ports nearby, but also by people concerned with noxious smoke from cruise ships defouling oceans more than they're defouled already.

Some recent press reports from Bloomberg seem to tout this as a forward move by the cruise ships — which it is, but the impetus seems to be coming more from municipalities which are moving toward regulating pollutant-belching ships out of existence.

[This story](#), published earlier this year, talks about the progress being made by Carnival and some of the real reasons it's a necessary step. [This story](#) regards cruise ship pollution.

5. Best Places for Tropical Updates; Hurricane Tracking Chart

You'll find detailed observations and forecasts by visiting our main SXM website, www.everythingsxm.com, and clicking either of the weather observations at the top of the page.

The four sources of current weather info, beyond the two above, are:

1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.

2) Our "Weather" page at www.everythingsxm.com -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.

3) Our [Everything SXM Facebook Site](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.

4) On or off the island, listen to Island 92 -- 91.9FM or see www.island92.com. They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

Download your own NHC Hurricane Chart:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get.

The exact charts used by the National Hurricane Center (NHC) are available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. Bear in mind that this hurricane season may well be frontloaded — so you might want to print a few of these now and *not* save doing that for later.

SECTION 2: Accommodations: Hotels, Resorts, Timeshares, Villas Etc.

7. Your Invitation To Our Party/Seminar on Relocating To SXM

On November 20 in St. Maarten, we will hold an important, well-detailed party/seminar designed to help people who are interested in relocating to SXM; buying a vacation home there; buying a retirement home; acquiring an income property on SXM; or even starting a business there. .

The conversation will be led by Arun Jagtiani, head of Island Real Estate Team and widely regarded as SXM's top realtor, and it will feature other subject matter experts. There will also be plenty of time where the experts can answer your questions. Events will be kicked off by Jeff Berger.

Scheduled for about two hours total, the party / seminar will be packed with information that applies to both sides of the island. We're creating this event in such a way that it will answer all your questions — even many you may not have thought of.

In the past, our audiences for special events like this have always been JMB Website Supporters members, in most cases exclusively. **We have decided this event, however, will be different: we are opening it up from the get-go to both JMB Website Supporters members, who can register now at no cost, and to others interested in possible relocation or property investment on SXM.** Nonmembers will be allowed to preregister now as well, and they will be approved on a space-available basis at a cost of \$35 per person assessed by the venue and collected by the venue upon check-in on the day of the seminar. *We expect to publish the complete seminar agenda sometime this coming week or next on our [Everything SXM Facebook Site](#), following which it will also be published here in SXM Weekly News.*

Preregister Now. Attendance will be strictly limited to 100 people. To preregister, send an email to susank@jmbcommunications.com with the subject Relocation Seminar. We will need your JMB Website Supporters membership number if you are a member, plus the full names of all attendees and their email addresses and telephone numbers. JMB Website Supporters will be allowed to bring two guests to the seminar — two people who are also interested in relocating to SXM or buying property there. Children are not invited to and are not welcome at this event. The nonmember guests must pay the fee noted above (though they can of course join JMB and avoid it). We will acknowledge attendance shortly for JMB Website Supporters members and we will add nonmembers to a wait list. They will be contacted in the order in which they registered soon, at which time we hope to accommodate everyone to the maximum of 100 total attendees.

If you are serious about possibly relocating to SXM, you may want to become a JMB Website Supporters member by the middle of this coming week which is when our membership sale must end; once you become a JMB member, you will not only get our 300 discounts and other benefits across SXM, but we will have priority access to the seminar and will not have to pay to attend it.

A couple of people have asked us if this is some kind of timeshare sales gimmick. It absolutely is not. It is exactly what we say it is, a seminar to help people who are seriously considering relocating to, buying a vacation home on, or acquiring income property on SXM. As noted, we also expect also have info for people who may be interested in coming to SXM to open a business. *There is lots to cover here and we look forward to delivering a very useful event for our members and to many others.*

8. Jay Time's Thoughts on Royal Islander

Jay Time, who as many of you know is the head of the Three Amigos restaurant in Maho, has a view of what's going on in the Maho/Royal Islander universe that's better than most, just because of its proximity.

We thought we'd pass along his comments about the status of Royal Islander: "...My guess is within a month La

Plage and Royal Islander will be open; I know La Plage will be open on or around Dec 1."

9. Sonesta Ocean Point to Reopen 12/15: Pictures

On our [Everything SXM Facebook Site](#) 10/27, Melanie Reffes posted pictures of Sonesta Ocean Point, where progress has been huge. Check it out on our site.

10. Places to Stay: Many Available, Take Your Pick

With several timeshare resorts back online — Belair, Sea Palace, Divi, Atrium Resort, Simpson Bay Resort, and Oyster Bay Beach now open too -- timeshare owners continue to post units available for rent on our [timeshare rental site](#) on [everythingSXM.com](#) and on our new companion Villas for Rent page, also on [everythingSXM.com](#). Check them out: they have just been heavily revised.

Get your rental weeks now. Note: ads on those pages are from JMB Website Supporters members exclusively.

12. Big Special Issue Coming "On Returning to SXM"

Our next issue, normally published Monday 11/5, will be focused on the needs of people returning to the island for the first time since SXM was hit by Irma nearly 14 months ago. It will cover the airport ... a look at the entire island ... restaurant focus areas ... Philipsburg ... Marigot ... Grand Case ... Simpson Bay ... and much more. It will likely be published around November 7 or 8. Look forward to it -- and you might want to tell your SXM tourist friends to subscribe at sxmweeklynews.com.

13. Vesna Taverna Dinners Resume November 8

Vesna and Yannick, owners of Vesna Taverna in Simpson Bay, typically close the restaurant for dinner each Fall for several weeks during their seasonal closing. They use the time to relax a bit but learn a lot — typically in Paris. Their culinary adventures translate into new flavors, textures, and aromas for their many long time fans. This year will be no exception.

Vesna and Yannick are now returning from Europe and will reopen for dinner starting on November 8, a week from this Thursday. Reservations are strongly suggested since the restaurant is extremely popular. For more information, please see their website, VesnaTaverna.com.

15. French Side Updates

KonTiki and other restaurants that had been blown away by hurricane Irma are again under construction. Bikini beach, as we reported before, already has reopened. We're going to be doing a grand tour of the island during next week and we'll be reporting what we see in our next issue of *SXM Weekly News*.

One thing we'll look at very closely will be the new Super U being built in hope estate, on the French side between Orient beach and Grand Case. Lara Russo, whose Spiga restaurant is in Grand Case, will be passing by the Super U site in the near future when her restaurant reopens. She has already said that it appears to be much larger than Simply was — the market that was previously on this site, destroyed by hurricane Irma and subsequently demolished.

We'll also see if we can get a handle on the new Super U's opening date.

16. Both Carrefour Markets Moving Toward Reopening

The Carrefour market near Philipsburg, formerly Le Grand Marché, is expected to reopen fairly soon. Its sister store, the Carrefour off the Union Road in Cole Bay, was severely damaged by Irma and even a few weeks ago did not yet have a roof. Work is proceeding there now. We hope to get specific information about reopenings for both properties

in the next couple of weeks.

17. Auberge Du Mer Businesses Ordered Shut Down

Relief is in sight, apparently, for 10 businesses that the French side government told to vacate their building a couple of weeks ago.

The businesses inhabited units at Auberge Du Mer at Marina Royale in Marigot. The Auberge building was declared unsafe and in need of demolition, and the businesses inhabiting it were told to get out. They howled — such a dictum was grossly unfair, they said, following Irma, Maria, and low season, and they needed relief.

Now, the French Side government appears to have come up with what may be a solution. See the story [here](#).

We will continue to cover this story, which has had several twists and turns since it was first reported. This was the [original story](#).

18. French Low-Cost Carrier Joon Offers €199 Fares From Paris

The French low-cost carrier Joon, an offshoot of Air France, is now offering three times weekly roundtrips from Paris to SXM for €199 each way — extraordinarily cheap by Paris/SXM round-trip pricing standards. See much more [here](#).

19. "Rum and Peas" For Sale or Lease

Sherman Marten's Rum and Peas restaurant in Simpson Bay is now up for sale or lease. It's a fully equipped restaurant.

Sherman, you may remember, was also owner of the Canoa restaurant on oyster pond, which was completely destroyed by hurricane Irma. Rum and Peas, build from sturdy former shipping containers, whether the storm rather well. For more information, dial 721-586-3388; tell them you heard about it from Jeff Berger's *SXM Weekly News*.

20. Current Pictures of Resorts & Restaurants

Many people have expressed an interest in seeing current pictures of resorts and SXM restaurants. Pictures are a big part of what's on our [Everything SXM Facebook Site](#), every day. You'll find pictures of progress on restoration across the island — the airport, restaurants, hotels, and more. The pictures are complete with information about what's happening. In our Files area on the [Everything SXM Facebook Site](#), we also have detailed information about the status of dozens of hotels and restaurants as well as timeshares across SXM.

If you're looking for pictures and information about your favorite island, our site has everything.

21. One Euro Costs \$1.14

The Euro has been sliding slightly in recent days. As of today, the exchange rate between the dollar and the euro meant that the euro costs \$1.14. We can hope that the Euro continues to slide: a couple of years ago, they were close to parity.

22. Should You Bring Your Amex Card to SXM?

American Express cards are still accepted by many jewelers on the island, but they are increasingly difficult to use at many other establishments.

Owners of those establishments have said for years that American Express in the Caribbean pays slowly and charges higher fees than other credit cards. If you have cards other than Amex, you might be better off using the other cards when on SXM — they are likely to be refused less often.

23. Don't Bring Travelers Checks...

ATMs are widely available across SXM. In fact, if you are a customer of Bank of America, there is an agreement between the Bank of Nova Scotia (Scotia Bank) and Bank of America under which the bank doesn't charge for ATM transactions. It's a reciprocal agreement, good for customers of both banks. That means you can easily take cash out of your Bank of America account at Scotia bank ATMs on SXM.

That's another reason not to bring travelers checks to the island, but the main reason is that they aren't readily accepted. Many stores and restaurants flat out refuse them and some banks won't accept them either.

24. We're Throwing Two Parties; You're Invited to Both

JMB Communications / JMB Website Supporters / Everything SXM are actually putting on two parties during Thanksgiving week, as you may have read in preceding stories.

The first, our widely heralded November 20 late-day party/seminar on relocating to SXM, buying income property there, or setting up a business on the island — covering both the French and Dutch sides — is described in detail in story 7. Registration is now open to all — not just JMB Website Supporters members, but also readers of *SXM Weekly News* and members of our [Everything SXM Facebook Site](#). Please see all the details in story 7.

Our second party is the next day, November 21 late in the day. Invitations were just sent out to all JMB Website Supporters members, who are already registering for this event. It's actually a JMB Website Supporters members meet and greet and also a holiday toy drive for island children. See the details in story 14.

25. Traveling Next Winter? Why It's Critical To Get SkyMed Now

Traveling Next Winter? Beat SkyMed's 90-day exclusion for pre-existing conditions by joining SkyMed now.

On its guaranteed renewable annual and multiyear memberships, SkyMed has a 90-day waiting period for coverage of pre-existing conditions -- everything else is covered in full as soon as your SkyMed membership has been approved, per SkyMed's member services agreement.

If you're traveling in January or later, you can beat that one-time 90-day pre-existing conditions exclusion by joining today. That way the 90-day exclusion period will be over by the time you travel -- so you're covered in full, including pre-existing conditions, at that time.

SkyMed Takes You Home® when you become critically ill or injured when traveling. There is no age limit to apply, and once you're enrolled you can renew without further medical checks regardless of your attained age or your health at the time of renewal. Without SkyMed, if you need an Emergency Medical Evacuation, you must pay for it in cash, in advance. No cash, no evacuation. And the cost without SkyMed can be astronomical. Why risk that?

By contrast, if you're a SkyMed member, you call SkyMed directly and they make all the arrangements for all the services they provide. SkyMed Takes You Home -- what else matters?

And there is *no age limit to apply*. Call us at 508-747-8281 and ask for Jeff; he'll answer your questions and can

take your application by phone, usually in under 10 minutes.

It's available to Americans, Canadians, and ExPats from both countries. Short-term and annual coverage includes the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Global coverage is available on annual memberships for a \$99 additional yearly fee, but global coverage is standard on multiyear SkyMed Ultimate memberships, which are both SkyMed's best and its least expensive medevac memberships.

You'll find an overview of all key SkyMed Features & Benefits here:

<http://www.everythingsxm.com/sxmweekly.../SkyMedServices.pdf>

Got questions? Call us daytimes (EDT) at 508-747-8281. Again, we can answer your questions and take your application by phone in about 10 minutes. We can set up evening phone appointments too. It's like fire insurance -- get it before you need it.
