SECTION 1: Getting Here: Flights, Airlines, Airports, Cruises, Weather, and COVID-19

GETTING HERE:

1. Ida Likely to Screw Up a Number of SXM Flights this Week

As it moves northward and ultimately northeastward this week, hurricane Ida or its remnants are expected to affect the operations of a number of the country's busier airports — possibly including Atlanta, Charlotte, Dulles, Philadelphia, New York/Newark and other Metro New York airports, plus Boston, as well as many additional airports feeding these points of embarkation. Consequently, if you are planning to come to SXM this week, be sure to stay in touch with your airline about the status of your flights....

The latest information on all Atlantic tropical cyclones is in our main site, www.everythingsxm.com, in the Weather Center there, and in our [Everything SXM Facebook Group](#).

1a. Winair: The Airline That Gets You To Neighboring Islands Quickly & Easily

When you plan a trip to SXM, don't forget to throw in a few days at a neighboring island — or at least a one-day trip. Winair, SXM's own airline, uses STOL (short takeoff and landing) aircraft that despite their small size fly smoothly to nearby destinations including St. Barth, Saba, St. Eustatius, and many more. If you've never done this, you owe it to yourself to make it happen on your next trip. See www.Fly-Winair.sx for all the information you need and tell them Jeff Berger's SXM Weekly News sent you!

2. Final Major Parts of SXM Airport Reconstruction Getting Underway

Preface: SXM Airport has faced an enormous spectrum of challenges in its efforts to complete reconstruction. It had to go to court to compel its insurance company to pay for the damages caused by record-shattering category five major hurricane Irma, which tore its roof to shreds leaving it vulnerable to hurricane Maria, which dumped literally tons of rain inside the terminal building, wrecking practically everything inside. The building had to be gutted and toxic mold had to be completely mitigated before anything else could be done to the interior of the building — but even before that, once money arrived, the roof had to be completely redesigned and replaced, at a cost of well in excess of \$20 million.

Fortunately, the main job of rebuilding the terminal to its former glory can now finally begin. As various areas are fully completed, some will be able to come back online serially. The full reconstruction project is expected to be completed in less than two years.

Preclearance

Airport authorities have said repeatedly that preclearance of Americans traveling back to the US is a matter of if, not when — but we have as yet heard no quantification about when preclearance will be a reality on the island, which currently continues to deal with a very busy hurricane season and the still lingering global Covid Pandemic.

We will continue to cover this entire story as it unfolds. What follows is the press release sent out last week by SXM Airport covering the formal launch of the final phases of reconstruction:

St. Maarten (August 24, 2021) – On Tuesday August 24, 2021, an official signing with the General Contractor of the Airport Terminal Reconstruction Project, the Ballast Nedam International Projects B.V. (BNIP), was held at the former Check-In Hall at the Princess Juliana International Airport.

The event signified the start of one of the most anticipated reconstruction projects of the company's history, following the consequences of the massive devastation to the structure during Hurricane Irma in 2017.

The Airport Terminal Reconstruction Project is jointly funded by the European Investment Bank (EIB) and the Sint Maarten Trust Fund. The Sint Maarten Trust Fund is financed by the Government of the Netherlands, managed by the World Bank, and implemented by the National Recovery Program Bureau (NRPB).

The Chief Executive Officer (CEO) of the Princess Juliana International Airport, Mr. Brian Mingo, and the Chief Executive Officer (CEO) of Ballast Nedam International Projects B.V., Mr. Roy van Eijsden, was in attendance to lead the signing in the presence of the esteemed guests during a closed ceremony.

"This is a major milestone for the country, PJIAE NV and our staff. I would also like to compliment the project team with this accomplishment, despite the hurdles such as COVID-19, which complicated the works tremendously, they never lost focus and made the impossible, quite possible.

I also would like to thank all stakeholders not forgetting our shareholder, the Princess Juliana International Airport Holding Board (PJIAH) and the Government of Sint Maarten for their patience and consistent support over the last year. I am proud to announce that we finally can start rebuilding the "Airport of the future." announced Mr. Brian Mingo.

The construction portion of the Airport Terminal Reconstruction Project will take a phased-planned approach over a two-year period, following the mobilization of the contractor in August 2021. The project is an essential renovation development, which will further modernize the fifteen-year-old terminal building.

The reconstruction project is on schedule to start by the end of September 2021 and completed by quarter two of 2023, however, sections of the terminal building will begin to come online from as early as December 2022.

For more information about the Airport Terminal Reconstruction Project, online web users may gain access to the website at www.sxmairport.com and select the construction tab.

3. Sunwing Expanding Canadian Flights to SXM

Sunwing airlines of Canada will be introducing nonstop flights weekly on Thursdays to SXM from both Montréal and Toronto. The Toronto flights start at the end of September, with flights from Montréal beginning early in November.

If the Flights receive the reception that Sunwing hopes for, it is possible that additional flights could be added later on — though that is by no means a certainty; it has happened before.

The Thursday flying dates will enable passengers from Canada to be able to book passage on cruises leaving from St. Maarten the following Saturday without having to deal with the normal Saturday flight congestion at SXM Airport. However, we think that if flights are ultimately going to be added, those may well be Saturday flights -- assuming the availability of aircraft and flight crews.

Here is [more information](#) on the Sunwing announcement.

4. AA Continues Main Cabin Alcohol Ban Until January '22

With disruptive passengers causing disturbances on aircraft fueled mostly by alcohol and emotional objections to mask wearing mandates, American Airlines is continuing its main cabin ban on serving alcohol to January 18 of next year. If it continues to see such dangerously disruptive behavior continuing in the industry, most observers and passengers should not be surprised to see the main cabin alcohol ban further extended.

Airlines have been begging airports and the FAA to ban the sale of alcohol in Airports, but alcohol is a major source of income for Airports and as far as we know those efforts have fallen on deaf ears.

Many passengers feel that anti-mask passengers who have had a few drinks should not be allowed on airplanes in the first place -- but they are still being boarded, which can lead to continued disruptions. Despite the fact that the FAA is levying enormous fines on people who cause these disturbances, the disturbances have continued. We have heard of none that have impacted any SXM-bound flights or return flights from the island.

As always, we'll continue to keep you informed of news regarding airlines flying to SXM.

Here is [more](#) on this story.

5. Why You Should Book Airfare Directly With Airlines...

People who have booked flights with online sites such as Travelocity and Expedia seem to be treated differently than those who book with the airlines and must cancel because of Covid or other reasons.

In many cases, airlines asked to refund airfares which had to be canceled due to Covid or a variety of other reasons have either refunded those fares or given credit to passengers for future flights.

The result with Expedia, however, has not always been the same — which leads us to suggest that people may wish to consider buying airline tickets directly from their airline -- and think twice about using organizations like Expedia.

[This article](#) shows why.

6. Cruise Ships Are Still "Petri Dishes" for the Spread of Covid

The slow reopening of the cruise ship business has not been as smooth or as healthy as the cruise ship companies would like you to believe.

Most cruise ship companies are requiring passengers to be fully vaccinated and/or show proof of a negative Covid test within a specified number of hours or days prior to their sailing date.

If those healthy people sailing on clean ships with tested and vaccinated crewmembers left port and just sailed around for several days, it's not likely that there would be many problems, except for a few people who tested positive later during their cruise — which can happen.

However, during normal weekly cruises, cruise ships go from port to port, enabling passengers egress from the ship for tours and port shopping and other social interaction with people on the islands.

That's the rub. As a result of those visits, passengers can interact with a number of people who just may be Covid positive and while the ship remains at sea, they can spread Covid to other people on the ship.

The bottom line is that as currently operated in an environment that is not sterile (protected from Covid), cruise ships wind up being little more than petri dishes in which Covid can readily spread when brought aboard from passengers' shore excursions.

Given this situation, the CDC is still urging people with compromised immune systems to be fully vaccinated, continue to wear their masks, but avoid trips on cruise ships. On this basis, unless we reach herd immunity, which appears to be some time off, that advice seems very sound for everyone.

7. Canceling a Cruise? Don't Count on Getting Your Money Back

As cruise passengers have sadly discovered in the last couple of years, there is no set national policy concerning requirements for refunds by cruise lines in the event of cruise cancellations. In fact, media reports suggest that a number of passengers have been offered relatively short-term credits for new cruises even as the Covid Pandemic continues and the number of cruises currently offered is severely limited.

A huge part of the problem is that when cruises are canceled, there is no guarantee that passengers can get a refund — at all. The Commissioner of the Federal Maritime Administration wants to change that, and establish a national policy that must be followed by all cruise lines operating in the United States. Here is [that story](#).

8. Why We Moved Our "Guide to Entry Requirements" Onto our SXM Facebook Site

We recently received a note from someone who doesn't use social media and wanted to see our **Guide to Entry Requirements** for SXM, which several weeks ago we moved to our [Everything SXM Facebook Group](#).

Once something is published in *SXM Weekly News*, the next step for it is to be put into our archives. People were also printing our Guide to Entry Requirements and saving them for later use — a bad idea since Entry Requirements can change literally at a moments notice.

When Entry Requirements change, we update the information in our Guide. We then communicate the fact that a change has occurred on the main discussion page of our [Everything SXM Facebook Group](#). *People who are going through the process of applying for preapproval to visit SXM are best advised to refer to our Guide to Entry Requirements in the Files area of our Facebook group when they are going through the process. Since Entry Requirements can change, it is never a wise idea to refer to something you printed or saved on your own computer or among your own valuable papers. That information could be wrong at the time you refer to it.*

That is why we moved the information from *SXM Weekly News* to the Files area of our [Everything SXM Facebook Group](#).

As we repeatedly say in that group: *For ACCURATE answers to all Entry Requirements / returning to US requirements questions, see our complete GUIDE TO ENTRY REQTS in the FILES area of our FB SXM site. FILES are here: facebook.com/groups/mysxm/files. Use the SEARCH window for "Entry". The Guide has JUST been updated.*

WEATHER:

9. "Catastrophic" Cat. 4 Hurricane Ida Slams Into US Gulf Coast

Catastrophic category 4 hurricane Ida slammed into the US Gulf Coast at midday on Sunday, wreaking havoc throughout its path. Since a clear majority of our audience lives within a couple of hundred miles of the US East or Gulf Coast or the Canadian Maritimes, and since many hurricanes can have a white-ranging impact on flights to SXM, we cover storms throughout hurricane season in our [Everything SXM Facebook Group](#), where we publish advisories, watches, and warnings for all active storms.

Those advisories are also covered in the hurricane center/weather center of our main site, [everythingSXM.com](#). The section of our weather center that refers to storms will be updated tomorrow to have the names of currently active and future storms including six total storms starting with Ida. Will be updating the list of current storm names in the next day or so as well.

10. See Our Online Weather / Hurricane Center for the Latest Tropical Forecasts / Developments

Our newly updated **weather/hurricane center** at www.everythingsxm.com delivers current forecasts for up to six storms simultaneously, and it provides all the latest watches and warnings for all storms as well as satellite images, radar images, and radar loops.

Whenever anything happens that may directly impact SXM, you'll see it covered in near real time in our [Everything SXM Facebook Group](#). If the island is threatened at any time by any major tropical weather systems, we will also send a bulletin to all of our **JMB Website Supporters Island Discount Program** members advising them of that situation.

We also highly recommend that if you live on the US East or Gulf Coast or in the Canadian Maritimes or in SXM, you seriously consider subscribing to Rob Lighbown's remarkably inexpensive custom weather forecasting service which gives you a heads up on what's happening in the tropics as it affects you personally, your business, your home, and your travels. Although our site (our weather center) tells you a lot, we are journalists and not meteorologists — Rob is a seasoned meteorologist and his direct reports will be highly useful to you for planning how to react when a storm is approaching your area.

We also strongly recommend you always listen to local authorities for any dangerous weather systems that may be approaching your area. Rob's site is www.crownweather.com and it discusses tropical storms, hurricanes, tornadoes, and much more — the best site we know of for key weather information when you really need it.

11. Hurricane Supplies Checklist

If you live or work in any area that is ever faced with any disaster — hurricanes, floods, wildfires, blizzards, etc. — you need to be prepared. The following list was prepared by Florida disaster officials and it is very comprehensive, including many things you may not have thought of. Not everything it lists may be appropriate for everyone, but much that is listed here is very important for most people.

[This document](#) is a downloadable Adobe Acrobat PDF; just click the link and you will have the downloaded Hurricane Supplies Checklist, which you should save and also print out for immediate reference and use.

12. Reminder: About Our New Daily Tropical Outlooks

Effective several weeks ago, we started posting daily Tropical Outlooks in our [Jeff Berger's Everything SXM Facebook group](#) at some point during each day. If some tropical activity is underway, our posts will generally be happening in the evening or frequently through the day. But if nothing is going on, our Tropical Outlooks from the National Hurricane Center may be posted at any time during the day.

We are also making sure that significant information is posted every day in the weather center of our main website, everythingSXM.com, as we've noted in this issue. It's hurricane season.

13. Where to Find Current SXM Weather Info

You'll find detailed observations and forecasts by visiting our main SXM website, www.everythingsxm.com.

Here are four more sources of current weather info:

- 1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- 2) Our "Weather" page at www.everythingsxm.com -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.
- 3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) **On or off the island, listen to Island 92** -- 91.9FM or see www.island92.com. They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

14. Where to Download an Official NHC Hurricane Chart

You can get it right here: [click to download](#).

Or read this:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get. The exact charts used by the National Hurricane Center (NHC) are now available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like, SXM. You might want to print a few of these now and *not* save doing that for later.

Because the Pandemic is starting to cool down in the US, there is no need for it to appear in both places. There, online, we have the ability to make changes in seconds, a key asset regarding Pandemic news and entry requirements changes. That's why we have done this. We urge you to go to the files area now at facebook.com/groups/mySXM/files, then use the search window to search for Entry and the entire guide to entry requirements will be on your computer or other device. We won't stop publishing news about Covid and its impacts on SXM tourism, but we have now stopped publishing the guide here every week. Please make a note of this so you will be able to access the guide anytime you want online.

SECTION 2: Accommodations: Hotels, Resorts, Timeshares, Villas Etc

19. New Buildings at Divi Expected to Open Later This Year; Preview Coming

Those of you who travel on Little Bay Road along the shore by Belair Beach Hotel and Divi Little Bay Resort Hotel en route from Simpson Bay to downtown Philipsburg have noticed over the last year construction of a couple of new buildings on the Divi Little Bay property near the road.

As we have previously reported, these are part of a major expansion at Divi Little Bay which will substantially increase their total number of rooms. The new buildings are expected to open later this year.

We are working with Divi to get additional information about the features of these new rooms and we expect to publish an article here in *SXM Weekly News* with that information. We also expect to be able to publish photography of what the rooms look like in our [Everything SXM Facebook Group](#) — we do not publish photography here in *SXM Weekly News* except on extremely rare occasions.

20. What's Going to be Built Near Belair Beach Hotel?

A wide area of brush along Octavius L Richardson Road next to Little Bay pond before the access road to Belair Beach Hotel has been cleared, leading readers to wonder what is to be built there. What we are hearing is that plans include a condominium complex, though that is unconfirmed. We'll be back on SXM in a couple of months and we'll be looking into what's going on there and will follow up at that time.

All beaches on the island are public and one thing we will look into is how public access will be maintained regardless of what is coming to this area. Although the property is not far from Belair Beach Hotel, it has no association with that property.

21. UPDATED AGAIN: Hundreds of SXM Timeshare Condos for Rent from Timeshare Owners

Listings Just Updated: Ever since we established our [JMB Website Supporters Island Discount Program](#) in 2002, it has offered hundreds of discounts and other benefits to its members. One of the first benefits was the ability to advertise timeshare weeks they own for rent or for sale in our main website, www.everythingsxm.com.

That page currently offers hundreds of ads from SXM timeshare owners who are JMB Website Supporters members, as well as many more timeshare weeks for sale at prices far less than those charged directly by timeshare resorts.

Unlike other publications that carry ads for timeshare condos for rent or for sale, we accept ads exclusively from our JMB Website Supporters members — a big deal from a security perspective. If there were ever any issue, who know who these folks are.... but there have never been any issues with our sellers. The ads were updated just days ago with dozens of new weeks added. The weeks are never offered by any third parties, which means you pay no third-party commissions or any other fees. We do not charge our JMB Website Supporters members any separate fee for ad placement either, which enables you and the timeshare owner to deal directly with each other without third-party fees.

[Go here](#) to see our current selection of SXM timeshare weeks for rent and for sale. The list is frequently updated, especially at this time of year when so many people are selecting accommodations for their next SXM vacation.

22. Condo Sales Continue Through the Roof - Who to Contact

See the Realtors in our Sponsors list below; they are the most qualified to help you learn more about and acquire a condo on SXM that meets your specific needs. Also see the story immediately below about BrightPath #Caribbean, a company that can help enormously with required paperwork. They know what they're doing.

23. Buying a Condo in SXM: Important Procedural Help

A while ago, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#).

Please check this link to [BrightPath SXM](#), a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM, or relocating there. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side. Ask for Vivian Chamas and let her know you heard about BrightPath through Jeff Berger's *SXM Weekly News*.

24. Where to Find SXM Condo Rentals from JMB Members for 2021-22: Everythingsxm.com

SXM timeshare owners who are members of JMB Website Supporters are posting 2021 and 2022 timeshare rentals on our main SXM website, everythingSXM.com. Much more information about available rentals is on our timeshare rentals and sales page there. It is certainly not too early to start making reservations for next Winter and beyond.

25. How To Rent Out Or Sell Your Timeshare Units

If you own timeshare weeks that you would like to rent out or sell on our main everythingSXM.com website, you can do it once you become a member of our JMB Website Supporters island discount program. For all the details, go to our main site, everythingSXM.com and click on timeshare rentals in the navigation bar. You'll find the details about posting there. For information about joining JMB Website Supporters, click the page curl on all pages of everythingSXM.com. As a member, you will have access to a growing pallet of about 300 discounts and other benefits including the ability to post up to 10 ads per year in our rental pages at everythingxsm.com.

29. Ottley to Locals: Get Vaccinated or Suffer the Consequences

Government official Omar Ottley is pulling no punches with Dutch side residents who are not yet vaccinated. He is basically telling them to get vaccinated or suffer the consequences.

Here at *SXM Weekly News*, we know of no circumstances under which a return to a lockdown situation, as happened in 2020, would be contemplated; the prior shutdown was too costly to the Dutch side of the island. Tourists are the lifeblood of the SXM economy and the impression is that most tourists are now arriving from the US are vaccinated or fully vaccinated and, of course, they are all arriving only after having tested negative for Covid as required by the island's Entry Requirements.

You will want to [see the article](#) published on the island.

30. French Side Curfew Continues

The curfew on the French side of the island is a week-to-week situation dictated by the status of Covid on that side of the island. For the latest information on the curfew there, see our [Everything SXM Facebook Group](#) which publishes updates around-the-clock.

32. A Big \$10,000 Thank You From Scott Berger

Our son Scott a few weeks ago had brain surgery to remove his third brain tumor. He is now recovering at home and on a pill-form of chemotherapy.

We told you before that several weeks back, when this tumor was discovered (after he had been hospitalized for nearly a month last winter due to seizures), Scott started a fundraiser for the National Brain Tumor Society. That fundraiser has now raised almost \$10,000 of its current \$12,000 goal. Please help Scott and others with brain tumors fight this awful affliction. No gift is too small (or too large). [This is the link](#) for more info from Scott or to donate. Thank you!

34. Key Differences Between SkyMed Short-Term & Annual Memberships

Many people who buy SkyMed memberships first request short-term protection. Is that the best solution for most people? That's a decision you have to make, but before you do, we wanted to give you a little information about SkyMed's types of memberships so you can get a better feel for exactly what is offered.

First, short-term memberships are available only for a specific defined short term. They protect you with SkyMed Takes You Home® membership that applies throughout the United States, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Short-term protection cannot be upgraded or renewed since you buy it for specific trip; it's temporary protection. There is no waiting period for any benefits. When you want protection for a future trip, you must make a separate application for it. It is economical if you seldom travel and if you take brief trips. The cost is \$9/day per person, or a maximum of \$15 a day per family (parents and kids).

We always tell people who are 50 or over about the most important advantages of SkyMed annual and multiyear memberships. We feel the single most important benefit is that SkyMed annual and multiyear memberships are guaranteed renewable, regardless of advancing age or declining health. Details are in SkyMed's Member Services Agreement. We currently have members who are still traveling and are in their upper 80s and 90s.

The cost of annual memberships per family — far more economical than the \$15/day per family for short-term coverage -- is only about \$1.35/day total. Multiyear memberships are even less expensive and have more features; contact me and I can send you full information about features of each type of SkyMed membership. Ultimate memberships protect you worldwide. I can answer all your questions by phone in a matter of minutes, and we can also conveniently take your application by phone. Phone us any day at 508-747-8281 during daily business hours, 9am to 8pm. That's a direct line to Jeff Berger's office.

35. Where & When SkyMed Protects You

Basic SkyMed short-term and annual memberships protect you throughout the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the #Caribbean In that SkyMed universe, SkyMed *Takes You Home*® when you become critically ill or injured. Optional protection covering most of the rest of the world is provided by GETS, Global Emergency Transportation Services, a SkyMed company.

For much more SkyMed information please see a few of SkyMed-related articles that appear later in this issue.

36. Bring SXM Home With Our Exclusive SXM Euro Ovals

For about 20 years, we've produced souvenir vinyl "SXM" euro oval bumper stickers which can be used on flat-surface hard sided luggage, the rear window of your car, occasionally over your husband's mouth (kidding), and lots of other places you'll think of.

If you go to our [Everything SXM Facebook Group](#), you'll find a picture of them and ordering information. Our current SXM euro ovals have purple print on a bright white background with a purple sand chair illustration for background. We offer them three for \$15 or \$10 for one. You can pay that to jeff@jmbcommunications.com through PayPal or send a check (US dollar checks drawn on US banks only) payable to JMB Communications mailed to JMB, PO Box 1812, Plymouth, Massachusetts 02362 – 1812.

Our SXM Euro ovals can be mailed only to US and Canadian addresses and to APO/FPO. Our copyrighted purple sand chair euro ovals are not available for sale on SXM. We do accept multiple orders of three should you wish to make them; buy some as gifts! You can also order them by credit card by texting us through the WhatsApp application at 721-588-4188 (texts through WhatsApp only, no phone calls). Or you can simply phone our office at 508-747-8281 and leave credit card information, delivery address, and how many you want in our secure answering system. Delivery takes about two weeks.

If you'd like an advance look at our purple sand chair SXM euro ovals, you will find them in our [Everything SXM Facebook Group](#); just use the search window for "purple sand chair."

37. Think About Where You're Going & About This:

TRAVELING *ANYWHERE* THIS SUMMER? SkyMed TAKES YOU HOME® when you become critically ill or injured when traveling anywhere in the USA, Canada, Mexico, Bermuda, the Bahamas, or all the nations in the #Caribbean (Global protection is also available.)

So if you're traveling to SXM -- or anywhere else -- in the next few months, get SKYMED Medical evacuation membership FIRST: It could easily save you \$35,000 -- the approx. cash cost of an emergency medical evacuation YOU MUST PAY IN CASH IN ADVANCE should you become seriously or critically ill or injured on SXM -- or anywhere else -- and need to get home.

The SkyMed Difference: SkyMed members pay only the small cost of membership, currently under \$1.35/day on an annual basis -- but you must get SkyMed BEFORE you need it, like fire insurance. CALL JEFF FOR INFO OR TO SIGN UP: 508-747-8281 (8am-8pm EDT). Or email him at jeff.berger@skymed.com.

38. Join Our New Conversational Everything SXM Group on MeWe, the Facebook Alternative

For years, you have been able to obtain a great deal of SXM information and photos/videos in our [Everything SXM Facebook Group](#). Unfortunately, not everyone is a fan of Facebook, so we have started a new Everything SXM group on a platform that has become a strong competitor Facebook — it is called MeWe.

We urge all fans of *SXM Weekly News* to become members of MeWe and join our group there; [here is the link](#).

39. Going Home? Check Your State's Return Policies

It's essential for visitors returning home to the US to know their home state's policies and procedures for passengers returning from overseas flights well before they head to the airport.

We suggest at least a couple of weeks before your return date that you visit your state's main web portal to see exactly what its requirements are regarding Covid. Some states may require a negative test be taken X number of hours before your return flight; others may require some degree of quarantine, and others may require nothing.

The US REQUIRES Covid tests for everyone returning there from SXM. Details are in our Guide to Entry Requirements, published early in this issue of *SXM Weekly News*. Ask about testing locations on SXM that you can use — to do that, go to our [Everything SXM Facebook Group](#). Please do not ask questions there about your state's requirements — our group is SXM centric and will not accept such posts. Your state's web portal is certainly the best source of current, accurate information about requirements related to returning international passengers.

40. First Responders Now Get Platinum-Status JMB Discounts

If you're U. S. Military with a DD214, you're able to get a Platinum-Status Military JMB Membership for \$16.99/year, the lowest we ever charge anyone. You get instant Platinum Status which is permanent as long as you're a JMB member plus 300+ SXM discounts and other benefits. All you do is pay for four years to start and renew in four-year increments (\$67.96). Nobody else pays so little -- our small way of expressing how grateful we all are for your service.

And now we're adding police, firefighters, EMTs, and nurses to our just-renamed Military / First Responder

Memberships in recognition of their sacrifices for the rest of us every single day. We just need you to send us documentary proof (ID) that you're one of America's very best. To sign up or upgrade your JMB membership to Military / First Responders, visit everything.sxm.com and click the page curl to sign up for your JMB military membership (the page still says Military). 41. SkyMed Q&A / FAQ - Frequently Asked Questions

SkyMed® FREQUENTLY ASKED QUESTIONS

Answers to Common Questions

This document contains general SkyMed information in answer to common questions. SkyMed's services are defined by its Member Services Agreements – plain English documents that tell you what you get and how it works (see much more info below). As always, SkyMed offers a 30-day “Free Look period,” so if for any reason you're not satisfied with your unused SkyMed protection before 30 days have expired, SkyMed will refund your money.

Q1. Does it cover my trip to...?

1. Basic short-term and annual “SkyMed Takes You Home®” protection applies throughout the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the #Caribbean Global Emergency Travel Services (G.E.T.S., a subsidiary of SkyMed) protection is available outside the USA, CANADA, MEXICO, BAHAMAS, BERMUDA, and the CARIBBEAN (the rest of the world), however neither SkyMed nor G.E.T.S. covers trips to nations on the U. S. State Department's then-current “Do Not Travel” list – North Korea, Iran, and Venezuela currently, for example, and several others. Before planning a trip, check that list if you have any question about whether protection is provided for your destination – or call SkyMed directly during normal office hours (Mountain Standard Time) at 480 946 5188 or 1-800-475-9633.

Q2. Who is protected?

1. “Single” protection is available for individual travelers. “Family” protection includes your spouse or domestic partner and your young children up to 18 or 24 if they are full time students.

Q3. Do I need to call SkyMed before traveling outside my home country?

1. If you're traveling during the normal high season for travel to your destination, no. If you're traveling to your destination during its low season, do call SkyMed Member Services at the 800 number in the first question and let them know.

Q4. What if I'm going to a country not listed above in question 1?

1. Then you'll need (G.E.T.S) protection. If you have one of our Ultimate multiyear memberships, (G.E.T.S.) protection is included. On Annual (one-year) memberships, “G.E.T.S.” protection is an inexpensive option.

Q5. What's the difference between “short term” and “Annual” or multi-year protection?

1. Short-Term protection is intended for brief trips, say a week or two. Like Annual protection, it “Takes You Home®” to doctors and hospitals you know and trust when you suffer a serious or critical illness or injury while traveling. Preexisting medical conditions are covered from day one with the short-term plan. It's inexpensive, only \$15/day for family protection. Remember, though, that Annual and Multi-year Ultimate memberships cost much less – only about \$1.35/day for family plans. Plus, they're guaranteed renewable without regard to advancing age or declining health. If you get a short-term plan, once it has expired, it is done, and you must reapply and requalify for another when you next travel. With Annual and multiyear Ultimate memberships, all you need do is renew before the renewal deadline – no need to reapply unless your membership has lapsed and the grace period has ended.

Q6. Is there an age limit for applications?

1. There is no age limit to apply. There's no age limit on renewals, either.

Q7. Can you cancel my protection at a certain age or if I get really sick?

1. Annual and multi-year Ultimate memberships are guaranteed renewable, as noted above. They will not be canceled simply because you're a certain age or because your health has changed.

Q8. Will you raise the price of my membership at a certain age or if I get sick?

1. Once you're a SkyMed member, at renewal time you'll pay the same low renewal fees that everyone else with

your type of membership pays. If you join at age 75 or older and purchase the X-Pat plan because you live in Mexico, the Bahamas, Bermuda, or the #Caribbean, the X-Pat plan is more expensive than the standard traditional (Annual or multiyear Ultimate) plan.

Q9. What exactly does SkyMed cover? Is it health insurance?

1. You'll find an overview of all key SkyMed Features & Benefits here:
<http://www.everythingsxm.com/sxmweeklynews/SkyMedServices.pdf>

This is the same list you'll find on the back of our current membership applications. SkyMed provides up to 18 benefits related to medical evacuation if you suffer a serious or critical illness or injury while traveling. It is not health insurance – in the “SkyMed universe,” SkyMed *Takes You Home*® to doctors and hospitals you know and trust, where your health insurance works.

Q10. What about pre-existing conditions? Are they covered?

1. Yes: for short-term memberships, medevac protection (including items listed in the answer to Q9, above) is included for critical illnesses or injuries related to pre-existing and non-pre-existing conditions. For Annual and multiyear Ultimate memberships, pre-existing conditions are covered after a brief 90-day waiting period.

Q11. I want guaranteed renewable protection because of my age, but I'm going on a trip sooner than 90 days. What can we do about that?

1. Get our inexpensive short-term membership to cover your near-term trip, including medical evacuations for serious or critical illnesses or injuries due to pre-existing conditions. At the same time, apply for an Annual or Ultimate membership, to kick in once your near-term trip ends.

Q12. I'm not traveling for a while. When should I apply?

1. Get SkyMed before you need it – just like fire insurance. Since you don't know when you'll need it – and since health can change in a heartbeat thanks to falls, accidents, or other issues – it's always better to do it sooner rather than later. Beyond that, if you have pre-existing conditions and get SkyMed Annual or multiyear Ultimate medevac protection now, that 90-day exclusion period for pre-existing conditions protection may well be finished by the time you travel.

Q13. What kind of questions do you ask in your application? Do you send somebody to do a medical exam?

1. There's no medical exam. Our application is simple, asking about hospitalizations in the last six months, your current medical conditions, and your prescriptions – and on the prescriptions, all we need is their name, not dosage info. If you have a complex medical history, SkyMed may ask for a “HQ” (health questionnaire) to be completed by your doctor and submitted to SkyMed by fax. You should also have your passport number handy; we record it so it's there in case you need help outside your home country.

Q14. How long does it take before I hear whether I'm accepted?

1. Generally just a few business days, but it's always best to do your application early to ensure sufficient time for processing.

Q15. I have more questions. Where do I find the answers?

1. SkyMed Ambassador Jeff Berger, located in Massachusetts, will be happy to answer your questions. Call his private line at 508-747-8281.

Q16. Can I sign up online?

1. For fastest results, we always suggest you contact us directly. We've done thousands of applications and can whisk you through the process in minimal time and with minimal bother. To get additional information first and see some customer stories, check our site, www.skymed.com/jmb. But to sign up, always call 508-747-8281. The process normally takes about 10 minutes, if that.

Q17. Who can get SkyMed?

1. SkyMed is available to residents of the USA and Canada, and to X-Pats living in the countries listed in Q1. X-Pat protection is necessary if you live outside the US or Canada for six months or more, in aggregate, in any 12-month period. Always notify SkyMed if you move.

Q18. I have a rather deep medical history. Will SkyMed still accept me?

1. Although SkyMed accepts the vast majority of applications, others do get health questionnaires (see Q13) and occasionally some do not qualify. There is no cost to apply if your membership application cannot be accepted.

A history of a heart attack or cancer several years ago or other maladies does not automatically signal any issues for SkyMed. Apply – there is nothing to lose (again, no charge if you're not accepted). And as we noted in Q6 there is no age limit to apply and no age limit to renew.
