THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: Getting There: Flights, Airlines, Airports, Cruises, & Weather

1. SXM Airport Prepares to Reopen for Foreign Flights

In another signpost along the road SXM is traveling to reopen to tourism, SXM Airport head Brian Mingo said in a Daily Herald article on Saturday that the airport is ready to reopen for foreign flights once the Dutch side government makes its final reopening announcement, which is expected soon.

That announcement will be published at once by us in a special email to members of our JMB Website Supporters Island Discount Program (see information about it on our main site, everythingSXM.com), and it will also be published in our [Everything SXM Facebook Group](#).

Here is the complete story from the [Daily Herald](#).

Reconstruction of the airport's main terminal is continuing, but the airport is not expected to reopen completely until at least the end of 2021.

2. Airlines Are NOT Leaving SXM

For as long as anyone can remember, SXM has always been fertile territory for rumor mongering. Two rumors recently posted by some members of our [Everything SXM Facebook Group](#) questioned whether American Airlines and JetBlue are leaving SXM. *They are not.*

We have no idea where these rumors start, but they end here in *SXM Weekly News* and in our [Everything SXM Facebook Group](#). American is making serious cuts because of Covid 19, and all airlines have grounded hundreds of planes. More stories about that appear in this section..

The airlines, to the contrary, are clamoring to return as soon as the island reopens to tourists, which is expected to be very soon.

See our main news section (Sec. 4) for more.

3. Third Storm of Busy Hurricane Season Due This Week

Although the 2020 hurricane season didn't officially begin until today, Monday, June 1, 2020, there have already been two named storms — Arthur and Bertha. If those names are familiar, it's because they have been used before, for storms that were not lethal. Names are used periodically until deadly storms cause the national hurricane center to retire names; for example, there will never be another Camille, Katrina, Irma, or Sandy, among many others.

Crown Weather chief meteorologist Rob Lightbown says a third storm is expected to form this week, most likely in the Gulf of Mexico but also possibly earlier in the Bay of Campeche. For much more on current tropical weather, see our weather center on our main site, everythingSXM.com.

For the best hurricane coverage you can get, see [CrownWeather.com](#). They deliver private forecasting of tropical and North American weather for a tiny fee: their information is essential to anyone who lives or works in any area ever affected by tropical cyclones. We've subscribed for years and they are our go-to source for hurricane information.

4. Norwegian Cruise Lines May Declare Bankruptcy

Although Norwegian cruise lines early in May said that it may have to declare bankruptcy, to us it looks like that was more of a tactic to help it raise funding rather than an imminent financial reality. Indeed, soon after that announcement occurred, the company raised funds which observers believe are sufficient to keep it afloat through the next year of the Covid 19 global pandemic — until well after vaccines should be introduced and in use, and perhaps as herd immunity also begins to help the human race cope with Covid.

Here is [more information](#) about what's happening.

5. Despite Big US Bailouts, Airlines Plan Massive Cuts

Although US airlines received billions of dollars from the federal government, they continue to hemorrhage cash and are now reorganizing — storing hundreds of planes apiece, mostly in southern Arizona, and are planning to cut administrative staff and other personnel going forward.

Here are two stories, first about [American Airlines](#) and second about [United](#).

6. Where to Find Current SXM Weather Info

You'll find detailed observations and forecasts by visiting our main SXM website, www.everythingsxm.com, and clicking either of the weather observations at the top of the page.

The four sources of current weather info, beyond the two above, are:

1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.

2) Our "Weather" page at www.everythingsxm.com -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.

3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.

4) On or off the island, listen to Island 92 -- 91.9FM or see www.island92.com. They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.

5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

Download your own NHC Hurricane Chart:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get.

The exact charts used by the National Hurricane Center (NHC) are available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. Bear in mind that this hurricane season may well be frontloaded — so you might want to print a few of these now and *not* save doing that for later.

7. Where to Download the NHC's Hurricane Tracking Chart

Blank hurricane tracking charts similar to those that have been used by the National Hurricane Center for many years are now available for download [here](#) (that's the NHC download site). Also noted above; republished in case you missed it.)

8. Guaranteed Big-Time Savings on Hotels, Cruises, Car Rentals

We're now giving JMB Website Supporters members and *SXM Weekly News* readers access to a private, "members only" travel wholesale club that offers incredible prices not only on airfares but on travel reservations and packages worldwide.

SkyMed Travel offers exceptional pricing on everything and almost invariably beats everyone else's pricing. We have found their pricing excellent across the board and their 115% low rate guarantee on hotels and car rentals is real news.

Normally, SkyMed Travel charges \$99 to join plus \$99 annual renewals. But for our JMB Website Supporters members and now for *Weekly News* readers, the cost to join is zero as will be the cost for renewals. Join the Club by going to <https://www.skymedtravel.com/register>, sign up, and provide the requested information. Complete the first sign up item (SkyMed Membership Number or Representative ID) by entering the code 391330 — doing that ensures that you pay nothing for your SkyMed Travel Club membership. You won't be disappointed.

SECTION 2: Accommodations: Hotels, Resorts, Timeshares, Villas Etc.

9. Timeshare Resorts, Hotels Prepare for Island Reopening

As the island moves in an accelerated pace toward reopening for tourism (see our lead story in the next section), timeshare resorts, hotels, and other accommodations are taking the final steps necessary to be prepared for tourists to return to the island perhaps as early as later this month in some cases, or more likely July. Despite the fact that tourism has been shut down in recent months, some properties have remained open to house healthcare workers and others. That enabled them at times, to an extent, to move forward with necessary repairs and some other limited maintenance. As a result, most are ready reopen or will be fully ready in the next few weeks. To be sure, the atmosphere will be different — to ensure protection of the health of everyone.

Sources of Accommodations on SXM: Please see our Sponsors List in this edition of *SXM Weekly News*.

10. 2021 Rentals Available Now at EverythingSXM.com

SXM timeshare owners who are members of JMB Website Supporters have begun to post 2021 timeshare rentals on our main SXM website, everythingSXM.com. Much more information about available rentals is on our timeshare rentals and sales page on that site. It is certainly not too early to start making reservations for 2021. Also please see the unnumbered story at the beginning of section 3 in this edition of *SXM Weekly News*.

11. How To Rent Out Or Sell Your Timeshare Units

If you own timeshare weeks that you would like to rent out or sell on our main everythingSXM.com website, you can do it once you become a member of our JMB Website Supporters island discount program. For all the details, go to our main site, everythingSXM.com and click on timeshare rentals in the navigation bar. You'll find the details about posting there. For information about joining JMB Website Supporters, click the page curl on all pages of everythingSXM.com. As a member, you will have access to a growing pallet of about 300 discounts and other benefits including the ability to post up to 10 ads per year in our rental pages at everythingSXM.com.

The ability to post timeshare rentals on our site is limited to JMB Website Supporters members only, and is not available to any others at any price.

12. Buying a Condo in SXM? Here's Important Info

Just before Thanksgiving 2018, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#).

Please check this link to [BrightPath in SXM](#), a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM, or relocating there. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side. Ask for Vivian Chamas and let her know you heard about BrightPath through Jeff Berger's *SXM Weekly News*.

SECTION 3: JMB Member Discounts & Benefits

13. News About JMB Member Discounts / Benefits Updates

Once the island reopens to tourism, we will be working to further increase the already huge number of restaurants, jewelry stores, hotels, and other businesses offering discounts or other incentives to members of our JMB Website Supporters SXM Island Discount Program. As these additions are made, they will be reported in *SXM Weekly News* and will also be noted in our [Everything SXM Facebook Group](#).

JMB Website Supporters currently offers roughly 300 discounts and other benefits to its thousands of members.

For more info on what you get with your JMB membership, [go here](#).

SECTION 4: Island News, Info, & Features

14. SXM Prepares to Announce Phased Reopening To Tourism

SXM has already taken many steps in preparation for a phased reopening of tourism. During this past weekend, a flurry of activity continued related to the island's move toward reintroducing tourism.

There are a number of steps and preparations underway. Everything is being done in a highly methodical manner to ensure that every potential contingency has been addressed thoroughly. As soon everything is ready, the government will issue its announcement about the resumption of tourism and the reopening of SXM Airport in a phased manner to welcome back international tourists. When that announcement has been issued, we will publish it right away in our [Everything SXM Facebook Group](#); in an email to members of our JMB Website Supporters island discount program; and of course in a special edition of *SXM Weekly News*.

Stay tuned.

15. French Side Border Controls End Tomorrow

If all goes according to plan, the border with France reopens tomorrow. It had been closed by both the French and Dutch side governments several weeks back when the lockdown began. The Dutch side removed its border patrols as previously announced here in *SXM Weekly News*, and the French are due to remove theirs tomorrow.

Unfortunately, this does *not* mean you can go to the French side tomorrow if you're on this island. Here is the translated text of the French side announcement:

Lifting of cross-border controls on June 2, 2020, if all conditions are met. A stable health situation which allows a new stage in internal deconfinement. The deconfinement continues in Saint-Martin with the re-entry of pupils of 6th and 5th in middle schools public and the reopening of beaches and boating. If the health situation remains satisfactory, a next phase will be implemented on June 2, in particular the authorization of professional navigation and other nautical activities. The lifting of cross-border controls will take place on June 2, 2020, if all the conditions are met.

The memorandum of understanding in the health field is being finalized between Saint-Martin and Sint- Maarten

A working meeting was held on Friday May 22, 2020 between the Regional Health Agency and the Ministry of Health of Sint Maarten to set up a common doctrine, guaranteeing the monitoring and control of the situation sanitary. A new exchange is planned for Tuesday, May 26, to coordinate testing, contact tracing and the terms of the quarantine.

The signing of this shared memorandum of understanding is expected in the coming days. Lifting of the fortnight with Guadeloupe and Martinique from May 25, 2020. In view of the stabilization of the health situation, the obligation of fourteen after a trip between the Guadeloupe, Martinique, Saint-Martin and Saint-Barthélemy was lifted this Monday, May 25.

For travelers from mainland France traveling for a compelling reason on our islands, the principle of the fortnight is maintained. This is done at home, combined with a screening test protocol.

In accordance with the provisions of article 5 of decree 2020-548 of May 11, 2020, only those authorized are travel for a compelling personal or family reason, an emergency health reason or a professional reason which cannot be deferred. People who travel for any of these reasons must complete a declaration of honor, bring the supporting documents for the emergency and their place of residence. Travel (tourism, pleasure, family visit, ...) remains prohibited until further notice.

When cross-border tourism resumes, we'll publish that info here.

16. Club Orient Beach Reopens Completely

The southern end of Orient beach, which is the clothing-optional strand in front of Club Orient, has now officially reopened and is fully open for business as usual.

Social distancing continues to be critically important on the beach. All services are available including chair and

umbrella rentals, food, some drink, etc. Familiar staff faces are in sight. If when you return to SXM (before long) and you're looking for an all-over tan, this is the most popular place to get it.

Click [here](#) for more information. There is no new news concerning the potential rebuilding of club Orient itself, which was completely destroyed by hurricane Irma.

17. Vesna Taverna Reopens

One of our long-time favorite restaurants, Vesna Taverna, has reopened today. You'll find all your favorites on the menu plus some highly creative (and of course delicious) new entrees too.

Here are their hours:

Sat 9 to 10

Sun 9 to 4

Mon 10 to 4

Tues to Friday 10 to 10

Watch for pictures coming soon in our [Everything SXM Facebook Group](#).

18. Even Sargassum Seaweed Is Eager to Return

Everyone is very eager to return to SXM. Apparently that also goes for mother nature.

The bad news is that Sargassum seaweed from the Sargasso Sea, well northeast of SXM, is also predicted by the Nature Foundation to return to the island in the near future. The Nature Foundation tracks movement of the annoying seaweed as it has since 2012.

Of course, beaches are well cared for here, and beach resorts have crews ready to go to clean up the seaweed as soon as it arrives.

Pictures of what happens — or doesn't — will appear in our [Everything SXM Facebook Group](#), as always. That site posts many pictures and videos shot across the island.

19. Tijon Parfumerie Filling Orders, Preparing to Reopen

Tijon Parfumerie in Grand Case, diagonally across the street from Spiga restaurant at the northern end of town, continues to fill orders both for its own line of tropical fragrances even as it refills orders for thousands of different fragrances created by participants in its perfume-creation sessions.

If you have not yet designed your own perfume or cologne, it's time you did it at Tijon Parfumerie. Visit www.tijon.com and make plans to take your own mini class in perfume/cologne creation: it's a tremendous experience for everyone, not only women. And when you need refills of your favorite self-designed fragrance, Tijon fills your request quickly.

Tijon is much more than a Parfumerie and is well worth your visit. Learn much more at www.tijon.com.

20. Jewelry Stores Displaying Many Specials on Our Site

Many top SXM jewelry stores are partnering with our SXM media to bring you information about lots of specials they are offering. You'll find their posts in our [Everything SXM Facebook Group](#) and also, soon, in occasional brief features here in *SXM Weekly News*.

Stay tuned; is highly interesting, useful information.

21. Dengue Fever Appears on French Side

For the last several years, the numbers of cases of dengue fever, particularly on the French side of the island, have been relatively insignificant. But the recent focus of the island has been elsewhere — on controlling Covid — so less attention has been paid to dengue fever by folks in general.

As a result of people being crowded into their homes and apartments especially in densely populated areas on the French side during the shutdown, and with far less attention being paid to reducing standing water and other dengue-inducing conditions, dengue fever has made something of a comeback particularly on the French side, with hundreds of cases reported.

Dengue is carried by the Aedes-Aegypti mosquito, not ordinary mosquitoes. The Aedes-Aegypti mosquitoes are black with what look like white racing stripes on their legs. They can bite at any time, not just dusk and dawn. When you return to the island, we strongly suggest you get some mosquito milk at pharmacies and many supermarkets; it's the best repellent.

Because of the significant increase in cases on the French side, it is expected that the governments will shortly be taking the usual steps to kill mosquitoes on both sides of the island. We have seen no reports about Zika or Chikungunya, two other illnesses that can be carried by the same "vector" mosquitoes.

22. K1 Britannia Raising Funds to Feed Island's Hungry

K-1 Britannia Foundation, a charity which was very active on the island after hurricane Irma hit, held an online concert this past weekend to raise funds to help feed hungry people on SXM, where high unemployment resulted from the shutdown due to the Covid 19 Pandemic.

We published information about the concert in our [Everything SXM Facebook Group](#) then we broadcast the actual concert itself on that same Facebook site. You'll find more about K-1 Britannia [here](#) and concert info [here](#).

23. Plus One JMB Membership Promotion Continues

In one way or another, virtually everyone worldwide is being impacted by Covid 19, the novel coronavirus.

As much of North America slowly begins to reopen after working hard to bring Covid 19 under control, many people are wondering when SXM will reopen, enabling them to return and pump some cash into the hard-hit island economy.

First launched 18 years ago, our JMB Website Supporters SXM island discount program now offers about 300 discounts across the island — a number which we expect to grow once the island reopens for tourism (see related stories in this section). Although you personally may not return to SXM in the next couple of months, no doubt you are looking forward to going back as soon as it is practicable. For that reason — and in recognition of the financial impact Covid has made on many tourists — we want to make it easier for people to obtain our suite of SXM discounts, whether they're doing so for the first time or renewing a JMB Website Supporters membership.

For that reason, we are now introducing **plus 1** — a bold new program that gives everyone buying or renewing a multiyear JMB Website Supporters membership an additional full year of membership on us. This bonus is available today on all new JMB membership and renewal purchases, although you won't see anything about it on everythingSXM.com.

When your new JMB membership or your renewal is processed from now (5/18) through the end of June, we will automatically give you **plus 1** — an additional full year of JMB membership when you start a new **multiyear** JMB membership or renew one for more than one year.

We are also doing this for members of the US military and first responders who are eligible for our Military/first responders memberships. When you order a new or renewal four year military/first responders membership, you'll get an additional year on us if the transaction is completed by the end of this month.

That is five years for \$67.96, which is our usual four year ultra low pricing for Military/first responder memberships and renewals. Ends June 30 (just extended by one month).

Regardless of when you intend to travel or when your current membership expires, this is an offer you should not pass up. We normally now only very rarely have any kind of sales, so **plus 1** is an offer that won't last long and that you should take advantage of now.

Orders can be placed through PayPal in the usual way, and you do not need to do anything special to be able to get this plus one offer. But you do need to respond now, since the offer will expire at the end of May. Much more information about new JMB memberships can be found on our main site, everythingSXM.com, by clicking the page curl. Renewal information is on our JMB members-only secret website, which members can access through logging in via the orange login box below the masthead on all pages of our main site, everythingSXM.com. **Plus 1** is automatic -- you will not find it mentioned on our site, but again, it ends June 30, 2020.

If you have any questions at all, please don't hesitate to contact Membership Services at 508-830-3456 during regular office hours on weekdays, Eastern time.

30. SkyMed Q&A / FAQ - Frequently Asked Questions

SkyMed® FREQUENTLY ASKED QUESTIONS

Answers to Common Questions

This document contains general SkyMed information in answer to common questions. SkyMed's services are defined by its Member Services Agreements – plain English documents that tell you what you get and how it works (see much more info below). As always, SkyMed offers a 30-day "Free Look period," so if for any reason you're not satisfied with your unused SkyMed protection before 30 days have expired, SkyMed will refund your money.

Q1. Does it cover my trip to...?

1. Basic short-term and annual "SkyMed Takes You Home®" protection applies throughout the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean. Global Emergency Travel Services (G.E.T.S., a subsidiary of SkyMed) protection is available outside the USA, CANADA, MEXICO, BAHAMAS, BERMUDA, and the CARIBBEAN (the rest of the world), however neither SkyMed nor G.E.T.S. covers trips to nations on the U. S. State Department's then-current "Do Not Travel" list – North Korea, Iran, and Venezuela currently, for example, and several others. Before planning a trip, check that list if

you have any question about whether protection is provided for your destination – or call SkyMed directly during normal office hours (Mountain Standard Time) at 480 946 5188 or 1-800-475-9633.

Q2. Who is protected?

1. "Single" protection is available for individual travelers. "Family" protection includes your spouse or domestic partner and your young children up to 18 or 24 if they are full time students.

Q3. Do I need to call SkyMed before traveling outside my home country?

1. If you're traveling during the normal high season for travel to your destination, no. If you're traveling to your destination during its low season, do call SkyMed Member Services at the 800 number in the first question and let them know.

Q4. What if I'm going to a country not listed above in question 1?

1. Then you'll need (G.E.T.S) protection. If you have one of our Ultimate multiyear memberships, (G.E.T.S.) protection is included. On Annual (one-year) memberships, "G.E.T.S." protection is an inexpensive option.

Q5. What's the difference between "short term" and "Annual" or multi-year protection?

1. Short-Term protection is intended for brief trips, say a week or two. Like Annual protection, it "Takes You Home®" to doctors and hospitals you know and trust when you suffer a serious or critical illness or injury while traveling. Preexisting medical conditions are covered from day one with the short-term plan. It's inexpensive, only \$15/day for family protection. Remember, though, that Annual and Multi-year Ultimate memberships cost much less – only about \$1.35/day for family plans. Plus, they're guaranteed renewable without regard to advancing age or declining health. If you get a short-term plan, once it has expired, it is done, and you must reapply and requalify for another when you next travel. With Annual and multiyear Ultimate memberships, all you need do is renew before the renewal deadline – no need to reapply unless your membership has lapsed and the grace period has ended.

Q6. Is there an age limit for applications?

1. There is no age limit to apply. There's no age limit on renewals, either.

Q7. Can you cancel my protection at a certain age or if I get really sick?

1. Annual and multi-year Ultimate memberships are guaranteed renewable, as noted above. They will not be cancelled simply because you're a certain age or because your health has changed.

Q8. Will you raise the price of my membership at a certain age or if I get sick?

1. Once you're a SkyMed member, at renewal time you'll pay the same low renewal fees that everyone else with your type of membership pays. If you join at age 75 or older and purchase the X-Pat plan because you live in Mexico, the Bahamas, Bermuda, or the Caribbean, the X-Pat plan is more expensive than the standard traditional (Annual or multiyear Ultimate) plan.

Q9. What exactly does SkyMed cover? Is it health insurance?

1. You'll find an overview of all key SkyMed Features & Benefits here:
<http://www.everythingsxm.com/sxmweeklynews/SkyMedServices.pdf>

This is the same list you'll find on the back of our current membership applications. SkyMed provides up to 18 benefits related to medical evacuation if you suffer a serious or critical illness or injury while traveling. It is not health insurance – in the "SkyMed universe," SkyMed *Takes You Home®* to doctors and hospitals you know and trust, where your health insurance works.

Q10. What about pre-existing conditions? Are they covered?

1. Yes: for short-term memberships, medevac protection (including items listed in the answer to Q9, above) is included for critical illnesses or injuries related to pre-existing and non-pre-existing conditions. For Annual and multiyear Ultimate memberships, pre-existing conditions are covered after a brief 90-day waiting period.

Q11. I want guaranteed renewable protection because of my age, but I'm going on a trip sooner than 90 days. What can we do about that?

1. Get our inexpensive short-term membership to cover your near-term trip, including medical evacuations for serious or critical illnesses or injuries due to pre-existing conditions. At the same time, apply for an Annual or Ultimate membership, to kick in once your near-term trip ends.

Q12. I'm not traveling for a while. When should I apply?

1. Get SkyMed before you need it – just like fire insurance. Since you don't know when you'll need it – and since health can change in a heartbeat thanks to falls, accidents, or other issues – it's always better to do it sooner rather than later. Beyond that, if you have pre-existing conditions and get SkyMed Annual or multiyear Ultimate medevac protection now, that 90-day exclusion period for pre-existing conditions protection may well be finished by the time you travel.

Q13. What kind of questions do you ask in your application? Do you send somebody to do a medical exam?

1. There's no medical exam. Our application is simple, asking about hospitalizations in the last six months, your current medical conditions, and your prescriptions – and on the prescriptions, all we need is their name, not dosage info. If you have a complex medical history, SkyMed may ask for a "HQ" (health questionnaire) to be completed by your doctor and submitted to SkyMed by fax. You should also have your passport number handy; we record it so it's there in case you need help outside your home country.

Q14. How long does it take before I hear whether I'm accepted?

1. Generally just a few business days, but it's always best to do your application early to ensure sufficient time for processing.

Q15. I have more questions. Where do I find the answers?

1. SkyMed Ambassador Jeff Berger, located in Massachusetts, will be happy to answer your questions. Call his private line at 508-747-8281.

Q16. Can I sign up online?

1. For fastest results, we always suggest you contact us directly. We've done thousands of applications and can whisk you through the process in minimal time and with minimal bother. To get additional information first and see some customer stories, check our site, www.skymed.com/jmb. But to sign up, always call 508-747-8281. The process normally takes about 10 minutes, if that.

Q17. Who can get SkyMed?

1. SkyMed is available to residents of the USA and Canada, and to X-Pats living in the countries listed in Q1. X-Pat protection is necessary if you live outside the US or Canada for six months or more, in aggregate, in any 12-month period. Always notify SkyMed if you move.

Q18. I have a rather deep medical history. Will SkyMed still accept me?

1. Although SkyMed accepts the vast majority of applications, others do get health questionnaires (see Q13) and occasionally some do not qualify. There is no cost to apply if your membership application cannot be accepted. A history of a heart attack or cancer several years ago or other maladies does not automatically signal any issues for SkyMed. Apply – there is nothing to lose (again, no charge if you're not accepted). And as we noted in Q6 there is no age limit to apply and no age limit to renew.
