THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: Getting Here: Flights, Airlines, Airports, Cruises, Weather, and COVID-19

GETTING HERE:

1. Sunwing Resumes SXM Flights; WestJet, Air Canada Follow

For Canadian nationals who have been deprived of their ability to visit SXM for many moons, the news couldn't be better:

Canadian airline Sunwing resumed flights to SXM from Toronto effective at the end of September. WestJet is scheduled to resume flights from Canada starting early in November, and Air Canada will be resuming flights not long after WestJet.

Here are [complete details](#).

2. Flying to SXM: Testing "Looks" Daunting, But Is Simple

Tourists gravitating toward visiting SXM come to our [Everything SXM Facebook Group](#) with two primary questions and concerns: first, what are the Entry Requirements; and second, how do they ever get through such a daunting list of requirements?

Our [Guide to Entry Requirements](#), available in the files area of our everything SXM Facebook group (you must first join the group to be able to access the files area; to enter, you must answer very brief vetting questions), *greatly simplifies what many may consider to be a daunting list of requirements and we answer questions or clarify the answers to questions repeatedly asked by tourists.*

Although there are a number of questions answered in our guide, the process actually has only four clear steps: first, take the required test; second, submit your negative test results in the proper format to EHAS online, while at the same time buying the required insurance on the EHAS application-for-preapproval site; third, print your preapproval from EHAS and your proof of insurance; and fourth, bring all that with your tickets and passport to the airport. In other words, **test; apply, print; go.**

All the information you need to successfully apply for preapproval to visit SXM is explained in plain English in our guide, which you will find [here](#).

3. Know The Testing Apparatus in Your Area Before You Need to Use It

It makes sense to know what the Covid testing apparatus is in your area before you have to use it. Most of our readers use either Walgreen or CVS for their pre-flight testing according to EHAS guidelines. Both of those national chains require customers to use their websites to make testing reservations.

To get an idea of how far in advance you must make appointments, we suggest you check those sites for availability in your area of the tests you want and see how far in advance appointments are currently being accepted. Keep that information current and handy so that when you actually need to schedule your appointment, you'll be successful at getting the dates you want.

It's kind of like driving somewhere new in unfamiliar territory with or without a GPS. The GPS makes things much easier; current, accurate foreknowledge of the testing apparatus in your area makes scheduling the tests you want far faster and easier.

4. Why We Moved Our "Guide to Entry Requirements" Onto our SXM Facebook Site

Once something is published in *SXM Weekly News*, the next step for it is to be put into our archives. People were also printing our Guide to Entry Requirements and saving them for later use — a bad idea since Entry Requirements can change literally at a moments notice.

When Entry Requirements change, we update the information in our Guide. We then communicate the fact that a change has occurred on the main discussion page of our [Everything SXM Facebook Group](#). *People who are going through the process of applying for preapproval to visit SXM are best advised to refer to our Guide to Entry Requirements in the Files area of our Facebook group when they are going through the process. Since Entry Requirements can change, it is never a wise idea to refer to something you printed or saved on your own computer or among your own valuable papers. That information could be wrong at the time you refer to it.*

That is why we moved the information from *SXM Weekly News* to the Files area of our [Everything SXM Facebook Group](#).

As we repeatedly say in that group: *For ACCURATE answers to all Entry Requirements / returning to US requirements questions, see our complete GUIDE TO ENTRY REQTS in the FILES area of our FB SXM site. FILES are here: facebook.com/groups/mysxm/files. Use the SEARCH window for "Entry". The Guide has JUST been updated.*

5. Keep Reconfirming Your Flights on Your Airline's Portal...

US airlines continue to work to staff up to meet the flight crew needs of the increasing numbers of flights they have scheduled for this fall and winter. They are also continuing to return some mothballed aircraft to service. Both of these processes are complex, and in the middle of all this the airlines are seeing inconsistent and sometimes opposing

steering currents in the marketplace. The desire to travel is high, and among fully vaccinated people that desire wins out. But people simultaneously are concerned about the Delta variant and other variants that may play a role in travel decision-making.

Consequently, it is wise to keep rechecking your flights on your airline's portal to be sure there have been no changes in flight times or days. If you have connections, those can be impacted by flight changes. We suggest you do this every week to be sure the itinerary you think you have is your actual final itinerary.

WEATHER:

6. Hurricane Season Far From Over; Increased Activity Expected in Mid-October

Although we're not going to explain the Madden Julian oscillation here, you will find it previously explained in our *SXM Weekly News* PDF archives (link is above). Simply put, think of when you shake out a big area rug. When the rug is shaken, there's a ripple in the rug that travels from your hands to the end of the rug. As the ripple makes that quick move through the rug, dust and debris may fly loose from where the ripple is most pronounced.

Although Meteorologists might look askance at that explanation, nonetheless as the Madden Julian oscillation circles the earth at the equator, when it enters the Atlantic Ocean it facilitates the development of tropical cyclones during hurricane season there — sort of like the ripples noted above.

The Madden Julian oscillation returns to the Atlantic Ocean toward the middle of next week and that is when Rob Lightbown, chief meteorologist for Everything SXM and Top Gun at www.crownweather.com expects tropical development to resume.

If the near disappearance of tropical system Victor and the morphing of hurricane Sam into a large North Atlantic gale center have lulled you into a sense of complacency about the remainder of this year's hurricane season, increased activity in the second half of this month in the tropical Atlantic will get your attention.

7. After Tropical Storm Wanda, What's Next?

The National Hurricane Center has now used all but one of the names in its original list of names for the 2021 Atlantic hurricane season; all that is left to use is the name Wanda.

It seems extremely likely that Wanda will be forming soon. There are almost two full months left in the 2021 Atlantic hurricane season — one which has been unusually active, following recent trends in weather which experts agree has been aggravated by climate change. Consequently, *it seems highly likely that at least a few more names may be needed for storms that form between now and the end of November, when the 2021 hurricane season is supposed to come to an end*. The NHC has said that if additional storms form in the Atlantic which would require naming after Wanda, it will list new names to be used for that purpose. When that supplemental list has been created, we will publish it both here in *SXM Weekly News* and in our [Everything SXM Facebook Group](#).

Interested in plotting the course of hurricanes as you hear their location? Here is information about how to download the same type of hurricane chart used for years in the NHC: [click to download](#).

8. See Our Online Weather / Hurricane Center for the Latest Tropical Forecasts / Developments

Our newly updated **weather/hurricane center** at www.everythingsxm.com delivers current forecasts for up to six storms simultaneously, and it provides all the latest watches and warnings for all storms as well as satellite images, radar images, and radar loops.

Whenever anything happens that may directly impact SXM, you'll see it covered in near real time in our [Everything SXM Facebook Group](#). If the island is threatened at any time by any major tropical weather systems, we will also send a bulletin to all of our **JMB Website Supporters Island Discount Program** members advising them of that situation.

We also highly recommend that if you live on the US East or Gulf Coast or in the Canadian Maritimes or in SXM, you seriously consider subscribing to Rob Lightbown's remarkably inexpensive custom weather forecasting service which gives you a heads up on what's happening in the tropics as it affects you personally,

your business, your home, and your travels. Although our site (our weather center) tells you a lot, we are journalists and not meteorologists — Rob is a seasoned meteorologist and his direct reports will be highly useful to you for planning how to react when a storm is approaching your area.

We also strongly recommend you always listen to local authorities for any dangerous weather systems that may be approaching your area. Rob's site is www.crownweather.com and it discusses tropical storms, hurricanes, tornadoes, and much more — the best site we know of for key weather information when you really need it.

9. Hurricane Supplies Checklist

If you live or work in any area that is ever faced with any disaster — hurricanes, floods, wildfires, blizzards, etc. — you need to be prepared. The following list was prepared by Florida disaster officials and it is very comprehensive, including many things you may not have thought of. Not everything it lists may be appropriate for everyone, but much that is listed here is very important for most people.

[This document](#) is a downloadable Adobe Acrobat PDF; just click the link and you will have the downloaded Hurricane Supplies Checklist, which you should save and also print out for immediate reference and use.

10. Reminder: About Our New Daily Tropical Outlooks

Effective several weeks ago, we started posting daily Tropical Outlooks in our [Jeff Berger's Everything SXM Facebook group](#) at some point during each day. If some tropical activity is underway, our posts will generally be happening in the evening or frequently through the day. But if nothing is going on, our Tropical Outlooks from the National Hurricane Center may be posted at any time during the day.

We are also making sure that significant information is posted every day in the weather center of our main website, everythingSXM.com, as we've noted in this issue. It's hurricane season.

11. Where to Find Current SXM Weather Info

You'll find detailed observations and forecasts by visiting our main SXM website, www.everythingsxm.com.

Here are four more sources of current weather info:

- 1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- 2) Our "Weather" page at www.everythingsxm.com -- it has current satellite images and radar loops and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page.
- 3) Our [Everything SXM Facebook Group](#), which publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) **On or off the island, listen to Island 92** -- 91.9FM or see www.island92.com. They report island warnings at once and know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.

Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

12. Where to Download an Official NHC Hurricane Chart

You can get it right here: [click to download](#).

Or read this:

Years ago, before we were all saturated with weather information from cable TV to local (redundant and repetitive) news and forecasts plus weather updates and bulletins on our smart phones, gas stations and television stations offered printed hurricane tracking charts so people at home could try to figure out for themselves whether they were about to get slammed by the latest hurricane.

We haven't seen hurricane tracking chart handouts for years, but if you want one they are easy to get. The exact charts used by the National Hurricane Center (NHC) are now available for download from the NHC [here](#). Select "Atlantic" and you're good to go. You can print out the chart and use it repeatedly, or simply print a bunch of them and use one for each storm that may approach an area of interest -- like SXM. You might want to print a few of these now and *not* save doing that for later.

16. SkyMed TRAVEL Guarantees Big-Time Savings on Hotels, Cruises, Car Rentals

We're now giving JMB Website Supporters members and *SXM Weekly News* readers access to a private, "members only" travel wholesale club that offers incredible prices not only on airfares but on travel reservations and packages worldwide.

SkyMed Travel offers exceptional pricing on everything and almost invariably beats everyone else's pricing. We have found their pricing excellent across the board and their 15% low rate guarantee on hotels and car rentals is real news.

Normally, SkyMed Travel charges \$99 to join plus \$99 annual renewals. But for our JMB Website Supporters members and now for *Weekly News* readers, the cost to join is zero as will be the cost for renewals. Join the Club by going to <https://www.skymedtravel.com/register>, sign up, and provide the requested information. Complete the first sign up item (SkyMed Membership Number or Representative ID) by entering the code 391330 — doing that ensures that you pay nothing for your SkyMed Travel Club membership. No code, no free entry to the club's phenomenal pricing. *If you are a SkyMed Member, however, enter your SkyMed Membership Number there to get the absolute greatest possible discounts.*

You won't be disappointed.

Not a SkyMed member? Learn more about it at www.skymed.com/jmb, then call us with questions or to sign up. Call 508-747-8281 any weekday. Thanks..

SECTION 2: Accommodations: Hotels, Resorts, Timeshares, Villas Etc

17. Reserve Now for Holiday Trips & Winter Stays

If you are thinking of visiting SXM this winter or during the upcoming holidays, make your reservations now to avoid disappointment. Many timeshare condo weeks are available for rental directly from timeshare owners in our main website, www.everythingsxm.com. There, you can pay reasonable rates for timeshare rentals or even buy timeshares directly from their owners, usually for fraction of the retail cost. No middlemen, either; you deal directly with the timeshare owner.

If you'd rather have a villa or a full ownership condominium, you'll find our Sponsor list both in this issue of *SXM Weekly News* and in our [Everything SXM Facebook Group](#), in the files area.

Nail down your rental first, then go after airfare. During the holidays, airfare is customarily expensive — supply and demand. You can often solve that problem by traveling midweek, when less-in-demand seats may well be available. You may need to accept flights to SXM via connections as opposed to nonstops — but by flying midweek, and staying at a hotel for a few extra days — you can get a longer vacation at a very reasonable price.

18. Hundreds of SXM Timeshare Condos for Rent from Timeshare Owners

Listings Updated: Ever since we established our [JMB Website Supporters Island Discount Program](#) in 2002, it has offered hundreds of discounts and other benefits to its members. One of the first benefits was the ability to advertise timeshare weeks they own for rent or for sale in our main website, www.everythingsxm.com.

That page currently offers hundreds of ads from SXM timeshare owners who are JMB Website Supporters members, as well as many more timeshare weeks for sale at prices far less than those charged directly by timeshare resorts.

Unlike other publications that carry ads for timeshare condos for rent or for sale, we accept ads exclusively from our JMB Website Supporters members — a big deal from a security perspective. If there were ever any issue, who know who these folks are.... but there have never been any issues with our sellers. The ads were updated just days ago with dozens of new weeks added. The weeks are never offered by any third parties, which means you

pay no third-party commissions or any other fees. We do not charge our JMB Website Supporters members any separate fee for ad placement either, which enables you and the timeshare owner to deal directly with each other without third-party fees.

20. Buying a Condo in SXM: Important Procedural Help

A while ago, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else. Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

26. While Continuing to Watch Tropical Weather, SXM Prepares for a Potentially Busy Winter

The cabin fever epidemic that has been evident for many months in both the US and Canada is leading hundreds of thousands of people to make reservations over the coming months for a long-delayed visit to SXM.

Not only are many tourists planning to come back who have a long history with SXM, but also significant numbers of tourists who normally go to Aruba or other warm-weather winter vacation spots are this year choosing SXM instead.

Anecdotal evidence – including a large number of inquiries to our [Everything SXM Facebook Group](#) concerning our **Guide to SXM Entry Requirements** and going home to the US requirements tells us that it may well be that visits to SXM this winter may approach levels not seen in years.

Because some buildings at Simpson Bay Resort were destroyed by Irma, and both Ocean Club and the Summit Resort were both obliterated by hurricane Irma in 2017 and the Towers at Mullet Bay resort remains closed, numbers aren't expected to match pre-2017 levels. However, a number of new condo projects are now in service as are some new hotels, so it seems that the increased demand may well be accommodated by new properties...

The island, of course, during hurricane season maintains a constant watch of the area's tropical waters — and as we have reported in this issue, hurricane season still has almost two full months to go.

But all the signs as of now are indicating a possibly best-in-years turnout for the coming winter, as millions of people become fully vaccinated and are anxious to resume some of the tropical enjoyment that many have missed for almost two full years.

27. About The Weather for the Rest of 2021

Although we are nominally in the rainy season now, visitors coming to SXM at this time of year will tell you that rainy season simply means that the very brief showers that happen during the rest of the year may last a bit longer now and possibly be a bit heavier. Nonetheless, there continues to be plenty of sunshine practically every day throughout October, November, and December, with only a slight chance of any interference from mother nature in the form of tropical mischief.

The air and water at this time of year continue to be warm. Many restaurants remain open while others may close for their seasonal shutdown during October and part of November.

The only two unusual things about December weather are the bright red Christmas worms that might appear out of nowhere; they're called Christmas worms because of their festive bright red color. They can appear in numbers during December and disappear just as fast as they show up.

Also in December come Christmas winds which can make windward facing beaches slightly less comfortable due to the possibility of blowing sand. However, Leeward facing beaches on the west and southwest shores of the island provide lots of comfort and significantly less wind.

Normal winter weather with light, infrequent showers tends to return somewhere between the end of the first and second week in January. *Winter in SXM still usually provides 84° days and nighttime temperatures in the mid-70s.*

If you haven't already made your reservations for winter 2021–22, now is the time to nail them down.

28. Make Thanksgiving Reservations Now

Thanksgiving week and Christmas week are two of the busiest weeks of the year, and the week between Christmas and New Year's — culminating in fireworks on New Year's Eve — is the busiest week of the year, with tens of thousands of tourists on the island and lots of yachts and megayachts and private jets here transporting a spectrum of business and entertainment notables to both SXM and to our neighboring island St. Barth, where the owners or renters of some private estates put on private fireworks displays for their guests.

You don't have to be a billionaire or a millionaire to enjoy SXM for Thanksgiving. Many restaurants provide full Thanksgiving dinners with all the trimmings/fixings, including delicious roasted turkey, potatoes, squash, vegetables, carrots, and a slew of freshly baked pies — not to mention lots of cranberry sauce.

Perhaps the most famous Thanksgiving feast of all on SXM is the one that has been served as far back as most people can remember at Toppers long-time location near Kimsha beach. That changes this year:

Thanksgiving 2021 marks the first time that Toppers Thanksgiving feast will be served at the restaurant's new location at the carousel in Simpson Bay. If you plan to go, make your reservations soon. Topper hails from Massachusetts, where Thanksgiving began with settlers having a then-traditional harvest-related dinner with a number of Native American indigenous people who had lived in the area for many hundreds of years. Make your reservations now at your favorite SXM restaurants. If you're not sure where to dine, ask questions in our [Everything SXM Facebook Group](#) which can give you outstanding guidance.

29. Hint: Jimbo's Upcoming New Concept Restaurant Won't be Called "Jimbo's"

The day is coming closer when we will be able to give you full details on Jimbo's next culinary venture on SXM.

For those who are new to SXM, Jimbo is James "Jimbo" Morris who for many years owned and operated Jimbo's Mesquite Grill in SXM, a Tex-Mex establishment beloved for its authentic Caribbean vibe, great food, and amazing desserts/drinks. Jim had closed shop early in 2020 after the owner of the building where his restaurant was housed decided to demolish it. It was a bizarre coincidence that Covid hit just as the restaurant was closing forever.

What will Jimbo's new concept be? We've been sworn to secrecy but we *can* tell you our sealed lips will be unsealed "very soon" — and also that Jimbo's new restaurant will be in Simpson Bay and will *not* be called Jimbo's.... The mystery deepens!

Watch this space for more news coming very soon about Jimbo's next venture. We will also be publishing much more

on this as the time gets closer in our sister medium, our [Everything SXM Facebook Group](#).

30. Heads Up: Why You Shouldn't Ever Leave Valuables Anywhere in Your Car

SXM is paradise, not utopia. Some people confuse the two and in a mood of utter relaxation, do things on SXM that they wouldn't do at home.

For example, we see people leave valuables inside their car, visible to anyone when the car is parked in a public area. We have also seen many people put valuables in their car trunk. If we see them putting purses, electronics, cameras, and more in their car trunk, so do people who may think it's a nifty idea to go shopping there through an open door or with help from a crowbar.

Again, *SXM is paradise, not utopia*. Never leave valuables visible in your car or locked in your car trunk. Don't do it at home and don't do it anywhere else.

[This article](#) from our main website, www.everythingsxm.com, tells you more.

31. Heads Up: Wear Your Seat Belts and Pick a Designated Driver - or a Cab

Both sides of SXM have strict laws requiring all passengers in motor vehicles to wear seatbelts and never drive drunk. The laws on the French side are extremely strict and offer big fines on a per person basis if anyone in your car is not wearing seatbelts or if the driver is over a very low limit of alcohol use. Were talking hundreds of dollars in fines here.

As a result, we urge all visitors to always wear your seatbelt and never drive after drinking. Pick someone as a designated driver or, if you all want to drink, make sure you get a taxi to take you to your restaurant and pick you up once dinner is finished. We list a number of excellent taxi drivers in the files area of our [Everything SXM Facebook Group](#), where you can also ask for recommendations from our readers. This is the [direct link to our "Crime in SXM" article](#).

32. Next Trip: Don't Miss Tijen Parfumerie, Where You Can Create Your Own Fragrance (Women & Men)

One of the most amazing experiences you can have while in SXM is to create your own perfume or cologne right here on the island, then take it home with you. The fragrance you create selecting and blending from hundreds of different scents will be uniquely yours. When you want to reorder, it's a simple process. *In fact if you're not visiting the island for a while and would like to do this anyway, Tijen Parfumerie enables you to do the process virtually — and guarantees that you will love the results.*

A few years ago, Ilene and I went to a perfume making class at Tijen. It was wonderfully eye-opening and we loved the freedom to use any of hundreds of scents to create something uniquely our own. You will likely find that the perfume or cologne you create for yourself (for women or men) will become your favorite over the years, and it will always remind you of your time on SXM.

See www.tijen.com and contact John, Cyndi, or MiMi and set up an appointment for yourself. Our personal experience even after multiple visits to Tijen is the class and its results WILL become one of your best memories of all your stays on the island.

33. Where to Get Great Box Lunches Before Doing SXM Tours

Lots of choices here...our three favorites: Vesna Taverna, Simpson Bay, for a variety of sandwiches and salads and delicious homemade bagels and more. Next, IZI Ristorante Italiano, different lunch specials every day...lots of food for astonishingly little money for those lunch specials. And third, Pineapple Pete -- big variety and reasonable prices.

34. Astra: A Great New Place for Breakfast, Lunch, & Dinner

At the site of the former "Snoopy's" next to the road entering Isle de Sol Marina, Simpson Bay, is the completely reimagined, gorgeous new ASTRA restaurant, now open for breakfast, lunch, and dinner. In back in the lagoon they have their own "lobster pond," which we'd guess is the biggest in the Caribbean, where lobsters can roam freely until you decide which one you want for dinner. The food is a spectrum of flavors that's outstanding -- great quality, exemplary service, and a beautiful, romantic ambiance with constant tradewinds across the lagoon. We have never had anything here that we did not flat out LOVE. The carrot cake at dinner is really extraordinary -- super moist with exquisite flavors. Much more will soon be in our [Everything SXM Facebook Group](#) about Astra, Movida, and Avantika -- serial entrepreneur Anish Chugani's three superb SXM restaurants. Highly recommended... more to come.

36. Key Differences Between SkyMed Short-Term & Annual Memberships

Many people who buy SkyMed memberships first request short-term protection. Is that the best solution for most people? That's a decision you have to make, but before you do, we wanted to give you a little information about SkyMed's types of memberships so you can get a better feel for exactly what is offered.

First, short-term memberships are available only for a specific defined short term. They protect you with SkyMed Takes You Home® membership that applies throughout the United States, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Short-term protection cannot be upgraded or renewed since you buy it for specific trip; it's temporary protection. There is no waiting period for any benefits. When you want protection for a future trip, you must make a separate application for it. It is economical if you seldom travel and if you take brief trips. The cost is \$9/day per person, or a maximum of \$15 a day per family (parents and kids).

We always tell people who are 50 or over about the most important advantages of SkyMed annual and multiyear memberships. We feel the single most important benefit is that SkyMed annual and multiyear memberships are guaranteed renewable, regardless of advancing age or declining health. Details are in SkyMed's Member Services Agreement. We currently have members who are still traveling and are in their upper 80s and 90s.

The cost of annual memberships per family — far more economical than the \$15/day per family for short-term coverage — is only about \$1.35/day total. Multiyear memberships are even less expensive and have more features; contact me and I can send you full information about features of each type of SkyMed membership. Ultimate memberships protect you worldwide. I can answer all your questions by phone in a matter of minutes, and we can also conveniently take your application by phone. Phone us any day at 508-747-8281 during daily business hours, 9am to 8pm. That's a direct line to Jeff Berger's office.

37. Where & When SkyMed Protects You

Basic SkyMed short-term and annual memberships protect you throughout the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the #Caribbean In that SkyMed universe, SkyMed *Takes You Home*® when you become critically ill or injured. Optional protection covering most of the rest of the world is provided by GETS, Global Emergency Transportation Services, a SkyMed company.

For much more SkyMed information please see a few of SkyMed-related articles that appear later in this issue.

40. Join Our New Conversational Everything SXM Group on MeWe, the Facebook Alternative

For years, you have been able to obtain a great deal of SXM information and photos/videos in our [Everything SXM Facebook Group](#). Unfortunately, not everyone is a fan of Facebook, so we have started a new Everything SXM group on a platform that has become a strong competitor Facebook — it is called MeWe.

We urge all fans of *SXM Weekly News* to become members of MeWe and join our group there; [here is the link](#).

41. Going Home? Check Your State's Return Policies

It's essential for visitors returning home to the US to know their home state's policies and procedures for passengers returning from overseas flights well before they head to the airport.

We suggest at least a couple of weeks before your return date that you visit your state's main web portal to see exactly what its requirements are regarding Covid. Some states may require a negative test be taken X number of hours before your return flight; others may require some degree of quarantine, and others may require nothing.

The US REQUIRES Covid tests for everyone returning there from SXM. Details are in our Guide to Entry Requirements, published early in this issue of *SXM Weekly News*. Ask about testing locations on SXM that you can use — to do that, go to our [Everything SXM Facebook Group](#). Please do not ask questions there about your state's requirements — our group is SXM centric and will not accept such posts. Your state's web portal is certainly the best source of current, accurate information about requirements related to returning international passengers.

43. SkyMed Q&A / FAQ - Frequently Asked Questions

SkyMed® FREQUENTLY ASKED QUESTIONS

Answers to Common Questions

This document contains general SkyMed information in answer to common questions. SkyMed's services are defined by its Member Services Agreements – plain English documents that tell you what you get and how it works (see much more info below). As always, SkyMed offers a 30-day “Free Look period,” so if for any reason you're not satisfied with your unused SkyMed protection before 30 days have expired, SkyMed will refund your money.

Q1. Does it cover my trip to...?

1. Basic short-term and annual “SkyMed *Takes You Home®*” protection applies throughout the USA (all 50 states), Canada, Mexico, Bermuda, the Bahamas, and all the nations of the #Caribbean Global Emergency Travel Services (G.E.T.S., a subsidiary of SkyMed) protection is available outside the USA, CANADA, MEXICO, BAHAMAS, BERMUDA, and the CARIBBEAN (the rest of the world), however neither SkyMed nor G.E.T.S. covers trips to nations on the U. S. State Department's then-current “Do Not Travel” list – North Korea, Iran, and Venezuela currently, for example, and several others. Before planning a trip, check that list if you have any question about whether protection is provided for your destination – or call SkyMed directly during normal office hours (Mountain Standard Time) at 480 946 5188 or 1-800-475-9633.

Q2. Who is protected?

1. “Single” protection is available for individual travelers. “Family” protection includes your spouse or domestic partner and your young children up to 18 or 24 if they are full time students.

Q3. Do I need to call SkyMed before traveling outside my home country?

1. If you're traveling during the normal high season for travel to your destination, no. If you're traveling to your destination during its low season, do call SkyMed Member Services at the 800 number in the first question and let them know.

Q4. What if I'm going to a country not listed above in question 1?

1. Then you'll need (G.E.T.S) protection. If you have one of our Ultimate multiyear memberships, (G.E.T.S.) protection is included. On Annual (one-year) memberships, “G.E.T.S.” protection is an inexpensive option.

Q5. What's the difference between "short term" and "Annual" or multi-year protection?

1. Short-Term protection is intended for brief trips, say a week or two. Like Annual protection, it "Takes You Home®" to doctors and hospitals you know and trust when you suffer a serious or critical illness or injury while traveling. Preexisting medical conditions are covered from day one with the short-term plan. It's inexpensive, only \$15/day for family protection. Remember, though, that Annual and Multi-year Ultimate memberships cost much less – only about \$1.35/day for family plans. Plus, they're guaranteed renewable without regard to advancing age or declining health. If you get a short-term plan, once it has expired, it is done, and you must reapply and requalify for another when you next travel. With Annual and multiyear Ultimate memberships, all you need do is renew before the renewal deadline – no need to reapply unless your membership has lapsed and the grace period has ended.

Q6. Is there an age limit for applications?

1. There is no age limit to apply. There's no age limit on renewals, either.

Q7. Can you cancel my protection at a certain age or if I get really sick?

1. Annual and multi-year Ultimate memberships are guaranteed renewable, as noted above. They will not be canceled simply because you're a certain age or because your health has changed.

Q8. Will you raise the price of my membership at a certain age or if I get sick?

1. Once you're a SkyMed member, at renewal time you'll pay the same low renewal fees that everyone else with your type of membership pays. If you join at age 75 or older and purchase the X-Pat plan because you live in Mexico, the Bahamas, Bermuda, or the #Caribbean, the X-Pat plan is more expensive than the standard traditional (Annual or multiyear Ultimate) plan.

Q9. What exactly does SkyMed cover? Is it health insurance?

1. You'll find an overview of all key SkyMed Features & Benefits here:
<http://www.everythingsxm.com/sxmweeklynews/SkyMedServices.pdf>

This is the same list you'll find on the back of our current membership applications. SkyMed provides up to 18 benefits related to medical evacuation if you suffer a serious or critical illness or injury while traveling. It is not health insurance – in the "SkyMed universe," SkyMed *Takes You Home®* to doctors and hospitals you know and trust, where your health insurance works.

Q10. What about pre-existing conditions? Are they covered?

1. Yes: for short-term memberships, medevac protection (including items listed in the answer to Q9, above) is included for critical illnesses or injuries related to pre-existing and non-pre-existing conditions. For Annual and multiyear Ultimate memberships, pre-existing conditions are covered after a brief 90-day waiting period.

Q11. I want guaranteed renewable protection because of my age, but I'm going on a trip sooner than 90 days. What can we do about that?

1. Get our inexpensive short-term membership to cover your near-term trip, including medical evacuations for serious or critical illnesses or injuries due to pre-existing conditions. At the same time, apply for an Annual or Ultimate membership, to kick in once your near-term trip ends.

Q12. I'm not traveling for a while. When should I apply?

1. Get SkyMed before you need it – just like fire insurance. Since you don't know when you'll need it – and since health can change in a heartbeat thanks to falls, accidents, or other issues – it's always better to do it sooner rather than later. Beyond that, if you have pre-existing conditions and get SkyMed Annual or multiyear Ultimate medevac protection now, that 90-day exclusion period for pre-existing conditions protection may well be finished by the time you travel.

Q13. What kind of questions do you ask in your application? Do you send somebody to do a medical exam?

1. There's no medical exam. Our application is simple, asking about hospitalizations in the last six months, your current medical conditions, and your prescriptions – and on the prescriptions, all we need is their name, not dosage info. If you have a complex medical history, SkyMed may ask for a "HQ" (health questionnaire) to be completed by your doctor and submitted to SkyMed by fax. You should also have your passport number handy; we record it so it's there in case you need help outside your home country.

Q14. How long does it take before I hear whether I'm accepted?

1. Generally just a few business days, but it's always best to do your application early to ensure sufficient time for

processing.

Q15. I have more questions. Where do I find the answers?

1. SkyMed Ambassador Jeff Berger, located in Massachusetts, will be happy to answer your questions. Call his private line at 508-747-8281.

Q16. Can I sign up online?

1. For fastest results, we always suggest you contact us directly. We've done thousands of applications and can whisk you through the process in minimal time and with minimal bother. To get additional information first and see some customer stories, check our site, www.skymed.com/jmb. But to sign up, always call 508-747-8281. The process normally takes about 10 minutes, if that.

Q17. Who can get SkyMed?

1. SkyMed is available to residents of the USA and Canada, and to X-Pats living in the countries listed in Q1. X-Pat protection is necessary if you live outside the US or Canada for six months or more, in aggregate, in any 12-month period. Always notify SkyMed if you move.

Q18. I have a rather deep medical history. Will SkyMed still accept me?

1. Although SkyMed accepts the vast majority of applications, others do get health questionnaires (see Q13) and occasionally some do not qualify. There is no cost to apply if your membership application cannot be accepted. A history of a heart attack or cancer several years ago or other maladies does not automatically signal any issues for SkyMed. Apply – there is nothing to lose (again, no charge if you're not accepted). And as we noted in Q6 there is no age limit to apply and no age limit to renew.
