**SECTION 1: Getting There: Flights, Airlines, Airports, Cruises, & Weather**

## 1. Back-Loaded 2019 Hurricane Season Revving Up

Although forecasters at the National Hurricane Center, the University of Colorado, and our go-to source of tropical weather information, Crown Weather, all had ultimately predicted a slightly busier than usual hurricane season this year, the season's first three months have been rather quiet — until now.

On Saturday afternoon, tropical storm Dorian was named by the NHC, roughly a thousand miles east of the southern Lesser Antilles. The storm was expected to move west and west northwest toward the central Antilles, which it could reach this week.

Many factors will affect the course and potential strength of the storm, which may or may not reach hurricane strength as it progresses toward the islands.

Moreover, not only is Dorian a concern, but also a second system appears to be developing near the East Coast of Florida and the Western Bahamas. That storm, not yet named, could become Erin. In any case, it is expected to dump heavy rain on parts of Florida, as well as parts of the Bahamas, and it could also affect the southeast US coast, though at this writing on Saturday night that's by no means certain.

Yet another system is off the Texas coast ... and a strong tropical wave will be exiting the West African coast over the next couple of days, which could also develop.

It certainly appears that what Rob Lightbown suggested is about to happen — that this hurricane season will be end-loaded. We will be keeping a close eye on all of these systems for you; see current maps, satellite images, and radar loops in the weather center on our main site, everythingSXM.com.

*It is more important than ever for you to be especially aware of what's happening in the tropics if you and/or your business is in an area that is ever struck by tropical systems. We urge you to visit CrownWeather.com and sign up for Meteorologist Rob Lightbown's very inexpensive custom tailored personal weather forecasts. He is regarded as one of America's foremost sources of current, accurate hurricane guidance. His advice can be very important to you.*

Again, please see the weather center at everythingSXM.com for more information.

---

## 2. Island is Well Prepared - Just in Case

After being blasted by the sustained 185 mile-per-hour winds of hurricane Irma almost exactly two years ago, everyone on the island set about to ensure that the island's infrastructure, its businesses, and its residences were (pray God) capable of withstanding future storms of such unheard-of ferocity. *The island has virtually completed an astounding recovery from the hurricane, as it looks forward to a winter season that promises to bring near-record numbers of tourists to many newly opened hotels and to expanding accommodations everywhere*

After this recovery, SXM is very well prepared to handle almost any weather eventuality. If the island is unfortunate enough to be in the crosshairs of any tropical system this year, it of all places is as fully prepared as current technology and construction techniques allow.

Make your reservations now, readers: SXM is ready.

---

## 3. KLM SXM Passengers "Stranded Until Further Notice"

Passengers expecting to leave SXM aboard a KLM Airliner earlier this week were quite surprised and not particularly happy to learn that their flight had been canceled, with no indication when the plane could be repaired and they could return home.

They were told that technicians were on the way from Amsterdam to fix the issue, but could not be told with certainty when they would be finished.

Here is [that story](#).

## 4. Where to Download NHC's Hurricane Tracking Chart

Blank hurricane tracking charts similar to those that have been used by the folks at the National Hurricane Center for many years are now available for download; download yours [here](#) (that's the NHC download site).

## 5. NHC Watches, Warnings, Etc. Are Our SXM Site

Regardless of whether there are systems being watched, the National Hurricane Center (NHC) posts Tropical Outlooks and other routine posts multiple times per day. As long as the tropical Atlantic and Caribbean remain quiet, we will have few NHC posts on our site. But when the tropical Atlantic becomes active, we will be posting all significant bulletins both in the Weather Center of our main everythingSXM.com website and, later, on our [Everything SXM Facebook Group](#).

Our Weather Center on everythingSXM.com this season will include all current hurricane informational bulletins, satellite images, radar, etc. Be aware that Crown Weather Services, our long-time partner private weather forecasting organization, will be posting its exclusive content on our [Everything SXM Facebook Group](#) as necessary when any storms threaten SXM.

If you live or work anywhere where tropical systems could conceivably impact you or your business, we urge you to subscribe to Crown Weather Services predictions. We know a number of TV meteorologists and they invariably refer to Crown Weather's Rob Lightbown as the person to go to for accurate hurricane weather forecasting. Find out more at [crownweather.com](#).

## 6. See Current SXM Weather / Tracking Serious Weather

You'll find detailed observations and forecasts by visiting our main SXM website, [www.everythingsxm.com](#), and clicking either of the weather observations at the top of the page.

The four sources of current weather info, beyond the two above, are:

- 1) **[Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.**
- 2) Our "Weather" page at [www.everythingsxm.com](#) -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.
- 3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) On or off the island, listen to Island 92 -- 91.9FM or see [www.island92.com](#). They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

### **Download your own NHC Hurricane Chart:**

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get.

The exact charts used by the National Hurricane Center (NHC) are available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. Bear in mind that this

hurricane season may well be frontloaded — so you might want to print a few of these now and *not* save doing that for later.

## 7. Palm Court Hotel Reopens

Although it isn't big — only about some 21 rooms — Palm Court has long been a central figure as a hotel toward the northern end of Orient beach, and its fans are delighted to see that it is now back online.

This link takes you directly to [more information](#) and this one takes you to the Palm Court [website](#).

## 8. Hundreds of 2019, 2020 Condo Rentals Available Online

If you're thinking that it's time to return to SXM, you're right: the island is more than or any to greet you with open arms, delicious food, pristine beaches, and beautiful, totally renovated accommodations.

If you're planning to rent a timeshare or a villa, we want you to know that you can access hundreds of timeshare, condos and hundreds of villas through on the timeshare rentals page of our everythingSXM.com site, which delivers far more than timeshare rentals. That page was fully updated late last week and is now being updated every few days.

## 9. Original SXM Relocation Seminar Now Available Online

Just before last Thanksgiving, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November seminar is now available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#).

Next week we expect to add a link here to Bright Path, a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side.

---

## 10. New Relocation Seminar May Include Tax Impacts

We are currently working on developing an updated relocation seminar to be presented to Americans and Canadians interested in relocating to SXM during the next couple of years. We hope to launch the new seminar late this year or early next.

One addition we're looking into from prior seminars is more information about potential tax consequences for Americans relocating to SXM; more on that will be coming up. We also hope to record the new seminar and make it available to JMB Website Supporters members, *SXM Weekly News* readers, and members of our [Everything SXM Facebook Group](#).

When details are available, we'll publish them here.

## 11. Get That Condo on the Beach You've Been Dreaming Of

**SECTION 4: Island News, Info, & Features**

**15. Progress at Stopping Dump Fires**

Ever since it was sued a number of months ago by irate neighbors of the Dutch side dump, the Dutch side government seems to have seen its way clear to actually make progress on stopping dump fires and preventing them from recurring. It's the results that count, and those now seem to be real.

Here is that [story](#). The is far from being completed, but the steps taken so far are certainly in the right direction.

---

**16. Boat Owners Liable for Damage from Wayward Boats in Storms**

A court decision on the Dutch side appears to have set a precedent which would hold boat owners responsible if their boats are torn loose from their moorings during a future hurricane and then cause damage to other boats or other property. Many times, properly tied boats are sunk when hit by boats that were not properly anchored or secured during a hurricane. In some cases, despite adequate warning that Irma was coming, some boat owners left their boats in harm's way in local waters — and that is exactly what this suit was about.

## **17. Enjoying the Full Rhum Distillery Tour Experience**

Last Friday night, JMB Communications, parent company of everythingSXM.com, *SXM Weekly News*, and Jeff Berger's [Everything SXM Facebook Group](#) threw a party for members of our JMB Website Supporters island discount program. Plenty of food and an open bar were offered, as was the companionship and love for SXM shared by all in attendance.

Special guest Jacky Rom, who has written many novels in her Sandra Bernstein series from her writing home on SXM, talked about her latest novel, *From Vegas to Villainy*, and offered autographed copies to party guests. Jacky Rom also has been producing a series for Netflix, which is already airing. Look her up on Netflix to see what you've been missing.

Topper Daboul was also there along with Melanie Daboul, chief executive of the Toppers rhum distillery. Topper is building a couple of residential condominium projects on or near Simpson Bay, and gave those in attendance a brief sketch of those projects. Melanie told the group about the latest developments in rhum flavors and other rhum distillery news, and offered lots of rhum tastings.

One of the fascinations guests were able to enjoy during our party at the Toppers rhum distillery was brief tours of the facility plus explanations about how rhum is made. Guests were told that to get the full lowdown on production, research into new flavors, and more, it would take a lot more time than was afforded during our brief mini-tours during our party.

Toppers Rhum Distillery does offer full-length distillery tours for guests on the island: for much more information, see their [website](#) or phone them at +1 721 520-4903.

The Toppers rhum distillery offers many flavors of rhum, some of which cannot be bought elsewhere; Melanie's famous rhum cake [hint: it's potent], plus lots of other creative and memorable souvenirs. Check them out.

Customer stories are below.

## 24. \*\*\*\*\*SkyMed Customer Stories\*\*\*\*\* **Protect Against Pricy Emergency Medical Evacuations by Getting SkyMed:**

***Emergency medical evacuations are payable in cash in advance and often cost upwards of \$45,000 -- unless you have a SkyMed membership. SkyMed Takes You Home® to doctors and hospitals you know and trust, and where your health insurance actually works. It's available to Americans and Canadians and to X-Pats of both countries, taking them home from throughout the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Global coverage is available covering every country around the world except those on the U. S. State Department watch list. SkyMed makes all medical evacuation arrangements and pays for them directly...you just pay for your SkyMed membership.***

***Here are examples of SkyMed in action:***

***On a recent Thursday at Mullet Bay Beach***, a woman at the edge of the water fell and accidentally knocked down her friend, standing close by. The friend felt pain in her leg as she got up, went to a hospital, and was told she had a "soft tissue injury" and should relax in the sun. Pain continued. Next day she went to the Maho Clinic for another opinion since she couldn't put any weight on the leg without pain. The doctor there sent her to the French Side for a new x-ray. That diagnosis came back - broken leg and she had to be medically evacuated back to the US for surgery. A few days before, the woman had bought short-term SkyMed medevac protection for her short trip to SXM. Cost, under \$100. She was sent home by jet by SkyMed. The charge for the jet: \$0. Without SkyMed, had she needed a medevac jet, the \$26,000 (approx.) price of that jet home would have had to be paid in cash in advance; with SkyMed she was home and in the hospital of her choice the next day for \$0 out-of-pocket.

***Mary Beth and her partner Don*** were vacationing in SXM when Don fell and broke his hip -- only about a month after they had bought SkyMed. SkyMed flew them home on a medevac jet for the hospital care he needed. Flight cost to the patient: \$0. Savings: over \$35,000.

***An MD from Florida*** who always visits SXM was on a cruise vacation to the Greek Islands with his wife when he broke his femur aboard the ship. He was rushed to the hospital in Corfu but called SkyMed which arranged and paid for an emergency medevac flight to Athens for urgent surgery. A few days later SkyMed evacuated him again, with an excellent male nurse, all the way home to Florida, where an ambulance took him home for recovery. Required flight cost to the patient: \$0. Savings: huge.

***A Summer trip ended in disaster when a child visiting her grandmother*** in Grand Case was bitten in the head by the grandmother's bulldog, imperiling the girl's eyesight. She was flown to Miami in a medical evacuation jet for emergency eye surgery that saved her sight. Flight cost to the patient: \$0.

***A woman from Virginia*** shopped at an island grocer and headed back to her car carrying two bags of groceries. She tripped and fell on a curb and knew at once she had fractured her hip. After being stabilized locally, she was flown home on a medical evacuation jet from SkyMed where she had the surgery she needed. Flight cost to the patient: \$0.

***Two men were riding their horses on a hill in Cay Bay*** when a car backfiring spooked one of the horses, which threw its rider. The other rider got off his horse to check his companion when the car again backfired, spooking the horse again which led it to kick its dismounted driver in the head, luckily causing "only" a severely dislocated jaw.

The local hospital had no ability to solve that problem so the victim was airlifted by SkyMed back to Pennsylvania for surgery. Flight cost to the patient: \$0.

**A member of the clergy** fell down cement stairs and broke her leg. She too was airlifted home by SkyMed for surgery. Flight cost to the patient: \$0.

**Not all trips end well: anything can happen when you travel. Being a member of SkyMed was the common thread in all these cases.** *SkyMed takes its members home, usually in a private, ICU-equivalent medical*

*evacuation jet -- home to doctors and hospitals the patient knows and trusts -- and home where their health insurance works.* That's just one of up to 18 benefits received by SkyMed members for not much more than \$1.30/day for annual or multiyear memberships.

All this is why we always recommend SkyMed. Call Jeff Berger weekdays at 508-747-8281 and leave your name, phone number, and time zone. Jeff will call back at a mutually convenient time and answer all your questions. He can also sign you up by phone in about 10 minutes. You're eligible to apply regardless of your age or health if you are a U.S. or Canadian citizen or an American or Canadian ExPat living in SXM or certain other countries.

**Nobody is immune: anything can happen anywhere.** Do it today. To learn more, visit [www.skymed.com/jmb](http://www.skymed.com/jmb), our new SkyMed site, going live shortly.. JMB members get big discounts off SkyMed's regular pricing: see the story about JMB Website Supporters in this section.

### **More Info on SkyMed...**

On its guaranteed renewable annual and multiyear memberships, SkyMed has a 90-day waiting period for coverage of pre-existing conditions -- everything else is covered in full as soon as your SkyMed membership has been approved, per SkyMed's member services agreement.

If you're traveling more than three months into the future, you can beat that one-time 90-day pre-existing conditions exclusion by joining today. That way the 90-day exclusion period will be over by the time you travel -- so you're covered in full, including pre-existing conditions, at that time.

SkyMed Takes You Home® when you become critically ill or injured when traveling. There is no age limit to apply, and once you're enrolled you can renew without further medical checks regardless of your attained age or your health at the time of renewal. Without SkyMed, if you need an Emergency Medical Evacuation, you must pay for it in cash, in advance. No cash, no evacuation. And the cost without SkyMed can be astronomical. Why risk that?

By contrast, if you're a SkyMed member, you call SkyMed directly and they make all the arrangements for all the services they provide. SkyMed Takes You Home -- what else matters?

And there is *no age limit to apply*. Call us at 508-747-8281 and ask for Jeff; he'll answer your questions and can take your application by phone, usually in under 10 minutes.

It's available to Americans, Canadians, and X-Pats from both countries. Short-term and annual coverage includes the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Global coverage is available on annual memberships for a \$99 additional yearly fee, but global coverage is standard on multiyear SkyMed Ultimate memberships, which are both SkyMed's best and its least expensive medevac memberships.

You'll find an overview of all key SkyMed Features & Benefits here:

<http://www.everythingsxm.com/sxmweekly.../SkyMedServices.pdf>

Got questions? Call us daytimes (EDT) at 508-747-8281. Again, we can answer your questions and take your application by phone in about 10 minutes. We can set up evening phone appointments too. It's like fire insurance -- get it before you need it.

*When you're ready to sign up for SkyMed, be sure to call us and let us take your application by phone.* It takes under 10 minutes, and we submit it electronically. We know what SkyMed is looking for and we can make sure you submit it efficiently; that way we also get credit for the purchase, which in a small way helps fund this newsletter and everything else we do for you. SkyMed calls only can be received at 508-747-8281 during regular office hours, Eastern time.. Thank you.
