LEAD STORY: Air France Flight 498 to SXM Shouts Mayday But Lands Safely in SXM on Sunday, April 25

Air France flight 498 from Paris to SXM yesterday afternoon declared a Mayday (emergency) event as it approached SXM Princess Juliana Airport, reporting a strong order in the cabin. The plane was able to land safely, with passengers disembarking according to normal procedures. No special attention was observed from fire apparatus at the airport.

Although we have seen no later reports, apparently all was well with the plane since later on Sunday it took off for Paris at its normal time.

This is [PTZTV video](#) of the Mayday call and the landing. This is [the same airplane taking off](#) as flight 499 back to Paris later Sunday afternoon.

1. Two New Airplanes Will "Disrupt" Global Air Travel

You may not have heard of either of these airplanes — but you will. Boeing has heard of them — and no doubt is not happy about it, since both of them are built by the Airbus people, Boeing's arch-rival.

There are plenty of routes being flown by widebody jets these days, but in a hopefully soon-to-be post-Pandemic world, airlines seek the agility and scheduling facility of economical new narrowbody, single aisle jets — and both of the jets we'll talk about here are new narrowbody jets.

The A220, already in use by Delta and coming into wide use by numerous other airlines over the next few years, promises to be a hugely disruptive aircraft throughout commercial aviation. In this environment, disruptive means that it will hit the market in a memorable way, literally changing the course of aviation for years to come. The economics of the A220, which can seat up to 150 people or so, are such that JetBlue has decided to replace its entire fleet of venerable Embraer E190 aircraft with it over the next several years. It will also let JetBlue and other airlines provide more service more often to smaller airports, and increase its schedules from larger airports to cities with less demand for air travel — underserved cities.

Serial airline entrepreneur David Neeleman this year launches his new Breeze Airways, as we've reported here. His is probably starting up with routes from the southeast. *His primary aircraft will be the A220.* You may remember that Neeleman also founded WestJet in Canada, JetBlue in the USA, Azul in Brazil, and has had a role in other airlines. The A220 combines great economics and a very comfortable interior, two huge attractions to airlines and passengers alike. We will be writing about it as it enters service over the next few years since some new routes will certainly involve SXM.

The other aircraft that is making big news is the A321XLR, the latest and perhaps the greatest new aircraft in the A320 line of mainline jets from Airbus. Combining the attributes of the NEO-family of jets (an acronym for new engine option) and a lengthened single-aisle fuselage, the XLR gets its XLR acronym from the fact that it has extra fuel tanks to provide extra long range. It is the aircraft that JetBlue has chosen for its upcoming new service nonstop from both Boston and New York to London and beyond.

For other airlines, the A321XLR is replacing the beloved but aging single-aisle Boeing 757 aircraft which in the past have been used for less dense overseas flights from the US to Europe. Don't be surprised if at some point the A321XLR winds up being used by some new-to-SXM overseas carriers for flights to SXM....

2. Our "Complete Guide to Entry Requirements" Can Help Get You Here Now (Revised 4/11/21)

If you are contemplating coming to SXM now or later to relieve your year-long cabin fever, our complete **Guide to Entry Requirements** in every issue of *SXM Weekly News* can help you get here now. Not only does it show you all the entry requirements in detail, it also delivers clear answers to your questions, greasing the skids for the entire process of traveling back to SXM. Rely on it: it can make things a lot easier for you.

WEATHER:

3. A look at Spring & Summer SXM Weather - and Fall

Weather during the spring in SXM tends to remain dry and increasingly warm though still not humid. Although it can and does sometimes lead to small grass fires, the weather is welcomed by tourists since it gives them almost nonstop sun.

As we move into summer, particularly late summer when the tropics begin to heat up, the dryness may be punctuated by occasional tropical waves — but again, these don't normally tend to arrive until later in the summer, perhaps generally past the middle of August and beyond.

Some businesses do their seasonal closing in September and October, two of the quietest months on the island mainly because they are the peak of hurricane season. We've been in the Caribbean in October and our experiences have always been wonderful.

The biggest treat you can give yourself and your family and even your extended family if all of you are immunized and following protocols — is a July vacation in SXM.

Think about it: no high humidity, no crazy traffic, no blistering hot temperatures, and great weather along with uncrowded beaches. That's a huge positive comparison with many places in the US. And in the US, many car rental companies there have raised their prices so US car rentals in the United States may cost you \$1000 a week *just for the*

US rental, versus very low summer rates on SXM that are staying the same as they ever were. You can wind up saving money by going to SXM and getting a much better vacation in the process.

More on this is in other stories in our main news section.

4. Where to Find Current SXM Weather Info (Revised 3/8/21)

You'll find detailed observations and forecasts by visiting our main SXM website, www.everythingsxm.com.

Here are four more sources of current weather info:

- 1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- 2) Our "Weather" page at www.everythingsxm.com -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.
- 3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) **On or off the island, listen to Island 92** -- 91.9FM or see www.island92.com. They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG>.

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

Download your own NHC Hurricane Chart:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get. The exact charts used by the National Hurricane Center (NHC) are now available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. You might want to print a few of these now and *not* save doing that for later.

More stories are below.

6. What's the Difference Between PCR and Antigen Tests?

Girish Motwani, who heads the Medicare Covid testing facility in Puerta Del Sol across from the entrance to Avantika in Simpson Bay, says this in answer to a number of questions concerning the difference between PCR and antigen testing:

"The PCR test essentially is determining whether the sample taken has a detectable level of the virus' RNA (genetic material). The antigen test is determining whether the sample taken has a specific protein ("antigen") of the virus. For both tests, samples are derived with nasal/nasopharyngeal swabs."

-- Girish Motwani of Medwork-MedCare Clinic Sint Maarten

7. For Americans, NO Worries on Getting Tested Before Going Home

SXM resorts have responded quickly and forcefully to the recently announced requirement by the US for returning citizens to obtain negative Covid tests before flying home to the USA.

The island has gone after many additional tests to make sure it has an adequate supply and can respond to the needs of tourists. In addition, Simpson Bay Resort has established a new testing lab adjacent to its member services operation next to Hollywood casino at the center of the resort. The facility has specific hours (call for details), and use of it is not limited only to Simpson Bay members.

There is a charge for testing regardless of where you get it. Do not expect the cost of travel-related testing to be paid by your US health insurance. Pricing varies. Your resort will have information about this; it may be useful to make an appointment for your pre-return Covid testing at the beginning of your SXM stay, if you're going to be here for only a week or so.

8. NO Federal US Quarantine Now Required

Despite the January Biden announcement, no Federal US quarantine is now required after returning home to the US following some overseas trips. That situation could change but as of right now, there is no quarantine.

That does not mean that you don't have to quarantine when you get to your state since some states either require or recommend quarantines after you return home. See your state government web portal for information that pertains to you.

9. Simple, Fast, Cheap Covid Insurance Now Required

See the story in our Guide to Entry Requirements, below.

10. IMPORTANT! Why It's So Critical to Double-Check Everything Before Submitting Your Pre-Approval App:

Although our complete **Guide to SXM Entry Requirements**, which begins below, tells you everything you need to know to navigate the requirements successfully, the bottom line is that you must double check everything you are submitting to the EHAS portal very carefully before hitting the SUBMIT button. **In the vast majority of cases, when applications are denied, the cause is traveler error** — either incorrect or incomplete information is being submitted or information is not being submitted in the proper format. That's why it is so imperative to ensure that you double check everything before submitting your preapproval application to EHAS.

Our **Guide to Entry Requirements**, which is below, has all the info you need to do this successfully.

11. What to Do If One of You is Denied EHAS Preapproval & The Other Is Accepted (Updated 3/15/21)

Although this rarely happens now thanks to the fact that the EHAS system has already been staffed up (and staff continues to be augmented due to rising demand), EHAS is manned by humans, not computers, and in rare instances these humans may make mistakes. Although it does seldom happen, in rare cases husband-and-wife or other partners or friends may submit identical applications with identical negative Covid test results both of which meet all requirements — and one may be approved and the other denied.

If this happens to you, check your application completely to make sure it meets all of the requirements described in precise detail in our **Guide to Entry Requirements** published in the Files area of our [Everything SXM Facebook Group](#). If it does, and if time allows (for example, if your flight is at least a day or two away), resubmit your application after checking it very thoroughly after waiting at least four hours for a response from EHAS. We have had people submit applications three times, receiving their approval after two denials. Incidences are rare but they do happen. **Do NOT resubmit continuously** -- that clogs the system and delays response for everyone.

If you are within a day of your flight and have received multiple denials after carefully checking your application to make sure it meets all qualifications, PM Jeff Berger directly in Facebook messenger and give him all the details and copies of all the PDFs of all your forms. Do not send images either to EHAS or to us — you must send PDFs, which are clearer and more usable (that's what we instruct in our Guide, below). JPEGs (photographic images) are a sure way to get a rejection. Jeff will see your message within a few hours at the most and will try to help everyone in this situation, with priority attention always given to members of our JMB Website Supporters island discount program through its Ombudsman benefit. We do work as quickly as possible to help you but we cannot guarantee any results -- though we do have a pretty good record.

12. Can You Get a Covid Vaccine Shot in SXM? (Updated 4/5/21)

A number of tourists who spend several weeks on the island every year have asked us whether they can get Covid vaccine shots while in SXM. The answer is NO. Vaccines are now being distributed here and they are being given out in priority order to healthcare workers/1st responders, then the elderly and people in nursing homes, and then to the general population of residents — pretty much the same order as in the US.

Foreign non-residents are not covered. Attempting to get the vaccine in SXM when you are not eligible to get it takes away a chance to be immunized for someone who lives in SXM, which would be unfair to locals.

If you are a resident of SXM, that's a different story; SXM residents, contact your healthcare provider for more information.

13. If You've Had the Vaccine, Do You Still Have to Test Negative?

Covid vaccines currently available apparently do not prevent you from getting Covid — they simply reduce the severity of your illness but while you have it, even asymptotically, you may be contagious and spread it to others. That's why having had the vaccine is insufficient to enable you to enter St. Maarten, and why **you must test negative** as described specifically below in order to be given preapproval to enter St. Maarten. There are currently no exceptions.

COVID-19: Guide to Entry Requirements - Please Read and Retain - REVISED 4/11/2021

14. Guide to SXM Entry Requirements (Updated 4/11/21)

See other stories in this issue re: the new requirement on SXM for Covid Insurance bought from the island, now in effect.

Also:

Effective November 25, SXM began to accept rapid antigen tests taken within 48 hours of departure in addition to RT – PCR tests taken within 120 hours of departure. Full information, updated to reflect this major change and listing the types of antigen tests accepted, is in the Covid area of the FILES in our [Everything SXM Facebook Group](#) (and is also below). That file has been completely updated to reflect the newly revised testing requirements.

For current information on exactly what the entry requirements are in SXM, please see [this Dutch-side government site](#). It's operated by the SXM government and it also includes individual forms you must fill out online in advance to get advance approval to enter the country, and where you also are required to upload your RT PCR or Antigen test negative results. If you don't do that, or if you send results in a form that is not acceptable to the island, you will not be allowed to board your flight.

That site is also where you are now able to sign up for the now required Covid insurance once you have uploaded your negative test results.

15. LIST OF ACCEPTABLE TESTS for Entry to SXM

As of February 17, 2021, passengers arriving from the United States of America and Canada can use all FDA approved rapid antigen tests for travel to Sint Maarten. This includes those antigen tests with Emergency Use Authorization (EUA) as well. This does not include At Home Tests. Any hand-written forms reporting COVID results ARE NOT accepted. Proof of vaccination against COVID is NOT currently accepted as an entry requirement.

"PCR" is an acronym for **polymerase chain reaction**, and "RT" refers to **reverse transcription** -- NOT "real time". The only types of test for Covid-19 currently acceptable to the government of SXM are both RT-PCR and the Antigen tests now noted above.

16. Finding & Taking RT-PCR or Antigen Tests in Your Area (Revised 4/25/21)

You must have a negative RT-PCR test taken less than 120 hours before your departure to SXM, or your Antigen test taken less than 48 hours before your trip. If you're on a connecting flight, this requirement relates to the departure of the final leg of your trip.

Where do you find a test in your area that will be able to deliver results to you within the required 120 or 48 hours? There are a number of ways to find out. You can ask friends who travel from your area; you can ask people on a website in your community where local people discuss local goings-on (that often works well); and you can also ask your primary care physician or ask in our [Everything SXM Facebook Group](#).

Covid tests taken for travel purposes are not always paid for by insurance. You might ask your PCP to send an order in to a local laboratory for testing for you — those will often be covered by insurance and results are very often posted at once when ready on the lab's or hospital's portal. You can download complete results in PDF format.

The requirements from SXM specify what information must be in these reports — things like the name of the lab, lab location, date and time of test, type of test (RT-PCR or Antigen), your name, and the result of your test. Once you get the PDFs for you and all of the people traveling with you, print them out and keep them with all the trip documentation that you will be taking with you — you will need them.

Although SXM says it wants "RT-PCR" tests most places in the US doing the tests simply call them PCR. That is fine. PCR tests are accepted by EHAS as we detail in this Guide.

More on the Application for Entry into SXM and how the PDF relates to that application is below.

17. Applying Online for Admission to SXM: What & How, w/ Advice

The government of SXM wants to keep out people who are sick with Covid — that's what all this is about. You must apply online for admission to SXM once you have negative results back of your PCR or Antigen test. If you have a positive result, you will not be admitted to St. Maarten.

Go to [the same website where you learned about entry requirements](#) to apply for admission. It is absolutely required and if you are not preapproved for admission you will not be able to get on your plane to go to SXM. The application will take you only a few minutes to fill out. It asks for your name, email address, the usual questions about whether you have any Covid symptoms or have been near anyone diagnosed with Covid recently, plus where you plan to stay on the island. It also asks you for the airline and flight number of your flight departing to SXM, and the departure date. (Remember the 120 hour or 48 hour requirement.) **CHECK EVERYTHING YOU ENTER VERY CLOSELY TO ENSURE YOU ARE NOT SUBMITTING ERRONEOUS INFORMATION.** Submit the application form from the website to EHAS by clicking a button. You will usually hear back in a few hours or overnight if you submit the form fairly late at night. **Allow 12 hours for EHAS to reply, though usually it's no more than 4.**

To make sure you get the paperwork approved as quickly as possible, we suggest you get your test taken several hours

below the 120 hour threshold ahead of the time of your departure to SXM (48 hours for Antigen test). That should give the laboratory plenty of time to get things to you so you can immediately file the application and get the information to EHAS, giving them as much time as possible -- again, they say to allow 12 hours for processing. Their responsiveness is usually excellent. If two or more people are going, we strongly suggest that you send the applications each using a different email address — that way, when you are asked to report your temperature every day, you will know which person in your party is being asked to reply to a specific email from EHAS. Overall, though you may be put off by the thought of having to do this process, it's quick, simple, and easy — and as we said the responsiveness is outstanding. Just do it — not a big deal at all.

Important: During this process, you will be asked to sign up for the required Covid insurance sold online by the island while you are applying for preapproval through EHAS. The process takes only about one additional minute for each person who is applying for preapproval. The insurance covers you on both sides of the island and costs only \$30 per person for trips lasting from a few days to up to 180. *It is required.*

Important (New 4/11/21): Two terms used in the EHAS forms are confusing tourists. This will help:

PORT OF EMBARKATION is the last airport you fly out of to go to SXM; if you connect to a different flight, it is where you board the plane that takes you to SXM.

TRANSIT STOPS: Does your plane stop anywhere outside the United States before it lands in SXM? Chances are high that NO, it does not; if that's the case, you answer NO to this question.

18. Required Covid Insurance Information (Updated 3/8/21)

Here is the island's formal announcement:

**** Vacation Safe in St. Maarten with the SXM Protection Plan ****

As of January 11, 2021, St. Maarten will roll out the SXM Protection Plan, a mandatory health coverage for its visitors that is very affordable and assures the tourist a relaxing and safe vacation. Due to the COVID-19 pandemic, St. Maarten wants to ensure that all visitors are properly protected, and have an advanced protection in case they test positive while vacationing on our friendly island.

A visitor who tests positive for COVID-19 in St. Maarten, will have very few, if any, out-of-pocket expenses, giving the visitors a peace of mind in case they test positive, and if they cannot be assisted in St. Maarten, the SXM Protection Plan covers also medical evacuation costs. The overall maximum limit for all benefits together, except Medical Evacuation, is \$50,000. Emergency medical evacuation to the nearest qualified hospital to prevent loss of life, is up to a maximum limit of \$20,000, provided the patient cannot be treated locally in St. Maarten.

In case of hospitalization, the expenses to treat severe COVID-19 symptoms includes specialist fees, diagnostic x-rays, lab expenses and nursing costs. Costs of specialized transportation of a Covid-19 infected person. It also covers a maximum sublimit of \$125 per day, max. 14 days, in case of a positive Covid-19 test result. Intensive Care Unit charges for treatment of a critical ailment caused by COVID-19. Costs of doctor consults. Max. 4 medically necessary Covid-19 tests as outpatient with a sublimit of \$75 per test.

Tests are only covered with referral from the St. Maarten Government Health Department. Emergency medical evacuation to the nearest qualified hospital to prevent loss of life. Preventive government mandated quarantines for fellow travelers and those who tested negative are NOT COVERED.

The insurance is required for all foreign nationals with the exception of residents, visitors who arrive, leave the same day, crewmembers and transit/transfer passengers who do not need to recheck their luggage.

The St. Maarten Visitors Protection Plan sold and processed via the mandatory online health form on www.stmaartenentry.com

*For detailed information on the St. Maarten Visitors Protection Plan please visit www.sxmprotectionplan.com
About St. Maarten: St. Maarten is the smallest island in the world to be shared by two nations – Netherlands and France – creating a destination with European charm and Caribbean flair. Located at the northern end of the Lesser Antilles, the islands 37 square miles has 37 breathtaking beaches and is home to many historical and family-oriented attractions. Direct air service is available to Princess Juliana International Airport from major U.S. and Canada, South America, Europe and the Caribbean gateways.*

Two important comments from SXM Weekly News:

- a) You do NOT have to re-up with this insurance after taking day trips to a neighboring island.
- b) This insurance DOES cover you on both the French & Dutch sides of the island.

c) PRINT OUT your policy information when you receive it after signing up, and TAKE IT WITH YOU on your trip along with your preapproval email and your accepted negative Covid test.

19. *****VERY Important***: Avoiding Common Mistakes That Cause Denials (Updated 4/3/21)**

There is often a common thread influencing denials. But since it is a human process, in rare cases human error can occur.

First, we'll deal with the common threads.

When submitting your negative PCR or antigen test in PDF format, **make sure it is done in PDF format** — not a picture or JPEG. JPEGs can be very difficult to read and that could be the basis of a denial. All of the required information is, of course, required information.

So, create a checklist from the information you see in this Guide and follow it to the letter when submitting your data. In fact, it is wise to find out what format your report will be in before you take the test, to ensure that the report will contain all the information SXM requires. That's not as difficult as it may appear, since most laboratories now are accustomed to issuing negative reports containing all information required for travel. Just be sure in advance that your report does include everything SXM requires. We often see prospective tourists send us applications they have submitted that were denied --many containing handwriting which is not allowed according to the requirements. No handwriting means no handwriting.

Second, sometimes you don't receive a response within several hours of submitting your application. **If that happens to you, double check your application again very closely to make sure that it conforms to all applicable requirements. Then and only then, resubmit the application** — and double check your email address to make sure it is spelled correctly since obviously, incorrect email addresses don't work. Check your passport number too as you wrote it in the online application -- if it's one digit different from your actual passport number, you aren't going to SXM. **NOTE: The response may go into your SPAM folder, so check there before you start panicking.**

Third, as we said, in rare cases human error can play a role in denials. EHAS has staffed up to help ensure its ability to provide quick, responsive, and accurate service to all applicants.

Fourth, sometimes you and your spouse will take tests at the same time from the same people and receive the same negative results. One of you will submit an application which is approved and the other may be denied. If time allows, resubmit the declined application after making absolutely sure that it is accurate and complete and meets all requirements. However if time does not allow that PM Jeff Berger through Facebook Messenger (not by email or phone) and give him all the information you sent to the government including that an identical application had been sent in and approved. There are no guarantees but we will try to help. If you don't have Facebook, get it — that's the only way we can handle these situations expeditiously. (We get just under 5000 emails a day and have filters for them so we can't guarantee we would receive your email inquiry, which is why we are requiring you to respond to us by Facebook messenger.) N. B.: We do NOT check it every two minutes, so don't expect an instant reply.

20. What to Take With You When You Go (An Important Checklist)

Everything on this list is essential for you to get on your airplane and fly to St. Maarten. You may wish to print this and use it as a checklist before leaving for the airport:

- a) Your passport and boarding passes (per usual);
- b) printed negative test results on laboratory stationery (this is the PDF form at the lab should send you to inform you of the results of your test; the test results form must include the information specified as required by Sint Maarten EHAS)
- c) the travel Pre-Approval form emailed to you by Sint Maarten EHAS in response to your submission of the negative Covid test (assuming your application was preapproved); this provision is not yet active.
- d) a thermometer, which you will need to take your temperature and that of your traveling companions during the first 14 days of your trip.

21. What to Expect When Arriving at SXM Airport

The second floor of SXM Airport, where the jetways go, is still not open, but the airport says the work on them is

progressing. It's our intent to get with the people of the airport to obtain the latest information about the status of the jetways in the second floor as well as preclearance — and to find out when the airport will actually reopen as it was before hurricane Irma hit more than three years ago. For now, all services continue to be conducted on the first floor of the airport — both departures and arrivals.

Unless your arriving plane parks a very short walk from the current arriving passenger entry to the terminal, you'll exit your plane and walk directly to one of the shuttle buses that will take you to the terminal entry. Wear your mask, of course: there is no such thing as social distancing aboard the bus — but the trip is only about two minutes long and everyone is required to wear a mask anyway. People should maintain social distancing on their way through immigration and into the baggage claim area.

It is essential for you to have all of your documentation PRINTED AND IN HAND when you go to immigration. We explain what that documentation is in the Covid section, above. Keep it handy because you will be asked for it. Your temperature also will be taken by a touch-free monitor and you will be asked the usual health questions to which you will be accustomed by the time you get to immigration.

Although it may or may not be mentioned to you as you go through immigration, you will be receiving email daily or thereabouts from Sint Maarten EHAS, requiring you to report your temp and to indicate whether you have any symptoms of Covid. You then click the appropriate button to send the documentation back to the island government. Filing these reports for 14 days is required by all visitors regardless of whether you receive the email from Sint Maarten EHAS. Consequently, it's important for you to save the emails you receive from the government and reply to them first thing every morning: you can use the first email you receive for subsequent replies even if you don't receive daily emails. The form you fill out online will nonetheless change to reflect the day of your vacation (day one, day two, day three, etc.) Your finish filling out and sending the form within about seven seconds — and a thermometer is shown in our list of things you must take to St. Maarten to record your temperature. EHAS expects you to take your temp and submit your info daily first thing -- before breakfast.

22. Reporting Your Condition to EHAS for 14 Days (Revised 4/25/21)

Once you have arrived in St. Maarten, EHAS will email you a notice with a link to their site. You are required to click the link which takes you to a very brief online form which asks you to record your temperature and whether you have flu like symptoms that morning before having breakfast. You then click a button in the online form to send its results back to EHAS. The form specifies is what day of your vacation the report is for — day one, day two, etc. If you receive an email the following day, follow it just as you did the first day. *If you don't, however, go back to the email you received the first day and click that link again — it will take you to the form you can use for day two or subsequent days.*

You must take your temp each day, which is why we said to take a thermometer with you. The current requirement is that you do this for 14 days. It takes less than 30 seconds each time and is simple, easy, and fast. During a global Pandemic, SXM is doing everything possible to ensure everyone's good health.

Record your daily information even if you don't receive a request for it from EHAS; that happens. It is better to have the info and not need it than the reverse...

Going Home to the US: (NEW SECTION)

23. US Requires Covid Testing Before You Go Home (See #7)

See the above captioned story for information on how to get the required Covid test before returning to the United States. Such tests are readily available on SXM before you leave, but see the full story above so you know how to make the arrangements.

26. Buying a Condo in SXM: Important Procedural Help

A while ago, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#).

Please check this link to [BrightPath SXM](#), a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM, or relocating there. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side. Ask for Vivian Chamas and let her know you heard about BrightPath through Jeff Berger's *SXM Weekly News*.

27. Where to Find SXM Condo Rentals from JMB Members for 2021-22: EverythingSXM.com

32. Another Reason NOT To Do a US Vacation This Summer

It is abundantly clear that everyone across this country (USA) wants to get out and go somewhere this summer. It's also abundantly clear that the current, swelling rush on US vacation spots is catching car rental companies flat-footed. During the height of the pandemic, they cut their fleet sizes dramatically to cut costs. Now they have found themselves unable to replenish their fleets adequately thanks to the global shortage of semiconductor chips automakers need to finish assembling cars for fleet buyers like car rental companies -- and for car-seeking retail consumers.

Stuck with fleets that are nowhere near big enough to meet demand, US car rental companies are charging upwards of \$1000 per week to rent a car in many places in the US.

The good news is that this is NOT the case in St. Maarten, creating yet another reason for you to pick paradise this year instead of anyplace in the USA. Why be stuck in the USA paying incredibly high car rental prices, getting stuck in traffic jams, dealing with understaffed restaurants in US resorts, etc. -- why put up with that? **SXM has fully staffed restaurants, car rental companies with full fleets and reasonable prices, gorgeous beaches, terrific shopping, and wonderfully friendly people. And little humidity, too.**

Make reservations today. Airfares will never be lower....

33. Why You Should Book Summer Flights NOW

For the moment, airfares are still a bargain from many parts of the country to SXM — but that is about to change, as we've been reporting.

Demand is increasing day by day and airlines are facing pilot shortages as they staff up for the coming surge in summer travel. They laid off or gave early retirement to too many pilots and now need to hire pilots by the thousands. Earlier during the Pandemic, US airlines were canceling flights simply because they weren't enough passengers. That is no longer the problem — now, demand is significantly higher and growing and there aren't enough pilots.

So, get your tickets now while prices have not yet caught up with the supply and demand crunch. We don't usually recommend people fly on weekends because those are the busiest times but weekends may be — for now — the best times to fly since seasoned pilots will be in such high demand for those high occupancy flights.

If you're fully vaccinated and following all Covid protocols, don't worry about flying. The flow of air inside commercial planes is from the ceiling to the floor, not side to side among passengers. Air is also introduced into the cabin from the outside — and it changes about every three minutes throughout the cabin.

Also, late on Saturday (two days ago), the Dutch side reported just 13 active cases of Covid — the lowest figure we've seen in more than a year, and one which is definitely heading in the right direction. So... It's a great time to visit SXM — just make your reservations NOW since the prices at hotels across the island are huge bargains — and book your flights now.

34. Skipjacks Reopening Moves Closer

The floor crew you grew accustomed to seeing at Skipjacks is itching to get back to work — and they will be able to do exactly that starting sometime (hopefully early) next month, if everything goes according to plan. We hear the place is spotless inside, and suppliers have all been alerted to expect orders very soon.

We're watching this for you. All that needs to happen is a few minor details to ensure that you have the same delicious and peaceful dining experience you have come to expect from Skipjacks. Bottom line, it should happen early next month. Once we have the exact date, we will publish that information both here in *SXM Weekly News* and in both our [Everything SXM Facebook Group](#) and in our [Everything SXM MeWe Group](#). That news should be coming quite soon

35. Our New-Design SXM Euro-Ovals Are Available for Ordering

Our popular purple sand chair SXM Euro ovals, introduced last year, are now available for ordering. You'll find a picture of them in our everything SXM Facebook group. Here is pricing and ordering information:

\$7 each or THREE for \$15 (multiple orders of three welcome). Pay by PayPal payable to jeff@jmbcommunications.com or by check payable to JMB Communications, P. O. Box 1812, Plymouth, MA 02362-1812 USA. INCLUDE YOUR NAME, SHIP-TO ADDRESS, EMAIL ADDRESS, & PHONE NUMBER IN YOUR ORDER. All checks MUST be US dollar checks drawn on US banks. Shipped ONLY to USA & Canada addresses. Put it on your car, on mirrors at home, on smooth-sided luggage, over your husband's mouth (just kidding), etc. Fun item for everyone who loves SXM like YOU do!

=====PHONE ORDERS NOW AVAILABLE TOO! 508-747-8281, 8am - 8pm EDT daily. Secure line, please leave all required info. Delivery is now roughly 2 weeks.

36. Damn The Torpedos: SXM Ready for Sargassum With New Mitigation Measures

Sargassum seaweed from the Sargasso Sea has occasionally been annoying tourists throughout the Caribbean and in other areas since 2012. It has sometimes bothered SXM tourists recently for about a month and a half.

The good news is that mitigation measures are being taken against Sargassum on both the French and Dutch sides of the island.

With the help of Rotary, the Dutch side is using a specially constructed vehicle to gather and safely dispose of the seaweed from the Dutch side beaches. The environmentally sensitive operation of this vehicle was reviewed and approved by the SXM Nature Foundation several weeks ago, before it started operations. One of their concerns was that nesting endangered sea turtles, their nests, and their hatchlings should remain untouched by the seaweed removal operations -- and that environmentally significant objective is being achieved.

On the French side, environmental considerations are also crucial. The biggest and most popular French side beach, Orient beach, has been seeing most of the seaweed removal activity, but other beaches with a wide public following are also being cared for from a seaweed removal perspective.

If you were concerned about enjoying island beaches, rest assured that they are being kept pristine for you. Come to SXM soon where you can relax in comfort on both sides of the island.

37. Keep in Touch With All Your SXM Friends Around the World With WhatsApp

If you haven't heard of or started using WhatsApp, you're missing out on a wireless telephone app that is hugely popular throughout SXM.

WhatsApp is free, and it enables you to use Wi-Fi to make and receive telephone calls at no cost to/from virtually the entire world. Moreover, it also enables you to do video calls and leave text or video messages for anyone anywhere.

Thanks to end to end encryption, personal messages you send or receive on WhatsApp remain entirely confidential: they are not even available to the staff of WhatsApp. If it's important to you to keep in touch with friends, family, and business associates while you are in SXM or anywhere else, they can all use WhatsApp either on their cell phones or on their computers easily and again, without cost. Give it a try. We are using it a lot for confidential business communications!

38. How SXM Attracts Global Culinary Talent

Back when the best restaurants on the island were all concentrated in the village of Grand Case on the French side, there were good restaurants on the Dutch side as well but not great ones.

For a number of reasons, over time several French side restaurateurs decided to move to the Dutch side while at the same time, top talent from other places on this planet also started gravitating toward the Dutch side, particularly Simpson Bay and the Cupecoy area.

It is now totally fair to say that the culinary capital of the Caribbean is the entire island of SXM. Having so much great, award-winning talent across the island draws even more highly talented restaurateurs and chefs here easily — not only from top culinary schools around the world, but also from top restaurants around the globe. We've written about a number of these chefs who in the last year have joined the staffs of our top Italian restaurants, seafood restaurants, Indian restaurants, and more. All you need do to read about these individuals is see our *SXM Weekly News* archives (link is in this issue) where you'll find a number of stories over the past year about new chefs coming to SXM's finest restaurants or opening new restaurants of their own. You'll particularly find stories like this in our Restaurant of the Week stories, particularly since last fall.

SXM attracts culinary talent because it already has some of the best culinary talent on the planet and others want to be a part of the fact that SXM is, in fact, the culinary capital of the Caribbean.

39. An Entirely New Restaurant Concept is Coming to SXM...

A former restaurateur who has spent many years on the island isn't coming back. Fact is, he couldn't come back even if he wanted to -- because he never left.

What he is doing is developing a restaurant concept that is quite fascinating to us and that involves someone else who is also well-known to a great many people.

What are we talking about? We've been asked to shut up until all of this is ready to be announced, and we will do exactly that. Sort of. All we wanted to say now is that probably within the next few months, you'll see a restaurant announcement here that will likely raise your eyebrows and make your mouth start watering. But after all, isn't that what anticipation is all about?

Watch for all the details about this restaurateur and his intriguing new concept right here in *SXM Weekly News* and feel free to tell your SXM friends to subscribe as well -- we'll be running the story here first.... They can subscribe at sxmweeklynews.com.

40. Plan Your Summer SXM "Goodbye 19" Parties

The coronavirus Pandemic isn't over yet, though all of us are tired of it and ready for it to go away. But if you and your crew — family, extended family, and friends — are all fully vaccinated or will be soon, why not plan a **goodbye Covid party** for SXM for all of you this summer?

You can either fill smaller hotels with your entire family — [Azure hotel and art studio](#), for example, which is right on Simpson Bay beach and can accommodate several families handily — or, for bigger families/groups of friends who want total privacy, try [Villa Vijoux](#), the eight bedroom, two-kitchen new villa in the heart of oyster pond about a 30-second walk down the street from the oyster pond/Dawn beach Mama Pizza Italian restaurant. You can get more information about Villa Vijoux by clicking the link. **A goodbye Covid party**: it's time to get those plans off the ground.

41. Restaurant of the Week: Vesna Taverna (and Dessert

Emporium)

How do you characterize a restaurant that is related to a chameleon?

It's a full-on breakfast place with typical American style breakfasts (don't miss the Bagel tower or the bacon egg and cheese bagel).

It's also a full on lunch place, with great sandwiches, delicious salads, and lots of smoothies.

It's a ridiculously amazing dessert emporium — and you can even see those desserts in their refrigerated display case when you come in for breakfast or lunch. In fact, should you decide against scrambled eggs and decide you want lemon meringue pie for breakfast, so be it (I led the way for you.).

Dinner is served Tuesday through Saturday depending on the season — and Saturday night is Greek night, when a full array of Greek specialties is offered in addition to their complete full French/American menu. Prices are incredibly reasonable; the food is great; Vesna is an unfiltered gem who knows her stuff; and the restaurant is laid-back and very friendly (and it is open air).

Just plan to go on your next visit. You will get hooked — just like everyone else who goes there. For more information, see their [Facebook site](#) or [VesnaSXM.com](#).

Here are recently featured SXM restaurants:

Vesna Taverna, [www.vesnasxm.com](#) (featured 4/26/21). Now open every day for B/L; dinner is offered Tuesday through Saturday. Outstanding dining and very reasonable pricing.

Spiga, [www.spiga-sxm.com](#) (featured 4/17/21) Chef-co-owner Ciro Russo & Lara Russo haven't missed a beat here as Spiga has finally reopened. Incredibly irresistible food, great staff, service, and beautiful ambiance. Everything is great, appetizers are out of this world. Absolutely not to be missed. **Now reopened.**

Jai's Contemporary Indian Cuisine (featured 4/5/21), Simpson Bay a 15-second walk from Reveil Matin (R/M is a breakfast/lunch restaurant). Outstanding dinners in this fun new contemporary Indian fusion restaurant operated by two SXM graduates of the Culinary Institute of America (CIA). Highly recommended.

IZI Ristorante Italiano, [www.izirestaurant.com](#) (featured 3/15/21). Open for lunch and dinner except Mon., when they're closed. Great food from one of SXM's very best restaurants. Fun atmosphere, too. \$10 pasta specials at lunch - lots of great food in every meal.

Mandarin Pan Asian at Port de Plaisance Resort off the Union Road, Cole Bay, (featured 3/8/21). Excellent selection of palate-pleasing offerings from Japan, Thailand, and China. Highly recommended.

Pure Ocean Restaurant at Divi Little Bay Resort, Dutch side (featured 3/1/21) Fine new beachside restaurant serving breakfast, lunch, and fine dining dinners. Excellent choices for everyone, innovative menu, beautiful presentation, and downright delicious. Great Caribbean ambiance on their open-air beachside deck. Attentive service and responsive staff.

Pineapple Pete, [www.pineapplepete.com](#) (featured 2/22/21) Known for great lobster Thermidor and lots, lots more. Generous portions, reasonable prices. Huge variety. Games for kids & their parents.

Wasabi Charlie Japanese Restaurant (formerly Sushitto) (2/22/21) now combined with Pineapple Pete at the Pineapple Pete location next door, opposite IZI Ristorante Italiano in Simpson Bay. See that entry, above.

Astra Steak & Seafood (featured 2/8/21) is the newest creation of Anish Chugani, who also operates Avantika and Movida in the same area of Simpson Bay. It's new, beautiful, and has high-quality written all over it. We just went and loved it. See <https://www.astrasxm.com/>

Avantika Thai [www.avantikasxm.com](#) (featured 2/1/21) Avantika is wonderful; SXM's best Thai.

La Patrona, Simpson Bay Resort (featured 1/25/21) La Patrona is SXM's only truly authentic Mexican restaurant. Highly recommended: great food, great service, not to be missed.

Mama Pizza, Porto Cupecoy (featured 1/18/21) Excellent pizza, and sizable portions / reasonable prices on numerous other Italian specialties. On the plaza at Porto Cupecoy, Cupecoy Beach. **Now also open in Oyster Pond.**

Sale & Pepe (featured 1/11/21) Cool location among breathtaking megayachts, cool decor, knowledgeable staff, and extensive menu, good service, and delicious food. Chef Davide Zagami stays mostly in the kitchen ensuring things go just right. <https://www.facebook.com/saleandpepemarina/>

Isola next to Hollywood Casino at Simpson Bay Resort, (featured 1/4/21). Italian. Excellent food, many choices (pizza too), busy, good specials. Lively; busy; entertainment some nights. Many folks from Simpson Bay Resort dine here as well as many locals and lots of casino high-rollers. [www.isolaristorante.com](#)

Mario's Bistro at the Cliff, formerly Mario's Bistro [www.mariobistrot.com/en/](#) 12/11/20 Mario's is one of the most spectacular culinary experiences you'll ever have. Go. Phenomenal dining at very reasonable prices. Formerly on the plaza at Porto Cupecoy, Cupecoy Beach, they are now at the Cliff. Open every day but Monday, they serve both lunch and dinner six days a week. Traditional and highly creative Continental dinners, with Tapas and other selections at lunch. Do not miss it. Reservations required.

Emilio's: outside Philipsburg (featured 8/10/20) offers fine dining in an historic, classic ambiance. **Not to be missed.** <https://emilios-sxm.com/menus/dinner-menu/>

La Rosa Restaurant, Maho Plaza, 7/13/20: Loved the relaxing vibe, attentive service, GREAT food, reasonable prices, and BIG portions. [www.larosarestaurant.com/index.html](#)

Freedom Fighters ITAL SHACK Rasta Restaurant, www.sxmfreedomfighters.com/restaurant 4/15/19. Just go...
Topper's <http://www.sxmtoppers.com/> (featured 1/28/19) One of SXM's oldest and busiest restaurants, Breakfast, lunch, dinner, and late dining. Open morning until late night. Sports on TV. Karaoke some nights.
Dany's Smooth Cupecoy Beach Bar (on Cupecoy beach); follow the road toward Shore Pointe and turn near Shore Pointe to get there. (Featured 1/20/2019) Parking, drinks, chairs and umbrellas, lolo-type food, and an all-over tan. What could possibly be better?
Enigma C3 luxury Catamaran, www.sailstmaarten.com (featured 8/7/17). Neil's new boat is as big as Celine Too was and it has now entered service. Neil is known for amazing cooking on board his boats.
Melange International Grill (featured 2/20/17) Reopened.
Taloula Mango's Blue Bitch Bar <http://www.taloulamango.com/> (featured 4/20/15) Reopened.

You will find hundreds more restaurants from both the Dutch Side and French Side listed in the Files area of our [Everything St. Maarten / St. Martin / SXM Facebook Group](#). Our thanks to our Admin there, Contessa Aiello, who edited the restaurant entries on that site.

42. Enter our New Vacation Giveaway - A Week at the All-New Orient Beach Hotel

Orient Beach Hotel is a perfect place to stay for your next summer vacation — even if it's in an additional vacation beyond what you already planned. July is the most perfect month on SXM, with great weather, just about every restaurant still open, plus low traffic and plenty of room on all the beaches — how's that for a change from the endless traffic jams on the Jersey shore, Cape Cod, or Lake George?

SXM in summer is a great vacation place: it's time you took a real summer vacation and get away from all that traffic, noise, and congestion that you find where you usually go.

Come visit us in SXM this summer and start yourself a great new tradition!

HOW TO ENTER THIS GIVEAWAY: [Go here](#).

Although we'll shortly update the form so it accurately reflects our new Summer Sensation vacation giveaway, the form is LIVE now and you are free to enter. **IMPORTANT:** You **MUST** be a subscriber to *SXM Weekly News* (NOT a passalong reader) to win, but subscriptions are FREE. Subscribe now at sxmweeklynews.com.

43. Join Our New Conversational Everything SXM Group on MeWe, the Facebook Alternative

For years, you have been able to obtain a great deal of SXM information and photos/videos in our [Everything SXM Facebook Group](#). Unfortunately, not everyone is a fan of Facebook, so we have started a new Everything SXM group on a platform that has become a strong competitor Facebook — it is called MeWe.

We urge all fans of *SXM Weekly News* to become members of MeWe and join our group there; [here is the link](#).

44. Going Home? Check Your State's Return Policies

It's essential for visitors returning home to the US to know their home state's policies and procedures for passengers returning from overseas flights well before they head to the airport.

We suggest at least a couple of weeks before your return date that you visit your state's main web portal to see exactly what its requirements are regarding Covid. Some states may require a negative test be taken X number of hours before your return flight; others may require some degree of quarantine, and others may require nothing.

The US REQUIRES Covid tests for everyone returning there from SXM. Details are in our Guide to Entry Requirements, published early in this issue of *SXM Weekly News*. Ask about testing locations on SXM that you can use — to do that, go to our [Everything SXM Facebook Group](#). Please do not ask questions there about your state's requirements — our group is SXM centric and will not accept such posts. Your state's web portal is certainly the best source of current, accurate information about requirements related to returning international passengers.

45. First Responders Now Get Platinum-Status JMB Discounts

If you're U. S. Military with a DD214, you're able to get a Platinum-Status Military JMB Membership for \$16.99/year, the lowest we ever charge anyone. You get instant Platinum Status which is permanent as long as you're a JMB member plus 300+ SXM discounts and other benefits. All you do is pay for four years to start and renew in four-year increments (\$67.96). Nobody else pays so little -- our small way of expressing how grateful we all are for your service.

And now we're adding police, firefighters, EMTs, and nurses to our just-renamed Military / First Responder Memberships in recognition of their sacrifices for the rest of us every single day. We just need you to send us documentary proof (ID) that you're one of America's very best. To sign up or upgrade your JMB membership to Military / First Responders, visit everythingxsm.com and click the page curl to sign up for your JMB military membership (the page still says Military). We'll also need a DD214 (or other police / fire / nursing ID) with your SS# obliterated for security. We'll be delighted to welcome you all to our new best-of-all JMB Website Supporters Platinum Memberships.

46. SkyMed Q&A / FAQ - Frequently Asked Questions

SkyMed® FREQUENTLY ASKED QUESTIONS

Answers to Common Questions

This document contains general SkyMed information in answer to common questions. SkyMed's services are defined by its Member Services Agreements – plain English documents that tell you what you get and how it works (see much more info below). As always, SkyMed offers a 30-day “Free Look period,” so if for any reason you're not satisfied with your unused SkyMed protection before 30 days have expired, SkyMed will refund your money.

Q1. Does it cover my trip to...?

1. Basic short-term and annual “SkyMed Takes You Home®” protection applies throughout the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean. Global Emergency Travel Services (G.E.T.S., a subsidiary of SkyMed) protection is available outside the USA, CANADA, MEXICO, BAHAMAS, BERMUDA, and the CARIBBEAN (the rest of the world), however neither SkyMed nor G.E.T.S. covers trips to nations on the U. S. State Department's then-current “Do Not Travel” list – North Korea, Iran, and Venezuela currently, for example, and several others. Before planning a trip, check that list if you have any question about whether protection is provided for your destination – or call SkyMed directly during normal office hours (Mountain Standard Time) at 480 946 5188 or 1-800-475-9633.

Q2. Who is protected?

1. “Single” protection is available for individual travelers. “Family” protection includes your spouse or domestic partner and your young children up to 18 or 24 if they are full time students.

Q3. Do I need to call SkyMed before traveling outside my home country?

1. If you're traveling during the normal high season for travel to your destination, no. If you're traveling to your destination during its low season, do call SkyMed Member Services at the 800 number in the first question and let them know.

Q4. What if I'm going to a country not listed above in question 1?

1. Then you'll need (G.E.T.S) protection. If you have one of our Ultimate multiyear memberships, (G.E.T.S.) protection is included. On Annual (one-year) memberships, “G.E.T.S.” protection is an inexpensive option.

Q5. What's the difference between “short term” and “Annual” or multi-year protection?

1. Short-Term protection is intended for brief trips, say a week or two. Like Annual protection, it “Takes You Home®” to doctors and hospitals you know and trust when you suffer a serious or critical illness or injury while traveling. Preexisting medical conditions are covered from day one with the short-term plan. It's inexpensive, only \$15/day for family protection. Remember, though, that Annual and Multi-year Ultimate memberships cost much less – only about \$1.35/day for family plans. Plus, they're guaranteed renewable without regard to advancing age or declining health. If you get a short-term plan, once it has expired, it is done, and you must reapply and requalify for another when you next travel. With Annual and multiyear Ultimate memberships, all you need do is renew before the renewal deadline – no need to reapply unless your membership has lapsed and the grace period has ended.

Q6. Is there an age limit for applications?

1. There is no age limit to apply. There's no age limit on renewals, either.

Q7. Can you cancel my protection at a certain age or if I get really sick?

1. Annual and multi-year Ultimate memberships are guaranteed renewable, as noted above. They will not be canceled simply because you're a certain age or because your health has changed.

Q8. Will you raise the price of my membership at a certain age or if I get sick?

1. Once you're a SkyMed member, at renewal time you'll pay the same low renewal fees that everyone else with your type of membership pays. If you join at age 75 or older and purchase the X-Pat plan because you live in Mexico, the Bahamas, Bermuda, or the Caribbean, the X-Pat plan is more expensive than the standard traditional (Annual or multiyear Ultimate) plan.

Q9. What exactly does SkyMed cover? Is it health insurance?

1. You'll find an overview of all key SkyMed Features & Benefits here:
<http://www.everythingsxm.com/sxmweeklynews/SkyMedServices.pdf>

This is the same list you'll find on the back of our current membership applications. SkyMed provides up to 18 benefits related to medical evacuation if you suffer a serious or critical illness or injury while traveling. It is not health insurance – in the “SkyMed universe,” SkyMed *Takes You Home*® to doctors and hospitals you know and trust, where your health insurance works.

Q10. What about pre-existing conditions? Are they covered?

1. Yes: for short-term memberships, medevac protection (including items listed in the answer to Q9, above) is included for critical illnesses or injuries related to pre-existing and non-pre-existing conditions. For Annual and multiyear Ultimate memberships, pre-existing conditions are covered after a brief 90-day waiting period.

Q11. I want guaranteed renewable protection because of my age, but I'm going on a trip sooner than 90 days. What can we do about that?

1. Get our inexpensive short-term membership to cover your near-term trip, including medical evacuations for serious or critical illnesses or injuries due to pre-existing conditions. At the same time, apply for an Annual or Ultimate membership, to kick in once your near-term trip ends.

Q12. I'm not traveling for a while. When should I apply?

1. Get SkyMed before you need it – just like fire insurance. Since you don't know when you'll need it – and since health can change in a heartbeat thanks to falls, accidents, or other issues – it's always better to do it sooner rather than later. Beyond that, if you have pre-existing conditions and get SkyMed Annual or multiyear Ultimate medevac protection now, that 90-day exclusion period for pre-existing conditions protection may well be finished by the time you travel.

Q13. What kind of questions do you ask in your application? Do you send somebody to do a medical exam?

1. There's no medical exam. Our application is simple, asking about hospitalizations in the last six months, your current medical conditions, and your prescriptions – and on the prescriptions, all we need is their name, not dosage info. If you have a complex medical history, SkyMed may ask for a “HQ” (health questionnaire) to be completed by your doctor and submitted to SkyMed by fax. You should also have your passport number handy; we record it so it's there in case you need help outside your home country.

Q14. How long does it take before I hear whether I'm accepted?

1. Generally just a few business days, but it's always best to do your application early to ensure sufficient time for processing.

Q15. I have more questions. Where do I find the answers?

1. SkyMed Ambassador Jeff Berger, located in Massachusetts, will be happy to answer your questions. Call his private line at 508-747-8281.

Q16. Can I sign up online?

1. For fastest results, we always suggest you contact us directly. We've done thousands of applications and can whisk you through the process in minimal time and with minimal bother. To get additional information first and see some customer stories, check our site, www.skymed.com/jmb. But to sign up, always call 508-747-8281. The process normally takes about 10 minutes, if that.

Q17. Who can get SkyMed?

1. SkyMed is available to residents of the USA and Canada, and to X-Pats living in the countries listed in Q1. X-Pat protection is necessary if you live outside the US or Canada for six months or more, in aggregate, in any 12-

month period. Always notify SkyMed if you move.

Q18. I have a rather deep medical history. Will SkyMed still accept me?

1. Although SkyMed accepts the vast majority of applications, others do get health questionnaires (see Q13) and occasionally some do not qualify. There is no cost to apply if your membership application cannot be accepted. A history of a heart attack or cancer several years ago or other maladies does not automatically signal any issues for SkyMed. Apply – there is nothing to lose (again, no charge if you're not accepted). And as we noted in Q6 there is no age limit to apply and no age limit to renew.
