THIS WEEK'S STORIES:

Stories are numbered; scroll down for stories of interest.

SECTION 1: Getting Here: Flights, Airlines, Airports, Cruises, Covid, & Weather; Etc.

GETTING HERE:

1. Non Weather-Related Cancellations Seem to be Easing

Although flight cancellations by US airlines continue to happen, anecdotal evidence from our members seems to indicate that they may be easing — except those caused by weather, which are unavoidable.

In recent months, most large airlines have taken steps to reduce their schedules to better align with available staffing. When they did that, the result was an immediate flurry of cancellations for flights over the next several months. That seems to have eased now, and reports from some airlines indicate that their efforts to hire new pilots are bearing fruit, though it may take some time before those recently hired are trained and certified to operate specific aircraft types for which pilots are needed.

This does not mean that cancellations except for those related to weather are over; it just means that they are easing, from all appearances. We flew last month through two major airports, one in the Northeast and one in the Southwest. Both were very busy with no word of last-minute cancellations at that time. We were flying JetBlue.

2. DR-SXM Flights Ballyhoo Apparently Over

There was a ballyhoo early this month between the Dominican Republic and SXM over what local airlines could fly to the other country. The ballyhoo threatened to suspend flights by local carriers from each country between DR and SXM. However, it appears to have been a tempest in a teapot and is now pretty much over. There are some technicalities to be resolved but it doesn't seem like they should hinder airline service between the two countries to any noticeable or disruptive degree.

3. Make Reservations Now for Winter Trips; Prices Vary Widely

It appears that the coming winter season may be one of the busiest on SXM in many years. For that reason, and despite high fares from many cities, we recommend that our readers get their tickets as soon as they can. If nonstop flights from your city are not available at reasonable prices, check into connections, which are often significantly less expensive.

In some cases, however, fares are surprisingly low, readers are telling us. Some such fares for late winter are from the

New York metro area. There is a tremendous variation in ticket prices, with high prices more common than low. Prices went up when the cost of jet fuel was high, but the cost of jet fuel has dropped significantly but the airlines appear to have forgotten to modify their prices accordingly.

In any case, make reservations now for winter trips. Most fares are nonrefundable, but you should be able to change your reservations later at a fee should lower fares become available closer to the date of your flights.

Need a rental? Hundreds of timeshare condo rentals are available directly from owners, [here](#). See our Sponsors list, below, if you're looking for a villa or a more specialized kind of accommodation. We do not recommend using the big online villa rental outfits -- local realtors know the properties best and they're the people who can get you exactly what you want.

4. Where to Find Our Guide to SXM Entry Requirements / Return to US Requirements (Newly Updated)

Tens of thousands of tourists will be visiting SXM this summer and fall, with hundreds of thousands coming next winter. Planning for all of these visits is well underway.

Our **Guide to Entry Requirements** (Second Edition, just updated) simplifies SXM Entry Requirements to make it easier for our readers to understand exactly what the island is looking for and to successfully navigate SXM's Electronic Health Authorization System (EHAS) website, through which visitors to SXM must still apply for the required preapproval.

To access the just-updated second edition of our Guide to Entry Requirements, *which is free*, go [through this link](#) (revised) to the files area of our [Everything SXM Facebook Group](#). You should be able to access the file easily if you are already a Facebook member.

Further updates may happen as the number of hospitalizations on the island stays very low. See next story.

5. MEDEVAC COSTS ARE SOARING: Got a Spare \$45,000++? You May Need It, In Cash in Advance, to Get a Medevac Jet Home in a Medical Emergency

\$45,000 or more payable in cash in advance could be what you must pay out-of-pocket should you need emergency medical evacuation while traveling anywhere in the USA, Canada, Mexico, Bermuda, the Bahamas, or anywhere in the Caribbean. By contrast, SkyMed Takes You Home® for zero dollars when you become critically ill or injured in any of those countries *if you are a SkyMed member. All it takes is one phone call and SkyMed does everything. That \$45,000 you might have to spend without SkyMed assumes that you can make all the arrangements, find and hire the jet, make sure it is properly outfitted for the specific medical problems you face, staff it with appropriate medical professionals who are cleared to travel back home to the US or Canada, and take care of customs, immigration, and loads of other paperwork including Ambulances and getting your records to your Destination hospital.* By contrast, SkyMed does all of that and its members pay \$0 for the evacuation or ambulances.

Setting up medical evacuations sounds complicated because it is and having to do all this in a medical emergency is a daunting task for anyone who has never done it. For about \$1.64/day for an annual or multiyear SkyMed membership, SkyMed will do all of this stuff once you make that single quick phone call.

For more information, call us today at 508-591-3483 or Jeff.Berger@skymed.com. Include your phone number and time zone so we can call back and get all your questions answered. We can also take your application by phone in roughly 10 minutes.

What should you do if your flight is canceled or delayed as happens fairly often now due to weather or staffing shortages?

This [article](#) gives you exact answers.

Etc./Weather

8. Tropical Activity Expected to Pick Up This Week; No Near-Term Threats to SXM

Tropical activity in the Atlantic is expected to pick up by the middle of this week, though the prospective longevity of any systems that may spin up isn't believed to be significant. For that reason, there are currently no near-term threats to SXM from any tropical systems.

However, our chief meteorologist Rob Lightbown of Crown Weather, the go-to authority for tropical weather information, does expect in general for activity to pick up starting this week and perhaps continuing through the heart of the season. Please see story 10 for how you can access and leverage his knowledge to help you make your way through this hurricane season — particularly if you are ever in the path of tropical systems from the Atlantic basin.

9. Be Properly Prepared for Hurricane Season

Compiled by NOAA and the National Hurricane Center, this information can help anyone who is ever in the path of any tropical cyclone hopefully make it through that event safely. For your own safety, download [this document](#) and save it after reading -- and feel free to share it with others.

Get your SKYMED MEMBERSHIP *BEFORE* you need it. Air ambulances are now more costly than ever: when you become seriously or critically ill or injured while traveling, SKYMED TAKES YOU HOME® to doctors and hospitals you know & trust. Otherwise you must pay tens of thousands of dollars in cash in advance to get a medevac jet -- if you can even do it (NOT easy or fast if you don't know how). SkyMed annual or multiyear memberships are only about \$1.64/day, and they're guaranteed renewable regardless of age or medical condition at renewal and they are PRICE GUARANTEED FOR LIFE. Why wait? CALL today 508-591-3483 or email us at jeff.berger@skymed.com; include your callback number & time zone please. Protect your family NOW!

10. Where to Find The Latest SXM Weather Information

Although hurricane season officially begins June 1, nonetheless it's best to be prepared before then. In recent years, tropical activity has begun around mid-May. Stay in touch with any or all of these sources of tropical weather information...

Here are SIX sources of current SXM weather info:

- 1) [Crown Weather Services](#) whose very inexpensive subscription service is, we feel, the best in the business.
- 2) Our "Weather Center / Hurricane Center" at www.everythingsxm.com -- it has current satellite images and radar loops 24/7/365 and now all the latest NHC weather forecasts, outlooks, and advisories as well. There are now also active weather widgets on the site's home page. *That page also includes real-time or near-real-time satellite images and radar loops.*
- 3) Our [Everything SXM Facebook Group](#) publishes the latest advisories, watches, and warnings when SXM is threatened by any storms.
- 4) **On or off the island, listen to Island 92** -- 91.9FM or see www.island92.com. They report island warnings at once so you'll know exactly what's going on. You can listen on the web anytime through live streaming.
- 5) For a quick look at weather radar exactly where you are or where you're going, try the My Radar phone app or My Radar for Windows -- excellent programs.
- 6) Get a quick, current satellite look at the Atlantic basin anytime: <http://www.goes.noaa.gov/GIFS/ATWV.JPG> .

N. B.: *Again...Never rely on any website if you're in the path of a storm; always heed warnings from local authorities.*

In addition, when storms form or pass near SXM, we expect to run the latest forecasts, watches, warnings, and observations in our [Everything SXM Facebook Group](#), and we will post all of that material directly in the weather center of our everything SXM website, www.everythingsxm.com.

11. For SXM Condo Buyers, Some Critically Important Advice

Moving to the Caribbean requires a multi-step procedure that involves different citizenship programs. 12. Buying a Condo in SXM: Important Procedural Help

A while ago, working with Arun Jagtiani of Island Real Estate Team, we put together and conducted an SXM Relocation Seminar for dozens of attentive attendees at Emilio's Restaurant at the Emilio Wilson estate near Philipsburg.

Many of you have asked whether it would be possible for you to see video we made of our relocation seminar.

Although we do intend to put on future relocation seminars, the video of our November '18 seminar is available online to anyone interested in buying on SXM, whether for a vacation home, retirement home, income property, or anything else.

Lots of outstanding info was communicated during this excellent seminar, and another is now in the early planning stages.

See the video [here](#). (Link is being updated).

Please check this link to [BrightPath Caribbean SXM](#), a company that can help provide very deep and expeditious help in completing residency requirements for people buying a second home, income property, or a new business in SXM, or relocating there. They're located in the Puerta del Sol building opposite Avantika, Simpson Bay, Dutch side. Tell them you heard about BrightPath through Jeff Berger's *SXM Weekly News*.

19. JMB Website Supporters Island Discount Program Major Update Expected to Complete Late This Fall...

The huge update we have been working on for some time of our JMB Website Supporters Island Discount Program -- which coincides with a major server upgrade and upgrades to two mission-critical programs for our new servers -- is taking longer than we had originally hoped.. Unfortunately, this seems to be a common theme among many businesses dealing with personnel shortages among their principal contractors. In any case, we believe this major upgrade should be finished by late this Fall. We will keep you aware of program changes and we apologize for the delay.

22. THE SKYMED SALE DETAILS: Only \$1.64/day Gets You
Guaranteed Renewable, Price-Guaranteed-Forever SkyMed
Annual or Multiyear Medevac Protection:

• **WHAT IS SKYMED? WHERE DOES SKYMED WORK?**

SkyMed is a medical evacuation membership company. "SkyMed Takes You Home®" when you become seriously or critically ill or injured when traveling anywhere throughout the USA, Canada, all the nations of the Caribbean, Mexico, Bermuda, and the Bahamas. Global protection is also available. SkyMed members pay nothing for SkyMed-arranged medical evacuation flights that would cost non-SkyMed members \$45,000 and up payable in cash, in advance. Why risk that? Of course, you must get your SkyMed membership before you need it -- just like fire insurance. You'll find an overview of all SkyMed Services [here](#), and you'll find Frequently Asked Questions [here](#).

• **WHAT ARE "ULTIMATES"?**

SkyMed Ultimates are SkyMed's best memberships and also its LEAST EXPENSIVE on a cost-per-day basis (about \$1.64/day for family protection). They offer a suite of 18 services and protect you worldwide -- almost everywhere. They are offered in monthly-pay (minimum payment period two years), three-year, and five-year versions.

LOW GROUP PRICING *LOWER THAN THE PRICES ON THE SKYMED WEBSITE*:

All of the SkyMed memberships we sell go to either members of our JMB Website Supporters Island Discount Program, to members of our various online SXM groups, or to readers of *SXM Weekly News*. The prices we charge for all multiyear Ultimate memberships are SUBSTANTIALLY LESS than the retail prices you will see online from SkyMed's website. Call or email us DIRECTLY (contact info below) for details on all of our major-league savings on SkyMed Ultimate multi-year membership prices.

- **LIFETIME PRICE GUARANTEE / GUARANTEED RENEWABLE MEMBERSHIPS:**

All existing SkyMed memberships and new SkyMed membership purchases of one-year or longer are now price-guaranteed for life. The price of your membership will not increase if you buy during 2022 or if you already are a SkyMed owner of any annual or longer membership: this applies as long as your renewals are paid on time. SkyMed annual and longer memberships are also Guaranteed Renewable when annual or multiyear fees are paid on time -- guaranteed renewable regardless of advancing age or declining health.

- **HOW TO CONTACT US: Phone us ANYTIME at 508-591-3483 (new number, where you can also text us) for answers to questions or to sign up. When you call us directly, we get credit for the sale. You can also email us directly through SkyMed at jeff.berger@skymed.com.**

My SkyMed website: <http://www.skymed.com/jmb>. **But please CALL ME DIRECTLY with questions or to sign up - that way I get credit (number above).** Or jeff.berger@skymed.com

- **When and Where SkyMed Protects You:**

Basic SkyMed short-term and annual memberships protect you throughout the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean. In that SkyMed universe, SkyMed *Takes You Home*® when you become critically ill or injured. Optional protection covering most of the rest of the world is provided by GETS, Global Emergency Travel Services, a SkyMed company.

- **Key Differences Between SkyMed Short-Term & Annual Memberships:**

Many people who buy SkyMed memberships first request short-term protection. Is that the best solution for most people? That's a decision you have to make, but before you do, here's some important info. **First, short-term memberships** are available only for a specific defined short term. They protect you with SkyMed *Takes You Home*® membership that applies throughout the United States, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean including Cuba. Short-term protection cannot be upgraded or renewed since you buy it for a specific trip; it's temporary protection. There is no waiting period for benefits. When you want protection for another future trip, you must make a separate application for it. **Although at \$15/day per couple SkyMed short-term protection is the most expensive product SkyMed sells on a cost-per-day basis,** short-term protection is economical if you seldom travel and take brief trips. The cost is \$9/day per individual, or a maximum of \$15 a day per family (parents and kids 21 or younger). ***We always tell people who are 50 or over about the most important advantages of SkyMed annual and multiyear memberships. The single most important benefit is that SkyMed annual and multiyear memberships are guaranteed renewable, regardless of advancing age or declining health.*** Details are in SkyMed's Member Services Agreement. We currently have members who are still traveling and are in their upper 80s and 90s. **The cost of annual memberships per family is far more economical than the \$15/day per family for short-term coverage -- it's now only about \$1.64/day total.** Multiyear memberships also have more features; contact me for full information about features of each type of SkyMed membership. **Ultimate memberships protect you worldwide.** I can answer all your questions by phone in minutes, and can also take your application by phone (that way I get credit). Phone anytime at 508-591-3483 (NEW NUMBER). That's a direct line to Jeff Berger that also accepts text messages. *Updated 6/20/22.*

- ***What is the SkyMed Ultimate?**

Again, the Ultimate is SkyMed's best - and least expensive (on a daily cost basis) form of medical evacuation membership. With SkyMed "Takes You Home"® services in the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean, plus Global Emergency Travel Services (GETS) almost everywhere else worldwide, the Ultimate is for people who visit Europe, Africa, Asia, and almost anywhere else your wanderlust takes you. It also delivers 18 critically important travel-related services as opposed to 12 with SkyMed annual memberships. **You'll find an overview of all SkyMed Services including those provided with Ultimate memberships [here](#).**

- **[SkyMed Frequently Asked Questions / FAQ](#)**

Feel free to contact me via Facebook Messenger as well or now WhatsApp, 721-588-4188 (through WhatsApp ONLY), or use our new office line, 508-591-3483. Or email me at jeff.berger@skymed.com (SkyMed inquiries only please). You can also send texts to that 508 line and leave voice messages. Please include your phone number, time zone, callback number, and email address.

23. Answering Your Questions: What Does SkyMed Do for its Members?

--- from Jeff Berger

We've always said SkyMed TAKES YOU HOME® when you become critically ill or injured -- home to doctors and hospitals you know and trust, and home where your health insurance works. *In recent weeks as many of you have decided to resume traveling, you've asked us for examples of what SkyMed does.* Several examples are right here:

For answers to questions or to sign up, email me at jeff.berger@skymed.com or call me at 508-591-3483. Open to Americans & Canadians & xPats only. Based in Scottsdale, Arizona, for the last 33+ years, SkyMed TAKES YOU HOME® when you become critically ill or injured while traveling anywhere in the USA, Canada, Mexico, Bermuda, the Bahamas, or all the nations of the Caribbean. Global protection is available. Cost for family membership is as little as \$1.64/day on annual and multiyear plans. IMPORTANT: Buy directly through me: our pricing for multiyear memberships is much lower than SkyMed's pricing published on the web.

Here are specific examples of how SkyMed works for its members:

On a recent Thursday at Mullet Bay Beach, a woman at the edge of the water fell and accidentally knocked down her friend, standing close by. The friend felt pain in her leg as she got up, went to a hospital, and was told she had a "soft tissue injury" and should relax in the sun. Pain continued. Next day she went to the Maho Clinic for another opinion since she couldn't put any weight on the leg without pain. The doctor there sent her to the French Side for a new x-ray. That diagnosis came back - broken leg and she had to be medically evacuated back to the US for surgery. A few days before, the woman had bought short-term SkyMed medevac protection for her short trip to SXM. Cost, under \$100. She was sent home by jet by SkyMed. The charge for the jet: \$0. Without SkyMed, had she needed a medevac jet, the \$26,000 (approx.) price of that jet home would have had to be paid in cash in advance; with SkyMed she was home and in the hospital of her choice the next day for \$0 out-of-pocket.

Mary Beth and her partner Don were vacationing in SXM when Don fell and broke his hip -- only about a month after they had bought SkyMed. SkyMed flew them home on a medevac jet for the hospital care he needed. Flight cost to the patient: \$0. Savings: over \$35,000.

An MD from Florida who always visits SXM was on a cruise vacation to the Greek Islands with his wife when he broke his femur aboard the ship. He was rushed to the hospital in Corfu but called SkyMed which arranged and paid for an emergency medevac flight to Athens for urgent surgery. A few days later SkyMed evacuated him again, with an excellent male nurse, all the way home to Florida, where an ambulance took him home for recovery. Required flight cost to the patient: \$0. Savings: huge.

A Summer trip ended in disaster when a child visiting her grandmother in Grand Case was bitten in the head by the grandmother's bulldog, imperiling the girl's eyesight. She was flown to Miami in a medical evacuation jet for emergency eye surgery that saved her sight. Flight cost to the patient: \$0.

A woman from Virginia shopped at an island grocer and headed back to her car carrying two bags of groceries. She tripped and fell on a curb and knew at once she had fractured her hip. After being stabilized locally, she was flown home on a medical evacuation jet from SkyMed where she had the surgery she needed. Flight cost to the patient: \$0.

Two men were riding their horses on a hill in Cay Bay when a car backfiring spooked one of the horses, which threw its rider. The other rider got off his horse to check his companion when the car again backfired, spooking the horse again which led it to kick its dismounted driver in the head, luckily causing "only" a severely dislocated jaw. The local hospital had no ability to solve that problem so the victim was airlifted by SkyMed back to Pennsylvania for surgery. Flight cost to the patient: \$0.

A member of the clergy fell down cement stairs and broke her leg. She too was airlifted home by SkyMed for surgery. Flight cost to the patient: \$0.

Not all trips end well: anything can happen when you travel. Being a member of SkyMed was the common thread in all these cases. SkyMed takes its members home when serious or critical injuries occur in the "SkyMed universe", usually in a private, ICU-equivalent medical evacuation jet -- home to doctors and hospitals the patient knows and trusts -- and home where their health insurance works. That's just one of up to 18 benefits received by SkyMed members for about \$1.64/day for annual or multiyear memberships.

All this is why we always recommend SkyMed. Call Jeff Berger 24/7 at 508-591-3483 and leave your name, phone number, and time zone. Jeff will call back at a mutually convenient time and answer all your questions. He can also take your application by phone in about 10 minutes. *You're eligible to apply regardless of your age or health if you are a U.S. or Canadian citizen or an American or Canadian ExPat living in SXM or certain other countries.*

Anything can happen anywhere: Do it now, BEFORE YOU NEED IT. To learn more, visit www.skymed.com/jmb. JMB members get big discounts off SkyMed's online pricing for all multiyear memberships, the BEST memberships for most people age 50 or over. More contact info is above.

25. Latest Update on Sargassum Seaweed

Since Pinel island beach and the restaurants there are on the leeward side of Pinel island, that whole area has been fine through the Sargassum seaweed situation. The Sargassum seaweed has been hitting the windward side of SXM and other islands, leaving all leeward side beaches and businesses in good shape.

Nonetheless, ferry service to Pinel from the ferry dock was shut off for a few days because of a large accumulation of Sargassum seaweed at the French side dock, through which the small motorboat ferries did not want to sail. Those ferry docks have since reopened, and comments from a number of people on the beaches indicate that currents may be changing and much of the Sargassum that has been annoying SXM lately may now be taken away by changed currents; we can certainly hope so.

Many people are blaming climate change for the increased presence of Sargassum seaweed throughout the Caribbean and along much of the shoreline of the Western Gulf of Mexico, particularly affecting Southeast Texas and the Mexican Riviera.

As always, we will continue to report on this. We also run photographs from our readers in our [Everything SXM Facebook Group](#).

26. French Side Acts to Mitigate Sargassum in Cul-de-Sac

The French side has taken action to mitigate the presence of Sargassum seaweed in the Cul-de-Sac area; here is [that story](#).

27. French & Dutch Sides Removing Hundreds of Junk Cars

Anyone who has visited the Caribbean with any regularity during the last few decades has certainly noticed that most Caribbean islands have one thing in common besides great weather: junk cars seen at the side of some roads.

Both the French and Dutch sides are acting vigorously to get rid of junk cars across the island. Here is the [story about the French side](#) and here's the [story about the Dutch side](#), which appears to be taking a slightly more laid-back tack than the French.

28. SXM Airport Kitchen Smoke Alarm Causes Quick Evacuation; No Worries

Smoke in a kitchen at one of the airport's food vendors set off an alarm that required an immediate building evacuation last week. Flames were doused quickly and the building was re-occupied. No reports of any injuries and inconvenience to passengers was minimal. Authorities are looking into the cause.

29. Some Restaurants Planning Seasonal Closures; Phone for Reservations

We've heard the following this week concerning seasonal restaurant closures on SXM. Many more are listed in our [Everything SXM Facebook Group](#).

IZI Ristorante Italiano: Closing after the last Sunday in August, reopening mid-October.

Isola Ristorante Italiano: NOT CLOSING.

31. Never Handle Starfish!

If you spend enough time the water here in SXM, no doubt you will come across a starfish. Often seen in the tropics are starfish that measure upwards of 8-10 inches from one side to the other. Since they are such fascinating creatures, people tend to pick them up and take pictures with them; sometimes they dry them out of the sun and take them home in a suitcase.

Handling starfish at all can be fatal to be animals, which are very fragile. Suntan lotion and other substances that are foreign to them, including body oils from your fingers, can kill them. It's fine to take pictures of them where they are in the water, but please — never touch them, never pick them up, and certainly never let them sit in the sun to dry out and die for your benefit. Doing so is cruel to be animals. Please just let them be.

As many people have said for many years. leave nothing but footprints. take only pictures.

32. Congress to FAA: Order Redesigned Aircraft Seats to Ensure 90-Second Egress

Several years ago, after witnessing tight seating on a number of US aircraft, the United States Congress told the FAA to make sure that all aircraft passenger seats of US airlines met the qualification that evacuation of the plane must be accomplished in a maximum of 90 seconds, as required by law for the safety of all passengers.

Aware that the FAA for whatever reason never took action on that order, Congress has now told the FAA to get in gear and if necessary order redesigned aircraft seats to ensure 90 second egress where aircraft did not already meet the federal requirement.

This is why you have seen reports published recently under which the FAA is finally looking into improving aircraft seating so that passengers can in fact evacuate commercial jets within the 90 second requirement.

Chances are that airlines selling tickets on densely seated aircraft will have to take action within a certain timeframe to make those aircraft meet the requirement. Spirit Airlines comes to mind — but if Spirit's merger with JetBlue comes to fruition in another year or two, JetBlue would be reconfiguring seating density in the entire Spirit fleet anyway to meet current JetBlue standards, which we expect already meet federal requirements.

We will continue to watch progress on this requirement and on any necessary fleet reconfigurations going forward.

33. Still Time for an Unexpected Trip to SXM This Month, As Summer Wanes (And So Does Traffic)

There are three more weeks left in August during which you may want to sneak away for a few days or perhaps even a week in SXM.

As August lumbers on, fewer people usually come to SXM since they're preparing for the return to work after Labor Day. Yet the weather in SXM usually remains fine throughout most of August, though tropical activity tends to be on the uptick later during the month. All restaurants tend to remain open in August (unlike September — see the article on that above) and they would welcome your business, as of course would hotels and timeshares across the island and all the jewelry stores downtown, also open but with hours reduced. You might also bump into some reduced airfares toward the latter half of the month, since airlines want to make sure the airplanes headed to the tropics remain full or nearly so.

34. Expect Beach Shorelines to Keep on Changing

In nature, over time, the only constant seems to be change. Thanks to raging wildfires, widespread droughts, increased outbreaks of severe weather, and rising seas around the world, the contribution of global climate change now appears unmistakable — with enormous consumption of fossil fuels likely to blame. We're not going to predict here what governments may do to try to interrupt climate change, beyond President Biden's bill, but *there is absolute certainty that rising seas over the long term could be lethal to SXM if their effects are not contained.*

Even if climate change were not underway, the shorelines of the island and all other islands of the Caribbean change over time. Orient beach, for example, had seriously eroded before the arrival of hurricane Irma. Although that hurricane destroyed most structures adjacent to Orient beach, it also brought many tons of additional sand to the beach, widening its size to an extent that virtually no one could have predicted. But Mother Nature is fickle, and in recent months the size of Orient beach (particularly near the southern section which is the busiest part of the beach) appears to have diminished a bit. The beach certainly has not disappeared, but it does appear to be shrinking visibly.

35. Restaurant of the Week: Resumes Next Week

Here are recently featured SXM restaurants:

Astra Steak & Seafood (featured 7/25/22) is the newest creation of the organization that also operates Avantika and Movida in the same area of Simpson Bay. It's new, gorgeous, constantly evolving, and has highest-quality written all over it. We go often and love it. See <https://www.astrasxm.com/>

Izi Ristorante Italiano, www.izisxm.com (featured 7/11/22). Open for dinner starting at 5pm except Mon., when they're closed. Fantastic food from one of SXM's very best restaurants. Fun atmosphere, too.

Bold Buddha Bar/Restaurant, 49 Front Street at Horizon View Hotel, Philipsburg (featured 7/5/22) Cool new place with seasoned service, very good tapas / Caribbean / Asian and other food, a superb location, and a perfect concept. Highly recommended; something new and different. Ideal place to cool off with a delicious drink and make your taste buds happy.

37. What Are the Best Sources of Accommodations Rentals?

We offer hundreds of timeshare condominium rentals directly from timeshare owners in the listings on our main site, www.everythingSXM.com. There, you're not buying from strangers you're buying from other people who love St. Maarten as much as you do. We've been doing this since 1992 and we know that it's the way thousands of people have rented weeks successfully over the last 30 years. Give it a try. More information about Condominiums is in Section 2, above.

38. Enormous Library of SXM Information is On The Web

Regardless of what kind of SXM information you need, our sites deliver it.

Here are three examples:

a) our **SXM Weekly News PDF archives** include every edition of SXM Weekly News since 2014    now approaching 9 years of editions and hundreds of thousands of words of SXM information. Our PDF archives are searchable by keywords to make it easy for you to find whatever information you seek quickly and easily on your computer. (A link to the Archives is in every edition of *SXM Weekly News*.)

b) our [Everything SXM Facebook Group](#) is a repository for an enormous amount of SXM information posted during it's more than 10 years of existence. You can search all posts ever allowed, for any SXM topic    and you will find hundreds of posts on virtually any specific topic. If you don't find what you're looking for, you can always post a question on that site that will tap the brains of nearly 33,000 members    not counting their friends and spouses. The vast majority of our members are tourists who have spent years visiting SXM and who have a wealth of information available.

c) we have a **Files** area in our [Everything SXM Facebook Group](#) with another enormous reservoir/library of island information. Our files are also searchable directly from our everything SXM Facebook group. They are also frequently updated by our admins and moderators, particularly Contessa Aiello who has written most of them.

39. Flying This Summer? Here's Something Else You Should Know

If you are traveling anywhere this summer, there is a way you can inject tremendous peace of mind into your travels  /strong>

For the first three months of any new SkyMed annual or multiyear membership, SkyMed excludes coverage of pre-existing conditions; after three months, those conditions are covered in full. So...to AVOID ANY IMPACT on your travel plans this Summer or Fall, buy your new SkyMed annual or multiyear membership NOW, at least three months ahead of your planned Summer/Fall travel -- then the 90-day exclusion period for preexisting conditions will end before you travel...

Why get annual or multiyear memberships? SHORT-TERM family memberships (for a week or two) are \$15/day, while guaranteed renewable for life, price guaranteed for life annual and multiyear memberships are only about \$1.64/day -- less than a decent cup of coffee. Call me at 508-591-3483 or jeff.berger@skymed.com for answers to questions or to sign up by phone.

Available exclusively to Americans and Canadians. SkyMed TAKES YOU HOME(R) when you become seriously ill or injured while traveling in the USA, Canada, Mexico, Bermuda, the Bahamas, and all the nations of the Caribbean. Global protection is also available through GETS, Global Emergency Travel Services, part of the SkyMed group.

40. Getting Answers to All Your Questions About SXM

Regardless of what questions you have about SXM, you can find the answers to any questions either in the files area of our [Everything SXM Facebook Group](#) (where we post our current Guide to Entry Requirements) that answers many questions) or you can simply post a question on our site.

We have over 32,000 members, more than other active SXM Facebook sites combined. Our site is also a unique news and information portal, not typical social media where people post pictures of smiling cats, monkeys standing on their heads, and other pointless items. Our SXM site is strictly SXM focused with no drivel. Join it today at www.facebook.com/groups/mySXM.
