THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: Getting Here: Flights, Airlines, Airports, Cruises, Weather, and COVID-19

GETTING HERE:

1. Thanks to High Demand, Long Waits Continue for Phoned-in Airline Reservations

Airline reservations for the coming months continue to fly through the roof.

As you've seen in local and national media, many airlines are seeing reservation activity surpass the levels realized in 2019, pre-Covid. If you want to phone airlines to make reservations, you'll have lots of company. In some cases you may run into delays lasting hours.

If you're planning summer, fall, or winter trips to SXM *make your reservations now*. Nail down your place to stay first,

then try to make airline reservations online. If you have frequent flier miles, you can use them when making online reservations. But we do suggest you do it now; if you wait, your preferred dates may not be obtainable.

2. How to Get Your Expiring Passport Renewed "Quickly"

The United States State Department is experiencing delays of up to 18 weeks for passport renewals. If your passport is going to expire within six months of your trip to SXM, make sure it is renewed before your trip. As we reported last week, even expedited service, which costs extra, may take a considerable number of weeks.

There are ways around this, of course, which the US State Department details in [this story](#). The most important point: get as much of a head start as you can; you'll need it.

3. Cruise Ships Slowly Returning to SXM

Although stayover tourists are very important to the economy of SXM, day tourists often become stayover tourists when they see how vibrant SXM is, what it offers in terms of beaches, dining, and nightlife, and how friendly its people are.

The importance of day tourists can't be overstated, and neither can the return of cruise ships in numbers starting as early as this month and ramping up through the end of the year. They can enable SXM to move closer to a state of normalcy as everyone gets vaccinated with fully approved vaccines and we put the current Covid Pandemic behind us. Philipsburg jewelers, souvenir shops, restaurants, and other businesses need help from tourists.

If you're on the island and have not yet made it into Philipsburg, please go; the merchants there need you.

4. Advice From a Flight Attendant

We don't know whether the material which follows actually was written by a flight attendant or whether it was written by another industry insider with lots of knowledge that passengers could use the next time they fly. Either way, the information here may prove highly valuable to you:

Advice from a Flight Attendant.....and lots of good suggestions:

If you are flying anywhere this month or the next few months on any airline:

Pack snacks and sandwiches, bring a refillable water container, portable charger for your phone, a deck of cards or UNO, download extra movies on an iPad, if you have wireless headsets also bring old school plug in type, bring a light blanket, go to the airport one extra hour earlier than you would have, bring your patience, and a mask. If you must travel with kids, go to Dollar Store and buy new toys they have never seen, give them these during delays. You can also buy the blow up arm floaties to use as pillows or lumbar support for your back. Small portable fan or paper fan. A tennis ball to use to massage your aches.

Airlines don't supply pillows or blankets right now. Once again, airlines DO NOT supply pillows or blankets. There is no food on-board to buy. Only snacks and usually there is not enough beverages for seconds.

Fill your water bottle in the airport, or buy a bottle. There is not enough bottled water on-board to fill your container, nor are we allowed to fill it. Bring extra snacks.

If you are booked on last flight of the day, be prepared that you might end up spending the night in the airport. (Delays tend to get worse the later you fly.-Ed.)

Do not check your medicine or keys (or any valuables or valuable documents -Ed.) in your luggage.

Bring a Pen. You may have to fill out forms, or need to write down info.

I have NEVER seen it this crazy! Every airline is short staffed, gate agents are working alone at gates for oversold flights, the wait times to get through to reservations are three-plus hours. Restaurants and stores don't have enough people to work. Super long lines everywhere. You will wait for in long lines just to get a coffee. LOTS of mechanical issues, weather, staffing issues none of which is due to front-line airline employees. They are as frustrated as you are. They are EXHAUSTED! This has been happening to them EVERYDAY ... with no relief insight.

So I am asking you to BE VERY KIND TO EVERYONE.

Don't bring your pets if you don't have to.

Copied from several Flight Attendants posting and trying to give a heads up on traveling these days.

5. Flying Through a Hurricane

We have a number of readers of *SXM Weekly News* and members of our [Jeff Berger's Everything SXM Facebook Group](#) who have critical jobs — doctors, reporters, political figures, and of course pilots — military and civilian.

One particular pilot, qualified to fly commercial 737 aircraft and the military equivalent of large 767 aircraft — told us last week that he flew through hurricane Elsa. We're sure he did not mean as a hurricane hunter pilot, since they actually fly right into hurricanes and report on their strength. But what he told us was that Elsa looked something like a hamburger — and added that all modern passenger jets are fully capable of flying around them, as many hundreds of jets did with Elsa....

WEATHER:

6. Reminder: About Our New Daily Tropical Outlooks

Effective several weeks ago, we started posting daily Tropical Outlooks in our [Jeff Berger's Everything SXM Facebook group](#) at some point during each day. If some tropical activity is underway, our posts will generally be happening in the evening or frequently through the day. But if nothing is going on, our Tropical Outlooks from the National Hurricane Center may be posted at any time during the day.

We are also making sure that significant information is posted every day in the weather center of our main website, [everythingSXM.com](#), as we've noted in this issue. It's hurricane season.

7. Where to Find Current SXM Weather Info (Revised 3/8/21)

You'll find detailed observations and forecasts by visiting our main SXM website, [www.everythingsxm.com](#).

Here are four more sources of current weather info:

- 1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- 2) Our "Weather" page at [www.everythingsxm.com](#) -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.
- 3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) **On or off the island, listen to Island 92** -- 91.9FM or see [www.island92.com](#). They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

8. Where to Download an Official NHC Hurricane Chart

You can get it right here: [click to download](#).

Or read this:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get. The exact charts used by the National Hurricane Center (NHC) are now available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. You might want to print a few of these now and *not* save doing that for later.

SECTION 2: Accommodations: Hotels, Resorts, Timeshares, Villas Etc

13. Check Out Hundreds of SXM Timeshare Condo Rental Ads Direct from Timeshare Owners

Ever since we established our JMB Website Supporters island discount program in 2002, it has offered hundreds of discounts and other benefits to its members. One of the first benefits provided to our members was the ability to advertise timeshare weeks they own for rent or for sale in our main website, www.everythingsxm.com.

That page currently offers hundreds of ads from timeshare owner, JMB Website Supporters members on SXM, as well as many more timeshare weeks for sale at prices far less than those charged directly by timeshare resorts.

Unlike other publications that carry ads for timeshare condos for rent or for sale, we accept ads exclusively from our JMB Website Supporters members — a big deal, security perspective. The ads were just updated with dozens of new Weeks added yesterday, Sunday, June 27. The weeks are offered directly by timeshare owners and not by any third parties, which means you pay no third-party commissions or any other fees. We do not charge our JMB Website Supporters members any separate fee for ad placement which enables you in the timeshare owner to deal directly with each other without having to deal with third-party fees.

Go here to see our current selection of SXM timeshare weeks for rent and for sale. The list is very frequently updated, especially at this time of year when so many people are selecting accommodations for their next SXM vacation.

14. Condo Sales Continue Through the Roof - Who to Contact

See the Realtors in our Sponsors list below; they are the most qualified to help you learn more about and acquire a condo on SXM that meets your specific needs. Also see the story immediately below about BrightPath Caribbean, a company that can help enormously with required paperwork. They know what they're doing.

15. Buying a Condo in SXM: Important Procedural Help

A while ago, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#).

Please check this link to [BrightPath SXM](#), a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM, or relocating there. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side. Ask for Vivian Chamas and let her know you heard about BrightPath through Jeff Berger's *SXM Weekly News*.

16. Where to Find SXM Condo Rentals from JMB Members for 2021-22: EverythingSXM.com

SXM timeshare owners who are members of JMB Website Supporters are posting 2021 and now 2022 timeshare rentals on our main SXM website, [everythingSXM.com](#). Much more information about available rentals is on our timeshare rentals and sales page on that site. It is certainly not too early to start making reservations for this Summer, Fall, and beyond.

17. How To Rent Out Or Sell Your Timeshare Units

If you own timeshare weeks that you would like to rent out or sell on our main everythingSXM.com website, you can do it once you become a member of our JMB Website Supporters island discount program. For all the details, go to our main site, everythingSXM.com and click on timeshare rentals in the navigation bar. You'll find the details about posting there. For information about joining JMB Website Supporters, click the page curl on all pages of everythingSXM.com. As a member, you will have access to a growing pallet of about 300 discounts and other benefits including the ability to post up to 10 ads per year in our rental pages at everythingSXM.com.

The ability to post timeshare rentals on our site is limited to JMB Website Supporters members only, and is not available to any others at any price.

SECTION 3: JMB Member Discounts & Benefits

18. HIGHLY Updated NEWS About JMB Member Discounts / Benefits Updates (Updated 6/14/21)

Once Covid is gone and the fallout from it has cleared, we will resume working to further increase the already huge number of restaurants, jewelry stores, hotels, and other businesses offering discounts or other incentives to members of our **JMB Website Supporters SXM Island Discount Program**. As these additions are made, they will be reported in *SXM Weekly News* and will also be noted in our [Everything SXM Facebook Group](#).

JMB Website Supporters currently offers roughly 300 discounts and other benefits to its thousands of members.

For more info on what you get with your JMB membership, [go here](#). Please see the next section.

LEAD STORY: French Side Bars, Restaurants Now Open Until Midnight

You may remember that until a few weeks ago, the French side of the island had an 8 PM curfew which was lifted and moved to 11 PM a few weeks ago for bars and restaurants there.

The French side has now expanded opening hours for bars and restaurants there to midnight, thanks to continuing improvements in active Covid cases on that side of the island. The change puts operating hours there much closer to normal and enables the great French restaurants there to do their thing more normally for patrons.

21. "Elsa" Provides Useful Practice for SXM's Readiness for Real 2021 Hurricanes

When it passed by SXM well to the south and west of the island, tropical cyclone Elsa got the attention of the people of SXM — as all tropical systems always do at this time of year. Although the reminder wasn't necessary, Elsa nonetheless reinforced all the preparations island residents have been making to ensure that they are ready for any weather eventuality that may occur later during this hurricane season, when things may actually get a bit busier for the islands in the Northeast Caribbean.

If ever SXM were ready for upcoming weather, it's ready this year. We can't tell you that the island is 100% back from hurricane Irma or 100% recovered from the Covid Pandemic, but the progress it has made against both is truly extraordinary. SXM has built back better, as it promised soon after Irma had struck, and again when it began the war against Covid.

SXM is ready. Come and enjoy this wonderful island.

22. About How We Get Important Tropical Cyclone Information to You FAST...

When you're veterans in the news business, as we are, you understand two overarching facts: first, accuracy matters; and second, timeliness matters.

When it comes to tropical cyclones which may affect not only the islands, but also the Atlantic and Gulf of Mexico coasts of the US and Atlantic Canada, the vast majority of our readers are in zones that can be impacted by tropical systems — and those impacts may well involve their ability to fly to or from the island.

That is why the weather center/hurricane center on our main site, everythingSXM.com, has been designed to post

information on up to six tropical storms simultaneously — an eventuality that we doubt will ever happen, but we are 100% ready if it does.

You may not want to go to our everythingSXM.com site every few hours when there is a storm around, though the site shows you storm tracks, radar loops, all current forecasts, satellite images, and more. What's more important, perhaps, is that in an emergency, our chief meteorologist Rob Lightbown who is also Top Gun at Massachusetts-based Crown Weather (www.crownweather.com), severe weather specialists, has the ability to post urgent forecast information on our site in seconds. We also post the latest watches, warnings, and advisories about all storms affecting all these areas in our [Everything SXM Facebook Group](#), which is where Rob also posts urgent weather bulletins regarding SXM.

If you have not yet become a member of our [Everything SXM Facebook Group](#), we urge you to do so now. That site is a unique news and information portal that lives by the mantra **facts first** — and during hurricane season, we are the place to go for important information.

One caution: if you are on the island during hurricane season, we urge you to tune in to Island92 radio at 91.9 FM which always brings you the latest critical storm news and information; they are also on the web at www.island92.com, where they provide a wealth of island information.

23. SXM Hotels / Resorts Ready to React When Any Storm Approaches: On The Rapid Spin-Up Phenomenon

In the last few years, thanks to increasingly warm waters in the tropical Atlantic and elsewhere, all of us have witnessed what appears to be an increase in the rapid spin up (rapid intensification) of tropical cyclones.

The increasingly warm waters seen in much of the world now enable cyclones (tropical storms, hurricanes, or major hurricanes) to intensify very rapidly to major hurricanes status -- often in less than 48 hours -- potentially endangering any inhabited area in their path. SXM hotels and timeshare resorts are normally well prepared for hurricanes — even more so now than was the case pre-Irma. But there are a number of other protective steps that need to be taken when a storm is actually approaching.

Now, mindful of the rapid spin up phenomenon, heads of most SXM resort properties have put into place rapid response plans which enable them to take the final steps necessary to protect lives and property in surprisingly short order before a tropical cyclone gets to the area.

If you are staying at any SXM resort and a storm is approaching, do exactly what local authorities and the people in charge of your resort tell you to do: they know exactly what they are doing and whatever advice they give you is for your protection. Know that even if a storm appears to be a few days away, their plans are already in action even if you see nothing obvious happening at the resort — again, they know exactly what they are doing, which is greatly reassuring.

For much more on weather, see our weather stories in Section 1, above.

24. A Much Closer Look at The Sargassum Seaweed Situation

Atlantic magazine recently published what we think is the best article yet explaining the entire Sargassum seaweed situation — where it comes from, how its presence has evolved, and a bit about what's being done about it. You will find [this story](#) highly interesting and informative.

25. Where / How to Avoid Sargassum Seaweed in SXM

As you're aware if you read the above article, much of the Sargassum seaweed that flows toward the Caribbean comes from the Sargasso Sea, well to the northeast of the islands. Currents take it to the Caribbean and the Gulf of Mexico, affecting many beaches throughout the entire region.

Ocean surface currents can change depending on weather conditions, so Sargassum seaweed isn't always the pain it "currently" seems to be. Nonetheless, there are ways to avoid it.

First, realize that it is arriving on currents, as noted above. Those currents deposit the seaweed mostly on East-facing SXM beaches on the windward side of the island.

Seaweed that flows by just north or south of the island keeps on going. Consequently, you will find very little of it, if any, on Leeward side SXM beaches, starting with Little Bay (Divi & Belair Beach and continuing northward on the lee side of the island by Simpson Bay beach and working all the way north to leeward French side beaches.

Also bear in mind that seaweed mitigation equipment is in active use on both the French and Dutch sides of the island. That equipment every morning is in use to remove seaweed from beaches where it has piled up overnight — and they do an outstanding job moving it away. Much of this equipment was made for exactly this purpose. So, don't give up on using Orient beach or even Dawn beach, no matter how daunting the task of removing the seaweed is. The island started coping with this around 2011 – 2012 and it knows what it's doing.

26. Ready to Get Rid of Ugly Tan Lines?

One of the things that many tourists enjoy about SXM is the ability to get all-over tans here. If you've never done it and are feeling some natural hesitations, see the article we published on it some time ago in our main site, everythingSXM.com. [The article is here](#). (It's Jeff's "revealing" first experience.)

Once you've decided to take the plunge, either gradually or full swing, see the next article; it tells you where to do it on SXM.

27. All-Over Tans at Orient Beach, Cupecoy, & Happy Bay Beach

If you've decided to try getting an allover tan on SXM, There are three main places to go — all of which are explained in detail in the beaches feature in our main SXM website, everythingSXM.com.

We'll give you a brief description right here, though.

The **southern end of Orient beach** is the clothing optional section which is clearly marked. It has parking (limited, so get there early), chair rentals, umbrella rentals, and refreshment services.

Dany's Smooth Cupecoy Beach Bar is a very authentic Caribbean beach bar on Cupecoy right next to the Shore Pointe condominiums just west of the roundabout near Porto Cupecoy. There are two beaches here, the one next to Shore Pointe and baby beach — both of which are used traditionally on a clothing optional basis. Voyeurs here are very rare, a good feature.

Some may well choose **Happy Bay** at the top of their list. It is a quintessentially Caribbean beach which is a bit of a hike from Friars Bay (a solid 10 to 15 minutes walk if you walk quickly). Weekdays are the best time to be here; otherwise local families might be using the beach on a textile basis (wearing bathing suits). The beach itself is gorgeous and inviting and there are some services.

What's our favorite?

That has been Cupecoy for more than 25 years, especially during January and February and a week or two before Thanksgiving when the lemon drop "gang" is in town. They're frequent SXM visitors from the US and Canada who are very friendly and welcoming and great people to know. Much more information on beaches — these and many others — is to be found in our main site, everythingSXM.com.

28. Dog Adoptions from SXM: Easier & Less Expensive Than You Might Think

Have you ever thought how wonderful it would be to adopt a dog or cat from SXM? "Rescue" animals come in many breeds and sizes and all they need is a new forever home — perhaps with you.

If you think it's prohibitively expensive to adopt a rescue dog from SXM, we have a pretty wonderful surprise for you: it's way less expensive than you may think.

For example pups from SXM Paws can be had for ROUGHLY a \$150 adoption fee, and a flight fee of \$125 with Jet Blue (American Airlines is about the same). Kittens from The Island Vet are \$90 and flights same cost as above.

That's very affordable.

Watch for posts about available animals in our [Everything SXM Facebook Group](#). Or, if you'd like to do it now, contact Cyndi Shell in our Everything SXM Facebook Group; she coordinates adoptions with many people directly from our site.

29. Update on Scott Berger

Many of you know that our son Scott was hospitalized for several weeks earlier this year after suffering multiple seizures. He had had two brain tumors about 20 years ago but no significant issues since -- until the seizures started in January. He was hospitalized for five weeks.

In the last couple of weeks this year, his neurosurgeons found a third brain tumor which doctors removed several days ago. Scott at this writing on Saturday is hospitalized and recovering. *Scott's passion has been the National Brain Tumor Society and they need the help of all of us.*

This is from Scott: "I have registered to fund-raise for the National Brain Tumor Society's (NBTS) Fall Challenge: Miles for Milestones because I am passionate about the NBTS mission to conquer and cure brain tumors -- once and for all. Many may know that at the start of 2021 I was in the hospital for 5 weeks. Now summer 2021 there are more challenges brain tumor wise that we are navigating. NBTS needs your support. I need your support. After a year like no other, supporting me and this mission is more critical than ever. No donation is too small. With your help, we can make a difference in the lives of those living with a brain tumor... like myself for the THIRD time. Thank you for your support and please consider tuning in as we honor this community on October 17th." [Please click this \(revised\) link to help everyone afflicted with brain tumors, like Scott.](#)

UPDATED INFO 7/10: Scott, who is still recovering in the hospital and will be for the next couple of days, from his hospital bed has raised \$4800 for the NATIONAL BRAIN TUMOR SOCIETY out of his goal of \$10K. 32. Restaurant of the Week: Spiga

Whenever we talk about SXM's very best restaurants, one of the top three we list is always Spiga at the northern end of Grand Case diagonally opposite Tijen Parfumerie.

Since reopening a few months ago, Spiga hasn't missed a beat. It continues to win awards and accolades — but most of all, repeat visits from its thousands of loyal customers/clients from around the world. (Reservations are essential; open for dinner every night but Sunday.)

The restaurant is as gorgeous and as ever but what keeps this spot perennially at the top of its game is the enormous creativity of Chef Ciro Russo and Lara, who own the place and who somehow make sure they deliver on the promise of the best getting better.

If you ask about Spiga in our [Everything SXM Facebook Group](#), you will hear from dozens of fans saying in unison how exceptional this restaurant really is. [Spiga is not to be missed during your next trip to SXM.](#)

34. Join Our New Conversational Everything SXM Group on MeWe, the Facebook Alternative

For years, you have been able to obtain a great deal of SXM information and photos/videos in our [Everything SXM Facebook Group](#). Unfortunately, not everyone is a fan of Facebook, so we have started a new Everything SXM group on a platform that has become a strong competitor Facebook — it is called MeWe.

We urge all fans of *SXM Weekly News* to become members of MeWe and join our group there; [here is the link](#).

35. Going Home? Check Your State's Return Policies

It's essential for visitors returning home to the US to know their home state's policies and procedures for passengers returning from overseas flights well before they head to the airport.

We suggest at least a couple of weeks before your return date that you visit your state's main web portal to see exactly what its requirements are regarding Covid. Some states may require a negative test be taken X number of hours before your return flight; others may require some degree of quarantine, and others may require nothing.

The US REQUIRES Covid tests for everyone returning there from SXM. Details are in our Guide to Entry

Requirements, published early in this issue of *SXM Weekly News*. Ask about testing locations on SXM that you can use — to do that, go to our [Everything SXM Facebook Group](#). Please do not ask questions there about your state's requirements — our group is SXM centric and will not accept such posts. Your state's web portal is certainly the best source of current, accurate information about requirements related to returning international passengers.

37. SkyMed Q&A / FAQ - Frequently Asked Questions

SkyMed® FREQUENTLY ASKED QUESTIONS

Answers to Common Questions

This document contains general SkyMed information in answer to common questions. SkyMed's services are defined by its Member Services Agreements – plain English documents that tell you what you get and how it works (see much more info below). As always, SkyMed offers a 30-day "Free Look period," so if for any reason you're not satisfied with your unused SkyMed protection before 30 days have expired, SkyMed will refund your money.

Q1. Does it cover my trip to...?

1. Basic short-term and annual "SkyMed Takes You Home®" protection applies throughout the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean. Global Emergency Travel Services (G.E.T.S., a subsidiary of SkyMed) protection is available outside the USA, CANADA, MEXICO, BAHAMAS, BERMUDA, and the CARIBBEAN (the rest of the world), however neither SkyMed nor G.E.T.S. covers trips to nations on the U. S. State Department's then-current "Do Not Travel" list – North Korea, Iran, and Venezuela currently, for example, and several others. Before planning a trip, check that list if you have any question about whether protection is provided for your destination – or call SkyMed directly during normal office hours (Mountain Standard Time) at 480 946 5188 or 1-800-475-9633.

Q2. Who is protected?

1. "Single" protection is available for individual travelers. "Family" protection includes your spouse or domestic partner and your young children up to 18 or 24 if they are full time students.

Q3. Do I need to call SkyMed before traveling outside my home country?

1. If you're traveling during the normal high season for travel to your destination, no. If you're traveling to your destination during its low season, do call SkyMed Member Services at the 800 number in the first question and let them know.

Q4. What if I'm going to a country not listed above in question 1?

1. Then you'll need (G.E.T.S) protection. If you have one of our Ultimate multiyear memberships, (G.E.T.S.) protection is included. On Annual (one-year) memberships, "G.E.T.S." protection is an inexpensive option.

Q5. What's the difference between "short term" and "Annual" or multi-year protection?

1. Short-Term protection is intended for brief trips, say a week or two. Like Annual protection, it "Takes You Home®" to doctors and hospitals you know and trust when you suffer a serious or critical illness or injury while traveling. Preexisting medical conditions are covered from day one with the short-term plan. It's inexpensive, only \$15/day for family protection. Remember, though, that Annual and Multi-year Ultimate memberships cost much less – only about \$1.35/day for family plans. Plus, they're guaranteed renewable without regard to advancing age or declining health. If you get a short-term plan, once it has expired, it is done, and you must reapply and requalify for another when you next travel. With Annual and multiyear Ultimate memberships, all you

need do is renew before the renewal deadline – no need to reapply unless your membership has lapsed and the grace period has ended.

Q6. Is there an age limit for applications?

1. There is no age limit to apply. There's no age limit on renewals, either.

Q7. Can you cancel my protection at a certain age or if I get really sick?

1. Annual and multi-year Ultimate memberships are guaranteed renewable, as noted above. They will not be canceled simply because you're a certain age or because your health has changed.

Q8. Will you raise the price of my membership at a certain age or if I get sick?

1. Once you're a SkyMed member, at renewal time you'll pay the same low renewal fees that everyone else with your type of membership pays. If you join at age 75 or older and purchase the X-Pat plan because you live in Mexico, the Bahamas, Bermuda, or the Caribbean, the X-Pat plan is more expensive than the standard traditional (Annual or multiyear Ultimate) plan.

Q9. What exactly does SkyMed cover? Is it health insurance?

1. You'll find an overview of all key SkyMed Features & Benefits here:
<http://www.everythingsxm.com/sxmweeklynews/SkyMedServices.pdf>

This is the same list you'll find on the back of our current membership applications. SkyMed provides up to 18 benefits related to medical evacuation if you suffer a serious or critical illness or injury while traveling. It is not health insurance – in the "SkyMed universe," SkyMed *Takes You Home*® to doctors and hospitals you know and trust, where your health insurance works.

Q10. What about pre-existing conditions? Are they covered?

1. Yes: for short-term memberships, medevac protection (including items listed in the answer to Q9, above) is included for critical illnesses or injuries related to pre-existing and non-pre-existing conditions. For Annual and multiyear Ultimate memberships, pre-existing conditions are covered after a brief 90-day waiting period.

Q11. I want guaranteed renewable protection because of my age, but I'm going on a trip sooner than 90 days. What can we do about that?

1. Get our inexpensive short-term membership to cover your near-term trip, including medical evacuations for serious or critical illnesses or injuries due to pre-existing conditions. At the same time, apply for an Annual or Ultimate membership, to kick in once your near-term trip ends.

Q12. I'm not traveling for a while. When should I apply?

1. Get SkyMed before you need it – just like fire insurance. Since you don't know when you'll need it – and since health can change in a heartbeat thanks to falls, accidents, or other issues – it's always better to do it sooner rather than later. Beyond that, if you have pre-existing conditions and get SkyMed Annual or multiyear Ultimate medevac protection now, that 90-day exclusion period for pre-existing conditions protection may well be finished by the time you travel.

Q13. What kind of questions do you ask in your application? Do you send somebody to do a medical exam?

1. There's no medical exam. Our application is simple, asking about hospitalizations in the last six months, your current medical conditions, and your prescriptions – and on the prescriptions, all we need is their name, not dosage info. If you have a complex medical history, SkyMed may ask for a "HQ" (health questionnaire) to be completed by your doctor and submitted to SkyMed by fax. You should also have your passport number handy; we record it so it's there in case you need help outside your home country.

Q14. How long does it take before I hear whether I'm accepted?

1. Generally just a few business days, but it's always best to do your application early to ensure sufficient time for processing.

Q15. I have more questions. Where do I find the answers?

1. SkyMed Ambassador Jeff Berger, located in Massachusetts, will be happy to answer your questions. Call his private line at 508-747-8281.

Q16. Can I sign up online?

1. For fastest results, we always suggest you contact us directly. We've done thousands of applications and can whisk you through the process in minimal time and with minimal bother. To get additional information first and see some customer stories, check our site, www.skymed.com/jmb. But to sign up, always call 508-747-8281. The process normally takes about 10 minutes, if that.

Q17. Who can get SkyMed?

1. SkyMed is available to residents of the USA and Canada, and to X-Pats living in the countries listed in Q1. X-Pat protection is necessary if you live outside the US or Canada for six months or more, in aggregate, in any 12-month period. Always notify SkyMed if you move.

Q18. I have a rather deep medical history. Will SkyMed still accept me?

1. Although SkyMed accepts the vast majority of applications, others do get health questionnaires (see Q13) and occasionally some do not qualify. There is no cost to apply if your membership application cannot be accepted. A history of a heart attack or cancer several years ago or other maladies does not automatically signal any issues for SkyMed. Apply – there is nothing to lose (again, no charge if you're not accepted). And as we noted in Q6 there is no age limit to apply and no age limit to renew.
